**Subject:** WAILUKU CIVIC CENTER

Dear EDG Committee members,

The email below is an example of why I, as a longtime Wailuku property owner and small business owner, support the Wailuku Civic Center project. The project has been discussed since Linda Lingle's first term as Maui mayor in 1991. There are a number of properties in Wailuku that are in dire need of improvement but owners and tenants have held off doing so due to the County's lack of commitment to proceed with the project. The current humbug regarding the project reminds me of the saying "perfect is the enemy of good". Wailuku has deteriorated for the past 30 years while prior councils and administrations have dithered.

I fully support the project and hope that you will too.

Best regards,

Everett

**Subject:** Parking needs

Hi MeiLee,

How are you? We are looking at a possible administration office space near your Dowling Co. building. The biggest challenge is the need for 4 parking spaces and from what we have been told street parking on Main Street is not allowed. Do you have any suggestions or know of any nearby lot that would be a possibility?

The office space is located at 1991 Main Street and my hope is that 4 of our 7 administrative team members will be moving there. I heard it is an older building, but it fits our budget and my team members like it.

Thank you and have a great rest of the week,

Kelly
