Subject: CC 13-207

Dear Land Use Committee,

I would like to go record as being in opposition of CC 13-207. I do not feel that ANY residential property should be allowed to be used for short term vacation rentals. In NO WAY should things like Air BNB be allowed to happen when it is virtually impossible for local residents to find affordable housing.

I would also like to express opposition to ANY agricultural land being re-zoned for other uses. The exception being mixed solar/agriculture/ranching.

Mahalo you for your consideration. Please do not let Maui go the way of Oahu.
