**Subject:** Makila Farms Agenda item AH-1 (3)

Dear Committee,

My husband and I have been Westside residents for 20 years. I work at Marriott's Maui Ocean Club and have for 17 years, I also coach soccer for AYSO and am currently on the Board of Directors. My husband is now a stay at home dad due to health issues but he ran a restaurant Compadres for over 10 years. We have two daughters 10 and 12. We currently rent and live in Puamana Nui in an old 3 bedroom house. We would love to see Makila Farms have an opportunity to be developed and a new affordable place for families to live.

We love the location of Makila Farms and are excited about the lot size of 2 acres. It will give families like ours a place to grow and still be close to Lahaina and the schools the girls go to. I believe if this will be developed that it would give families on the westside a chance to own something of their own without having to move to the otherside. I also believe having a neighborhood with streets and large yards

I strongly urge you to please consider approving this development.

Thank you,

Ashlan and Steve Austin  
Daisy Rain and Lyric
