Subject:

Aloha- Please don't divert the Haiku streams! Already there are issues (where I'm living diversion has caused a dry stream, creating a wild boar problem destroying mine & my neighbors home gardens, for example). Already development has compromised the environment in so many places on Maui & it[s built into our state constitution to protect the 'Aina. Pushing through more water diversion without a public hearing is unconscionable!

Mahalo for your consideration around this, and I hope that you will do what's Pono with care & stewardship of our island's resources.

Deborah Eudene
