COUNTY COUNCIL
COUNTY OF MAUI
200 S. HIGH STREET
WAILUKU, MAUI, HAWAII 96793
www.MauiCounty.us

April 10, 2022

Mr. David Underwood, Director
Department of Personnel Services
County of Maui
Wailuku, Hawaii 96793

Dear Mr. Underwood:

SUBJECT: FISCAL YEAR ("FY") 2023 BUDGET (PS-1) (BFED-1)

May I please request you be prepared to answer the following questions at the BFED Committee meeting held via BlueJeans on **April 11, 2022**.^{*} This will enable the Committee to comprehensively review the FY 2023 Budget. Please also submit your answers to bfed.committee@mauicounty.us by the end of the day on **April 12, 2022**. ^{*}*Date subject to change without notice.*

Overall

1. Has the Department reviewed all 157 proposed expansion positions for FY 2023? From your experience, is it realistic that you will be able to assist all the departments in getting a majority of these positions filled within the first four months of FY 2023? (Pages 40-42, Program Budget) For example, there are at least 42 proposed expansion positions within Public Works that have allocated 8 months of funding. Do you anticipate that it is possible to fill all of these positions within that time frame? (Pages 18-8, 18-18, 18-19, 18-43, 18-52, 18-54, and 18-55, Budget Details) (TP)
2. Out of all the Countywide expansion positions that were proposed and approved for FY 2022, how many were filled? How many of those positions were hired within their proposed timelines? For example, out of the positions that received 8 months funding, what percentage of those positions were filled within the first 4 months of the fiscal year? (TP)

3. Please explain how historical information changes from budget to budget. For example, in the Equivalent Personnel Summary by Position Title, the FY 2022 budget lists two Human Resource Specialist I positions under FY 2021 adopted, but in the FY 2023 budget there is no Human Resource Specialist I position listed at all. (Page 488, FY 2022 Program Budget; Page 486, Program Budget) (TP)

Salaries and Wages (Category "A")

1. How many vacant positions currently exist in your Department? (KTK)
2. What will you do to attract and retain high quality candidates for the vacant positions and the proposed expansion positions? (Page 14-4, Budget Details, Index Code 908012A, Sub-Object Code 5101; Page 487, Program Budget) (KTK)
3. While considering the Department's workforce needs, were there any additional positions in consideration for your budget request? If so, what were the titles of those positions, their job descriptions, and potential cost? (Page 14-4, Budget Details, Index Code 908012A; Page 480, Program Budget) (KRF)
4. The Department is proposing two Human Resources Specialist Trainee expansion positions. Please provide the following information: (Pages 480 & 487, Program Budget; 14-4, Budget Details, Index Code 908012A)
 - a. What circumstances necessitate the proposed positions and what additional work will the Department be able to achieve with these new positions? (KTK) (TK)
 - b. Are the currently proposed positions sufficient to meet the anticipated needs and increased workload of the Department, including recruiting and processing the proposed expansion positions included in the FY 2023 Budget? (KRF) (SS)
5. The Program Budget has two rows of Human Resource Specialist II positions. Please describe the distinction, if any, between the two rows. (Page 486, Program Budget) (TP)

Operations and Equipment (Categories "B" and "C")

1. In the adopted FY 2022 budget, \$263,760 was appropriated for professional services. What services were obtained and did those services assist the Department in recruiting candidates for the County departments the Personnel Department serves? (Page 14-6, Budget Details, Index Code 908013B, Sub-Object Code 6132) (TK)
2. The FY 2023 Budget includes an expansion request of \$150,000 for a one-time appropriation to engage a marketing firm for marketing and branding to assist with recruiting. Please provide the following information: (Page 14-6, Budget Details, Index Code 908013B, Sub-Object Code 6132; Page 487, Program Budget)
 - a. With greater detail, can the Department please explain its strategic rationale for contracting a marketing firm in lieu of hiring in-house staff to manage recruitment? (KRF)
 - b. What does the Department hope to achieve with this additional funding that was not accomplished with the funding appropriated in FY 2022? (TK)
 - c. Other Departments have also proposed line items for recruitment and marketing. Will this marketing effort only target specific departments or specific positions? (MM) (TP)
 - d. What marketing firm will be used for these services and what advantages would they provide to the County? (MM)
 - e. Key Activity Goal 1.2 anticipates a reduction in the number of applications received. If this one-time recruitment effort is successful, will the Department be able to process the influx of applications considering staff wages are only increasing 0.6%? (MM)
 - f. If a marketing firm is hired, what baseline metrics would constitute a successful effort to the Department? (KRF)
3. The Department is requesting \$105,000 to reconfigure office space to accommodate expansion positions from FY 2021 and FY 2023.

Mr. David Underwood
April 10, 2022
Page 4

Please provide the following information: (Page 14-8, Budget Details, Index Code 908012C, Sub-Object Code 7042; Page 487, Program Budget)

- a. With greater detail, can the Department describe how it intends to use the requested funds to reconfigure its office space? (KRF)
- b. Why do the office modifications for 4 expansion positions cost \$105,000? (TP)

Thank you for your attention to this request. Should you have any questions, please contact me or the Committee staff (Lesley Milner at ext. 7886, Jerry Paredes at ext. 7140, or Yvette Bouthillier at ext. 7758).

Sincerely,

KEANI N.W. RAWLINS-FERNANDEZ, Chair
Budget, Finance, and Economic
Development Committee

Subject: (PS-1) PLEASE READ attached letter re: FISCAL YEAR ("FY") 2023 BUDGET (BFED 1)
(PS-1)
Attachments: (PS-1) 220409aps01.pdf

Mr. Underwood: Please refer to the attached letter from the Budget, Finance, and Economic Development (BFED) Committee Chair, dated April 10, 2022.

Mayor's Office (attention: Michelle Santos and Zeke Kalua): Please forward the attached letter to Mayor Victorino.

Ms. Yoshimura: FYI

Thank you,
Yvette Bouthillier, Secretary
BFED Committee

the County (e.g., clerk, laborer, park caretaker, etc.), the eight-month funding for new positions is a reasonable estimate. This fiscal year to date, for example, the median time to create a new position is 16 days, and the average time to fill a vacancy is 106 days, so four months is a reasonable estimate for that process. Given the current labor market, however, positions that require specialized experience or that are in short supply in the local labor market (e.g., engineers, IT positions, planners, etc.) may take longer simply due to the dearth of qualified applicants.

For civil-service positions in functions or jobs that are new to the County (e.g., agriculture-related jobs, specialized tax information/accounting/auditing jobs, forensic services, specialized transportation-related jobs, etc.), additional state-wide coordination and approvals are necessary, which will likely extend the process by one or two months.

If the position involves an addition or change of supervisory relationships, a proposed reorganization plan must be approved by the Department of Management. In addition, if new position involves or results in a significant change in hours, operations, work location, or other conditions of work, consultation with the appropriate union(s) would be required. It is difficult to estimate the amount of delay that these processes would introduce, as it will vary widely depending on the nature and extent of the changes.

2. Out of all the Countywide expansion positions that were proposed and approved for FY 2022, how many were filled? How many of those positions were hired within their proposed timelines? For example, out of the positions that received 8 months funding, what percentage of those positions were filled within the first 4 months of the fiscal year? (TP)

We are unable to provide a comprehensive answer in the time frame requested, as we do not normally reconcile the proposed vs actual position. However, we would note that of the positions created within the current fiscal year, approximately one-third were created and filled within a four-month period.

3. Please explain how historical information changes from budget to budget. For example, in the Equivalent Personnel Summary by Position Title, the FY 2022 budget lists two Human Resource Specialist I positions under FY 2021 adopted, but in the FY 2023 budget there is no Human Resource Specialist I position listed at all. (Page 488, FY 2022 Program Budget; Page 486, Program Budget) (TP)

The bulk of the department's services are delivered by positions in the Human Resources Specialist series. The journey/full range levels in this series are the Human Resources Specialist IV and Human Resources Specialist V classes. While positions at this level are ultimately what the department needs, hiring staff at this level is very difficult as it requires considerable experience in public-sector human resources to be successful. For this reason, we tend to hire at a trainee or advanced trainee level (Human Resources Specialist Trainee and Human Resources Specialist I, respectively) and provide appropriate training. As incumbents gain experience and skills, they are assigned higher-level duties and reallocated accordingly.

Salaries and Wages (Category "A")

1. How many vacant positions currently exist in your Department? (KTK)

The department currently has one vacant Human Resource Specialist Trainee position.

2. What will you do to attract and retain high quality candidates for the vacant positions and the proposed expansion positions? (Page 14-4, Budget Details, Index Code 908012A, Sub-Object Code 5101; Page 487, Program Budget) (KTK)

The department goes to great lengths to ensure a supportive, engaging workplace in order to attract and retain staff. To this end, the department continues to offer part-time telework and alternative/flexible work schedules, has implemented innovative internal performance management and employee recognition programs, offers continuous professional development opportunities to staff, and is constantly working to optimize our internal communications.

3. While considering the Department's workforce needs, were there any additional positions in consideration for your budget request? If so, what were the titles of those positions, their job descriptions, and potential cost? (Page 14-4, Budget Details, Index Code 908012A; Page 480, Program Budget) (KRF)

The department's request was just for the two additional Human Resources Specialist Trainee positions included in the budget. While we firmly believe that the department needs much larger increase in staffing to successfully meet the day-to-day and strategic expectations of the County, we are limited in both space for additional staff and in the rate with which we can successfully absorb, onboard and train new staff.

4. The Department is proposing two Human Resources Specialist Trainee expansion positions. Please provide the following information: (Pages 480 & 487, Program Budget; 14-4, Budget Details, Index Code 908012A)
 - a. What circumstances necessitate the proposed positions and what additional work will the Department be able to achieve with these new positions? (KTK) (TK)

The department continues to be very lightly resourced for an organization of this size. By most metrics (FTE per 100 employees, HR budget as a ratio of operating budget, HR budget per FTE, etc.) the department is less than half the typical size of HR departments nationally. This impacts our ability to not only meet the day-to-day operational demands of County departments, it significantly impairs our ability to react to new situations as they come up, to proactively anticipate new issues and challenges, and to identify and pursue strategic initiatives to better address the County's workforce needs.

- b. Are the currently proposed positions sufficient to meet the anticipated needs and increased workload of the Department, including recruiting and processing the proposed expansion positions included in the FY 2023 Budget? (KRF) (SS)

As noted above, the department remains much smaller than average, and this will be true even after the addition of the two expansion positions. The request for two expansion positions is based primarily on the department's current physical space limitations.

5. The Program Budget has two rows of Human Resource Specialist II positions. Please describe the distinction, if any, between the two rows. (Page 486, Program Budget) (TP)

The Human Resources Specialist Trainee positions are generalist positions. Both positions are assigned similar types of work, but in support of different areas (e.g., they will support different departments, collective bargaining units, etc.)

Operations and Equipment (Categories “B” and “C”)

1. In the adopted FY 2022 budget, \$263,760 was appropriated for professional services. What services were obtained and did those services assist the Department in recruiting candidates for the County departments the Personnel Department serves? (Page 14-6, Budget Details, Index Code 908013B, Sub-Object Code 6132) (TK)

Our professional services spend normally consists of dedicated costs for employee training, drug testing, and the Employee Assistance Program, and is not typically used in direct support of the recruiting function. However, in the current fiscal year, due to the pandemic and resulting lack of in-person training, we were able to redirect some of this funding to meet the current recruiting challenges, including funding for online testing and procurement of an event platform to allow the County to host its own online job fairs.

2. The FY 2023 Budget includes an expansion request of \$150,000 for a one-time appropriation to engage a marketing firm for marketing and branding to assist with recruiting. Please provide the following information: (Page 14-6, Budget Details, Index Code 908013B, Sub-Object Code 6132; Page 487, Program Budget)
 - a. With greater detail, can the Department please explain its strategic rationale for contracting a marketing firm in lieu of hiring in-house staff to manage recruitment? (KRF)

The intent is to contract with a marketing firm to create a marketing strategy to brand and promote the County of Maui as a premier employer. The County is often unable to compete on entry salary, but there are many less-tangible aspects of County employment that provide significant value. The goal of this project would be to produce deliverables to assist us in communicating the value proposition of County employment, including an overall marketing strategy, branding assets and career page redesign, employee testimonials, impact stories of the effect that county employees have on their community, “day-in-the-life” stories to showcase our many jobs, radio spots, printed advertisements, social media campaigns, etc. We do not have in-house staff with experience and expertise in producing such deliverables.

- b. What does the Department hope to achieve with this additional funding that was not accomplished with the funding appropriated in FY 2022? (TK)

Please see the answer to the previous question for specific details. The ultimate goal would be to drive interest in County employment, and increase the number and quality of applicants for County positions.

- c. Other Departments have also proposed line items for recruitment and marketing. Will this marketing effort only target specific departments or specific positions? (MM) (TP)

Our proposed request is for the overall County of Maui as an employer. The requested funds are not specifically earmarked a particular department or specific positions.

- d. What marketing firm will be used for these services and what advantages would they provide to the County? (MM)

The contract for marketing services will be subject to procurement via the request for proposal process, so we will not know what firm will be used until the conclusion of that process.

- e. Key Activity Goal 1.2 anticipates a reduction in the number of applications received. If this one-time recruitment effort is successful, will the Department be able to process the influx of applications considering staff wages are only increasing 0.6%? (MM)

Yes, we will process all applications received.

- f. If a marketing firm is hired, what baseline metrics would constitute a successful effort to the Department? (KRF)

The intermediate goals would be the production of the marketing deliverables outlined previously. The ultimate measure of success, of course, would be an increased number of applicants for County positions.

3. The Department is requesting \$105,000 to reconfigure office space to accommodate expansion positions from FY 2021 and FY 2023. Please provide the following information: (Page 14-8, Budget Details, Index Code 908012C, Sub-Object Code 7042; Page 487, Program Budget)
- a. With greater detail, can the Department describe how it intends to use the requested funds to reconfigure its office space? (KRF)

At the time the department was granted two expansion positions in FY21, we were given assurances that additional office space would be made available to our department to accommodate them. Unfortunately, that did not come to pass. We are currently accommodating staff as best we can, but some are working in workspaces that are not appropriate for their role. Reconfiguring the existing space, desks, and filing systems will enable us to provide appropriate workspaces to all staff.

- b. Why do the office modifications for 4 expansion positions cost \$105,000? (TP)

The \$105,000 figure was an estimate provided by a professional space planner given our requirements. The actual cost will of course vary, as the project will have to be put out to competitive bid.

In addition to the written questions received in the subject communication, we would also note the following requests were received during the department's appearance before the Committee on April 11:

- 1) A report of vacant positions in the County.

A listing of the current vacancies is attached. Due to the quick turnaround time of this request, we were unable to annotate it with explanatory comments or expanded information regarding recruiting efforts, or to filter out positions that are not budgeted, have no associated equivalent personnel (EP), or are otherwise unavailable to fill, but we hope the committee will still find the information useful.

- 2) A status of the creation of the Land Management Administrator position.

To date, no request to create this position has been received by our office.

I hope this addresses your request. If you have any questions, please feel free to contact me at extension 7850.

Sincerely,

DAVID UNDERWOOD
Director of Personnel Services
