96708	Ha‘ikū	Climate adaptation, innovation. Even rural parts of Japan have great train and bus systems so you don’t need a car. Maui is so car-dependent. It would be great, for example, if everybody didn’t have to take their individual cars up to the farmer’s market. Perhaps there could be more bus stops and more frequent routes. I’m really concerned about the future of our water resources, especially considering how infrequently it rained this winter, and how low stream flow is. I think investing in sustainability could be good for our economy, especially if we make it part of our “brand.” As for affordable housing, we should build up, rather than create more sprawl. People need small apartments as starter homes. As someone who lives in a 200 sq ft tiny home on an ag lot, I can tell you this could also alleviate the affordable housing crisis. We have limited resources so it would be great to see the county prioritize developments with at least 50% affordable, like the one I read about in Puunene.
96708	Ha‘ikū	Use Big Island Refuse program as a example to elivate trash on roadsides and provide citizens with better services
96708	Ha‘ikū	We need to find other sources of income other than depending on tourist dollars. Over tourism destroys the aina. Basically stop being dependent on tourist dollars.
96708	Ha‘ikū	
96708	Ha‘ikū	Protecting Lahaina town from resort development. Taxation for remote employment from the mainland. Limiting vacation rentals in condos for individuals and corps that own more than two properties/ dwellings through a 45% tax.
96708	Ha‘ikū	
96708	Ha‘ikū	Rentals, we need rentals
96708	Ha‘ikū	Housing affordability is an incredibly important priority for Mahi county, however it is foolhardy to try and solve the issue in the way that has been traditionally used, by throwing public resources at it. No amount of public funds will beat out the prevailing market incentives. Bold, strong, and intelligent regulation and policy is the way to harness the market and disincentivize the continued development of luxury development at the cost of local citizens. It needs to become unaffordable, or at least extremely painful for housing and land to be used as a wealth storage mechanism.
96708	Ha‘ikū	
96708	Ha‘ikū	Tiny homes and eco farms everywhere
96708	Ha‘ikū	
96708	Ha‘ikū	I worry how my answers will be interpreted or used to justify decisions that are made against local interests. For example, investing in water resources - for whom? Yes for workforce housing and small business farms, but not to support more luxury condos or subsidize Monsanto & Mahi Pono’s operations.
96708	Ha‘ikū	More money needs to be spent on the homeless and mental illness
96708	Ha‘ikū	There needs to be greater effort to push small scale local farmers and growers
96708	Ha‘ikū	Please amend the property tax rates so that non-owner occupied, non-residents who use our limited housing as investments at a significantly higher rate! Especially those who have multiple properties: perhaps after one.
96708	Ha‘ikū	While these are all important topics, I am disappointed not to see Promoting Small Farms and Food Security in the list. With shipping getting more expensive, local grown will be more important than ever. It does fit in well with Econ Dev as it is mostly small businesses, from the farmers to the markets to processing and products. An area ripe for growth.
96708	Ha‘ikū	
96708	Ha‘ikū	There is a so-called consent decree restricting sourcing water in Haiku. Please re-visit this. With access to water being so limited for so long, it is impossible to address the housing shortage and natural development for the island's residents. The country needs to prioritize developing more sources of water, and it makes no sense to eliminate sourcing it from the wettest place on the island. That consent decree is holding all island residents hostage to the water shortage. Its time to acknowledge the water needs of residents - there wouldn't be an upcountry water meter waiting list - residents have been saying for YEARS that they need more water. . . obviously the control and distribution of water is necessary; but dont forget the water belongs to everyone and it should be found, developed and made available to the people. Please make big changes to the water policies, a top priority. Mahalo for the opportunity to comment.
96708	Ha‘ikū	ALOHA: TIERED PROPERTY TAXES; lower for low income residents; RAISE on 2nd, 3rd, 4th & more expensive properties; a pickleball & tennis court @ 4th marine park Ha'iku; open county parks at nite; take down gates; keep bathrooms opened 24/7; encourage police to ARREST thieves, burglars, & other criminals; provide safe spaces for houseless, unsheltered residents; rename one section of Pi'ilani Hwy to "Mokulele"; fund Pa'ia Relief/By-pass road; expand Maui Bus & hourly routes!
96708	Ha‘ikū	
96708	Ha‘ikū	Homelessness
96708	Ha‘ikū	Please have truly affordable housing available to local residents. The workforce housing is out of reach for many residents. Please put a covered playground in Haiku or close by. Please put safe walking trails in Haiku.

96708	Ha‘ikū	We need more housing desperately. we need more rentals. Audits are important at some point. Oen sapce is very important. need more parks. keep Maui local. Public safety is important. burglaries and care thefts are out of control. Expand hybrid buses. need for low income youth and kupuna. Build reservoirs, water is life. Wtaer is VERY IMPORTANT. build material reclamation sites. Curbside recycling.
96708	Ha‘ikū	
96708	Ha‘ikū	we must continue to focus on preservation of open sapces, cultural and arts programming and the preservation of Hawaiian culture and tradition. recycle need access to safe out door environments for menta/physical/cultural health. we also need to flocus on support for our local families and stay in Hawaii. AFFORDABLE

We are being overrun with mentally ill criminals and it affects our fire safety, community gathering, safety, use of public spaces, businesses, water quality, and environmental quality. If you welome them they will keep coming in droves from across the country, as they do. The only people who do not care about this issue or think it should not be eradicated are rich people who can afford not to be around homeless mentally ill people who threaten locals daily.

96753	Kihei	The County's budget has ballooned since the 'record setting' \$1 billion budget in 2022 but we haven't seen much improvement in County infrastructure. Let's fix our infrastructure. Please audit the departments and cut the waste. Pay qualified County employees wages that will retain them and help fill positions. We are heavily dependant on the visitor industry on Maui, and visitor numbers just keep dropping. Fix the PR for Maui. It affects so many small businesses on Maui.

96753	Kihei	Support tourism isn’t even on the list but our major employers are tourism based! Take tourism generated dollars out of the tax base and how will the county fund even basic services! Look at Molokai—no economic base, no tourism but Maui taxpayers pay for all their services! Not fair.
96753	Kihei	Houseless and mentally ill citizens sleeping on cots by the road. Too many. Plus too many wild chickens and he s. Its way out of control and frogs upcountry.

96753	Kihei	The rental costs of STR’s has skyrocketed duo to very high property taxes, insurance premiums and tourist taxes. Maui is quickly becoming too expensive for Canadian tourists when you add in the high exchange rate and now the US trade war. In February 100,000 fewer Canadians came to Hawaii and this is only going to increase is Maui continues on it’s current path of increasing taxes on STR’s and tourists. Air can be said that Maui is slowly killing the Golden Goose, or Canadian Goose!
96753	Kihei	Finding a place for homeless so they are not on neighborhood roads.
96753	Kihei	Please stop vacation rentals in residential areas
96753	Kihei	Maui public infrastructure is pitiful compared to other comparable places to live and visit.
96753	Kihei	Please improve water collection and distribution systems
96753	Kihei	
96753	Kihei	Maui County needs to fix the permitting process for construction and renovation projects. We have reputable businesses waiting years for permits and this is embarrassing, ridiculous and costing the county millions in missed tax revenue. Homelessness, homeless encampments and abandoned vehicles must also be prioritized.
96753	Kihei	The permit system needs to be addressed. It is failing Maui County. There are restaurants wanting to open that will provide much needed revenue to the county and nothing gets done. The Merriman’s project at the Mana Kai has been going on for years. It would provide jobs and revenue for maui residents.
96753	Kihei	
96753	Kihei	In certain coastal areas, many tourists tend to forget items and leave them there for a while. One idea is to provide cleaning supplies, such as more trash and recycling bins, in areas frequented by people.
96753	Kihei	South Maui desperately needs improvement in infrastructure. Pi’ilani highway needs to be widened. Liloa needs to connect north & south. We NEED an evacuation plan including a road directly to Kula
96753	Kihei	Water and infrastructure should be prioritized. STR should be minimized to creat more housing for locals. No more building before we take care of these things.
96753	Kihei	We are behind in infrastructure support for th rapid growth of housing development. Need adequate) water (potable), roads , for the increased traffic, and road egress for safety in case of disasters.
96753	Kihei	Make Maui more attractive for visitors. Maui is getting run down and very grubby. Starting to look like Mexico. Need more clean washrooms. Remove old cars. Homeless people off the streets and away from the tourists. Have been coming here since 1976 (49 years) and thinking I don’t like it anymore. What a same.
96753	Kihei	
96753	Kihei	Expand the Piilani as it goes to Wailea. Traffic is already bad and the additional proposed homes and condos (Wailea 670) will make it worse. Put in another road out of Kihei in case of emergenc, such as Lipoa going to Upcountry).

96753	Kihei	Without proper/accurate assessment of available natural water resources there should be zero approval given for new development. And we need for police officers - officers who are willing to arrest those (locals) who are stealing vehicles. It's silly that the officers won't arrest them and stop the cycle of vehicle theft. Also - dumping needs to be free for residents so the locals stop dumping their used appliances and vehicles on the side of the roads. Thank you for reading this.

96790	Kula	My wish would be to see the county government make more forward-thinking investments rather than always getting caught on its heels and being forced to be reactive. Rather than having to fix bridges and roads that wash out every year in Kona lows, invest in the improvements that address runoff and drainage. Same for climate resiliency issues and wast management--we have to be smarter and more prepared. My last request is investing in more and safer walkable communities and greenway paths for bike commuters and pedestrians. The whole island is built around cars, and frankly Maui driversr are horribly aggressive when it comes to sharing the road. Less cars on the road is a good thing! We should be promoting bike commuting and the healthy, life-improving experience of being able to walk our dogs, strollers, and getting our kids out on their bikes.

96790	Kula	Ensure upcountry doesn't run out of water. Fix the broken permitting process. My neighbor's ohana burned down in spring 2023 and they still don't have a permit to rebuild. They had to convert to septic, which they did, and they STILL don't have a permit. Emergency preparedness. Exemptions or funding for conversions to septic. Fix the aging water system infrastructure. Affordable housing/rentals. Please strictly enforce existing vacation rental rules before putting more resources into phasing out short-term rentals. Phasing out or changing condos from short-term to long-term will be expensive and take years to come into being. But we could better enforce current rules now.
96,790	Kula	Prioritze housing for health care workers and teachers. Regulate short term rentals.
96790	Kula	Need for more bus shelters in Kihei
96790	Kula	Our residents need affordable housing! Lack of affordable housing leads to all kinds of other problems, including crime.
96790 but grew up in Kahului before moving upcountry	Kula	I believe strongly in housing for Maui but we need to work on providing better infrastructure and water from our outrageous property taxes. It’s time we become proactive and stop relying on taxing the developers which only increases the cost of homes. I lived in Pukalani for decades and we have the least sub-division infrastructure like lighting and sidewalks and it’s very nicely rural. Keep my rural.

96768	Makawao	The county Must make Truly affordable housing a top priority
96768	Makawao	I think a priority is for the lower Eddie Tam Gym parking lot to be assessed for further upgrades. There is a few times that I have been in that parking lot when there is little league baseball and soccer. It is a problem because the parking lot aisle are not wide enough.

96768	Makawao	
96768	Makawao	We need to do something about catching more water and reducing the damage every time we have a heavy rain.
96768	Makawao	Do not close any public lands for recreation. We live on a ISland. If your not at a beach where we supposed to go with family? Our state public lands ..Makawao forest, Areas on way to Hana, upper Kula Anywhere that allows family to venture out who live here. etc
96768	Makawao	
96768	Makawao	All of these are high priority, HOWEVER, the method of and criteria of priority should be identified so that it would better determine on what basis priorities are set. Before approving any funding for new developments, infrastructure such as water and wastewater services should be upgraded and improved. In addition, rent control and additional taxes on second homes should be in place. Affordable housing developments should be truly affordable and no luxury home developments should be approved unless affordable housing requirements are included.

96768	Makawao	Affordable housing should targeted for those born and raised in Hawaii or have lived in Hawai‘i - Maui more than 10years with ties to Hawai‘i. Kupuna/elders should be included as a dependent if they are unable to care for themselves and rely on caregivers (ohana) to help them. Just as keiki need care and parents are given dependent credit.

96793	Wailuku	The MPD helicopter is such a waste. On top of the \$10 million, now another \$3.6 million per year for training. That's almost \$10,000 PER DAY. Each DAY! Do you not realize how many local families that could help with rent to survive here. And how many times was the helicoptere needed last year? ZERO. And why does MPD need a \$270,000 increase for investigations for the department's current complaints? RED FLAG. How many complaints do they have? They didn't need this money before with all past chiefs, why now?
