Subject: DEAD LILIES KEOKEA PARK

it's been 4 years. why are you still arguing against pesticides. What's in it for you & your children & families?
Longer life?

Do your children PLAY at Keokea Park? Do you walk your dogs there? Are you aware of the deadly poisons the County uses on the beautiful lilies there? Poisons that might cause death to dogs & illness to children and terminating all lilies because of my complaints about poisoning. On Sept 1, I complained to Donna Caires' poisoning a few feet from the slide causing dead lilies. Next the entire patch were poisoned again; retaliation for the complaint? For 2 years I have watched the lilies, fed them to help them recuperate from the poisonings. They were doing well. Now Look at them! Please let the County know your stance on the use of poisons at parks & post "No Spray" signs. When Trojan aka Monsanto first brought Roundup to Maui, the directions were to "NOT SPRAY" because of drift. sylviacabral@yahoo.com
