Dr. Michael Dega, Principal Investigator
Scientific Consulting Services, Inc.
1347 Kapiolani Blvd., Suite 408
Honolulu, HI 96814

Dear Dr. Dega:

SUBJECT: TRAFFIC SAFETY AND ENVIRONMENTAL CONCERNS RESULTING FROM DEVELOPMENT IN MAKENA (IEM-80)

The Infrastructure and Environmental Management Committee is in receipt of County Communication 18-225 relating to traffic safety and environmental concerns resulting from development in Makena. The Committee first discussed this item at its meeting of August 20, 2018. The Committee intends to further discuss this item at its meeting of Tuesday, November 20, 2018 at 1:30 p.m., in the Council Chamber on the 8th floor of the Kalana O Maui Building, 200 S. High Street, Wailuku.

At the Committee's meeting of August 20, 2018, community members voiced concerns relating to development in the Mo`omuku ahupua`a of Makena, including lands identified for real property tax purposes as tax map keys (2) 2-1-005:024, (2) 2-1-005:026, (2) 2-1-005:129 through (2) 2-1-005:139, and surrounding parcels. Among other concerns, community members allege that questions relating to the archeological inventory survey for parcel (2) 2-1-005:135 have not been addressed, leading to a "stop work order" for active grading and building permits.

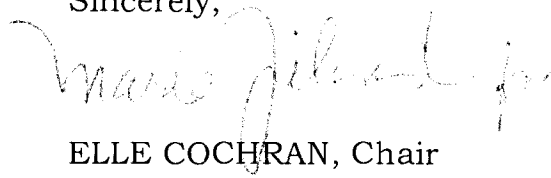

Given these outstanding questions, may I respectfully request that a representative from Scientific Consulting Services, Inc., attend the Committee's meeting on November 20, 2018, to participate in the discussion regarding cultural sites on the property.

Dr. Michael Dega
