Subject: EACP-1: INTEGRATED PEST AND ENVIRONMENTAL MANAGEMENT ON COUNTY PROPERTY

Aloha,

My name is Sunny Savage and I am in full support of EACP-1. Of course, I would like to see the changes happen at all locations prior to the 2 and 3-year exceptions, but am overjoyed by this well-written piece of legislation. The Commons are our most valuable spaces in society, and should be safe for all to enjoy without risk of harm. I urge you to vote yes, and believe current and future generations will thank you for your leadership.

Thank you, Sunny Savage
