Subject: Piiholo Road trees

Aloha,

I am a Maui resident that lives on Piiholo Road up in Olinda. I want to address the issue of falling Eucalyptus trees and let you know that there is tree that is leaning badly right before mile marker 3 at around mailbox 1570. I live at 1695 and have seen it lean further and further over the road in the past few weeks. It will fall very soon and I feel it's very important that the county gets up there and cuts this tree down before it falls !!! Someone could possibly get injured.

Attached is a photo I took of the tree...

You can contact me at 808-385-3957

Thank you !
