Subject: (PEA-2(19). Appointment of Carl Adolpho III to the Molokai Planning Commission

Good Morning,

I am writing this in SUPPORT of Carl Adolpho III's, appointment to the Planning Commission Board for Molokai.

Being that Carl (aka Manu) is a local born, I have known him almost all of my life, however, I have had the opportunity to work with him and along side him for the past 5 years. Manu brings a lot to the table, especially when it comes to our island. His love and passion for this island and community is evident in his actions. Manu will bring his best at everything he is involved in. He will be able to bring honesty, and integrity to our planning commission, which is what we need!

I am in support of Manu being appointed. Please take my testimony into consideration.

Thank you very much!

Piilani Augustiro
