

SECTION 2: POLICY FRAMEWORK

NOTE: Orange highlight indicates a section that has been changed from CPAC to MPC

PAGE	WHERE?	WHAT?		WHY?
		AMEND <i>Consistent between CPAC & MPC</i>	ADD <i>Not currently in Draft Plan</i>	
27	Intro	Move <i>Appendix B Policy Framework Methodology</i> to the beginning of the Section 2 Policy Framework introduction, above the "For Land Owners" paragraph.		Provides insight and context into this section of the Community Plan. The Appendix would serve as a more appropriate introduction to Section 2.
27	Intro	Move "Note on Policies" paragraph to the following page.		There is limited space on the page.
29	2.1	Flood and drainage facilities help to convey rainfall flows to reduce flood risk to the community <u>and sedimentation in the nearshore waters.</u>		Better encompasses goals of the policies included in Section 2.1
Various	2.1 2.2 2.3 2.4 2.5	Amend the header of each left page to reflect the goal of that specific section. For example, the header of pg.30 would say, "West Maui Community Plan Ready and Resilient Systems"		Allows readers to easily identify which goal the policies reflect
32	2.1.10	[Encourage public and private water purveyors to coordinate water development] <u>Require private and public water systems to develop in a manner facilitating potential interconnection or integrated management</u> in order to optimize pumpage, mitigate saltwater intrusion, prevent impacts to streams, and preserve regional resources.		Language taken from WUDP Strategy #35, Appendix 10. Create connections between various County documents.
