Subject: Front Street Apartments Rent Increase
Attachments: letter for front street apartments.pdf

To whom it may concern,

Good afternoon I would love to express my concern about the increase in rent that will be made in the near future of the Front Street Apartments under the term affordable housing program. Many of our families have lived in these apartments for many years and our children have grown up here. Many kids that grow up enjoy and feel safe around the environment like playgrounds, riding their bicycles, playing with other neighbors. Our families do not have the resources to pay rents so expensive. Housing shortages here in the west area of Maui make it very difficult to find a new place to live, and where rents are very expensive lately. We want to ask you for your help to continue living in this place as we have been so far.

Hoping we receive a positive response on your part, I hope to hear from you soon.

Sincerely,
Laura Morales & family
