### AGRICULTURE, DIVERSIFICATION, ENVIRONMENT, AND PUBLIC TRANSPORTATION COMMITTEE

Written testimony via email, [ADEPT.committee@mauicounty.us](mailto:ADEPT.committee@mauicounty.us)

**Written testimony in support** of Bill 100 (2024), A BILL FOR AN ORDINANCE AMENDING SECTION 19.30A.050, MAUI COUNTY CODE, RELATING TO COMPOSTING IN THE AGRICULTURAL DISTRICT.

Aloha Chair Johnson, Vice Chair Sinenci, and members of the ADEPT Committee,

Mahalo for the opportunity to share our thoughts about adding composting and co-composting as a principal use on Agriculture zoned land in Maui County (Bill 100 (2024)).

We the undersigned **support Bill 100 (2024)**, which allows for composting and co-composting operations as a principal use on Agricultural zoned lands in Maui County.

We need a composting facility that we can take our green waste to that will turn it into compost for our gardens where we grow food for our families or for our landscaping. This is an **efficient use of using “green waste” rubbish** so we don't have to take it to the landfill. On Lāna'i we have a compost facility and we are very grateful that there is a place that we can take our green waste rubbish and also buy compost.

We **shouldn't burden composting facilities with an extra step of acquiring an additional special use permit**, as the Planning Department is recommending.

- The Department of Health already regulates compost facilities, a solid waste management facility permit is already required.
- If there are concerns about the amount of acres used for composting/co-composting operations, an option would be to limit the size of the compost/co-compost facility, similar to solar energy facilities. Solar energy facilities are listed as a principal use in agricultural zoned land; however, limited to under 15 acres.

Composting facilities are an important part of our journey towards achieving food resilience in our community. **We respectfully ask that you pass Bill 100 (2024) without delay.**

Mahalo for allowing us to submit this petition in **support of Bill 100 (2024)**.
