Why are you interested in serving on this board?

I have lived in Keanae for more than 70 yrs. and experienced the life-style of our community. I have been a taro farmer as well as a watercress distributor for many years.  
Please respond to at least one of the following four prompts. If you are unable to respond to any of the following four prompts, you do not qualify for this board.

The East Maui Regional Community Board is concerned with the Nāhiku, Ke'anae, Honomanū, and Huelo license areas. Are you interested in representing any of these license areas? If so, please check the box next to the license area or areas you are interested in representing and describe why you are qualified to represent those areas.

☐ Nāhiku ☒ Ke'anae ☒ Honomanū ☐ Huelo

Keanae, very much familiar with Waikapu and Keanae vicinity. I also am very much interested in the Honomanu area regarding the farming of taro and other Hawaiian species.

If you expressed an interest in representing any of the license areas, please describe your experience and knowledge in water resource management and watershed restoration, both generally as well as in the selected area or areas.

I am very well verse with much knowledge of the Waikapu and Ohia Springs which my property is located on. I have worked with my dad who worked and retired with East Maui Irrigation of which I have learned of the many streams which supplies the taro patches of all the farmers in both Waikapu and Keanae.

Attached to this application is a map of the Upcountry Water System Service Area. Are you actively engaged in ranching, farming, aquaculture, or loko i'a in this area? If so, please provide a description of the operation and an explanation of your role in the operation. Please also describe your general experience and knowledge in water resource management.

I am not familiar with the upcountry water system, I have seen the ditches and tunnels in the mountains in East Maui which diverts all the water thru its system to upcountry. My Dad James K. they had been the manager for East Maui Irrigation for 40 yrs. had educated me at a young age regarding the water irrigation in our ahupua'a.

Referring to the same map of the Upcountry Water System Service Area, if you reside in this area, please describe your general experience and knowledge in water resource management.
