**Subject:** Front Street Apartments/Attn Sarah F Pajimola

My concern is about the changes that will occur on 08/2019 and the increase in rent with the change in management. I am an 81 year widow and have lived here for 12 years. I live below poverty level and would not be able to afford to live here any longer. I am very stressed. I have checked on public housing and there is a 3 to 5 year wait. I have mild cognitive disorder and many other health problems. I don't know what to do. Losing sleep just thinking about , will have a place to live. Thank you in advance for any help for my neighbors and myself.
