For: Ho'omana

From: Testifier: Victoria N. Kaluna-Palafox^{HP}

As a Cultural Practitioner of 15 years. I have participated in many of their students teachings. Students learn of our oli (pule) of our Keopuna's, it's meaning and purpose combined with Lomi-lomi, Teana Naluwai has learned a to utilize the Ko'o Ko'o (walking stick) that I have never seen used here on Maui.

Ho'omana also combines other ^{spiritual} resources, such as the Stars their surroundings which is utilized throughout.

I support Ho'omana continuance of growth, because they bring a combined effort of caring spiritually and physical well being. Also, their process of oils that are used are grown and processed there on property.

Are blends of La'au. Very healing. And to the community a blessing. Traditional Medicine.

To allow them to continue growth is a blessing for our community & it's future, as well as individuals that participate or utilize their services for Well Being Spiritually & Physically.
