

5/10/19

Property tax needs reining in.

We live in Maui County not Los Angeles or San Francisco! Limit new comers from moving here now. And property taxes will not tax home owners out of their home or properties. If you paid for your property then why are you paying taxes for it? Is this county extortion or what? Turn over all property to this idiot & incompetent county & let them pay for fumigation, painting, plumbing, electrical, etc & renovations.

I think a federal lawsuit filed in U.S. District Court on Oahu now & seize all of this county of Maui's financial records & see where all the taxpayers money is going now! We need disclosure of all financial records now! Its called financial disclosure & am waiting for the next election now! We need younger blood now. J. Ikaolu Kibei

Maui taxpayers need to file a federal lawsuit in U.S. District Court on Oahu against this idiot county council for rapidly rising property taxes now! And its time to limit people moving here now instead!

County council to suppress the real problems now & not eventually become problems themselves!
