Subject: Proposed Wailuku Complex

We are a business that have been located in Wailuku for over 40 years. We have endured many changes to this area. We would like to voice our objection to the proposed complex. Although this plan could benefit Wailuku in the long run, the lack of a plan to ensure that businesses can operate without congestion of traffic and lack of parking will create chaos and loss of clients and revenue for all businesses. A shuttle service will not ensure no loss of clients due to the inconvenience. Many repeat clients are elderly and need easy access to this area. The only people that will benefit from this will be the County and State employees as they work in the area and have no other choice.

Thank you for your time in this matter.
