### IV. <u>Scope of Concession</u>

The concessionaire shall provide exclusive golfing services as defined herein on a full time basis to the general public without discrimination as to race, color, creed, or in any other way whatsoever.

The prices charged for rentals shall be reasonable and not in excess of <u>10% above the average prevailing prices</u> charged at the other municipal golf courses in the State. The 10% additional is allowed as a partial compensation for the lack of electric facilities to support electric carts. Prices charged for sales, services, and repairs shall also be reasonable and not in excess of the average prevailing prices charged elsewhere for the same or similar kind of sales, services, or repairs in the County. The price ceiling list for rentals and sales shall have the prior approval of the Director of Finance, and must be posted conspicuously on the premises. The price ceiling list for the first year must be submitted with the Bid Proposal and shall be subject to the approval of the Director of Finance.

No changes in the price ceiling shall be considered during the first year of the concession term. Thereafter, all requests for changes in the price ceiling shall be submitted in writing to the Director of Finance. Such requests shall list all operating and maintenance costs of the concessionaire, excluding lease rental, and the net profit for the preceding twelve (12) months; and such other data as may be required by the Director.

The term "golfing services" shall mean:

Exclusive sales, repair, and rental of golfing equipment may include the following: golf clubs, golf bags, self-propelled golf carts, golf shoes, golf balls, golf tees, golf spikes, golf caps, golf shirts, golf rule books, athletic sox, umbrellas, windbreakers (jackets), sun glasses, and other related golf equipment and accessories.

A minimum of one hundred (100) self propelled golf carts in top condition, which shall be maintained in excellent working condition at all times, must be available during the term of the contract. Top condition, at a minimum, means that at all times the carts will experience less than 1% failure rate during the course of a round, will have no structural or aesthetic damage as a result of corrosion, and the braking distance will be adequate to meet all industry safety standards. The carts are subject to a quarterly inspection by the Parks Department, and the Parks Department will be the sole determinant as to whether or not a cart is considered to be in top condition. The carts <u>must</u> be equipped with sand bottles so the golfers are able to repair divots on the course. Any used carts must be approved by the Officer in Charge.

All self-propelled carts and improvements shall be kept in good order and safe condition, repair, and appearance and shall be immediately removed from the premises when such equipment does not meet such requirements. Additional self-propelled carts may be used with the approval of the Officer in Charge.

8

A minimum of twelve (12) rental golf hand carts shall be provided.

A minimum of twelve (12) golf club rental sets, including left-handed and righthanded men's and women's sets, shall also be provided.

Driving range - Provide balls for rental, and daily pickup of driving range balls.

In the event the Officer in Charge, or person or persons he may duly designate and appoint, notifies the concessionaire that in his sole discretion the use of selfpropelled golf carts at any given time would be detrimental to the golf course due to weather, condition of the fairways, condition of the carts, etc., the concessionaire shall not rent out said self-propelled golf carts. Failure to abide by the decision of the Officer in Charge or his representative shall automatically result in a breach of contract.

Lessons and instructions on the game of golf taught at the golf course may be personally taught by the concessionaire's golf professional or by another declared professional designated and authorized by said concessionaire and approved by the Officer in Charge.

The concessionaire shall maintain all equipment rented to the general public in a safe and proper working condition.

All rental equipment not meeting safety requirements shall be removed from the premises and, if needed, replaced by another in good working condition. In the event of mechanical breakdown of the rental carts while in use, the concessionaire shall make a refund in accordance with a schedule to be approved by the Director of Finance. Whenever possible, however, the concessionaire shall replace said cart with one in good working condition without added cost to the user.

At no time shall the concessionaire sell or give away or permit the selling or giving away of any alcoholic beverages, or allow any alcoholic beverages to be consumed within the golf concession area, cart maintenance area, or parking lot.

The concessionaire shall confine his sales, rentals, and repairs to the golf concession area; provided, however, that he shall place his carts and self-propelled golf carts when not in use within the area designated by the Officer in Charge, or his representative.

Golf equipment sales and golf lessons are optional activities which are not required to be provided by this concession. An additional opportunity for revenue by the concessionaire is the collection of balls left on the golf course by the golfers after closing hours. Balls collected by the concessionaire will be the

9

property of the concessionaire for resale purposes or to be used as rental balls for the driving range.

### V. <u>Disclaimer</u>

The County of Maui makes no guaranties, representations or warranties regarding revenue or net income to be derived from the concession by the concessionaire.
