REFERRING TO THE LANAI, MAUI, AND
MOLOKAI PLANNING COMMISSIONS A DRAFT
BILL TO AMEND THE COMPREHENSIVE
ZONING ORDINANCE RELATING TO
SAND MINING

WHEREAS, the Council is considering a proposed bill to revise the definition of resource extraction, adopt a separate definition of sand mining, and set exceptions for extraction or excavation of sand; and

WHEREAS, according to the Maui Inland Sand Resource Quantification Study 2006 (Study) the remaining inland sand inventory is limited to approximately 970,000 tons; and

WHEREAS, in an effort to preserve and protect the use of the County's finite inland sand resources; protect natural geological features; protect public health and safety; and avoid the disturbance of Hawaiian historical, cultural, or archaeological sites and unmarked human burial sites, extraction and excavation of sand must be regulated; and

WHEREAS, Sections 8-8.4 and 8-8.6 of the Revised Charter of the County of Maui (1983), as amended, requires that the appropriate planning commission review proposed land use ordinances and amendments thereto, and provide findings and recommendations to the Council; now, therefore,

BE IT RESOLVED by the Council of the County of Maui:

1. That it hereby refers the draft bill, entitled "A BILL FOR AN ORDINANCE AMENDING CHAPTER 19, MAUI COUNTY CODE, RELATING TO SAND MINING," a copy of which is attached hereto as Exhibit "1" and made a part hereof, to the Maui, Lanai, and Molokai Planning Commissions for appropriate action, pursuant to Sections 8-8.4 and 8-8.6 of the Revised Charter of the County of Maui (1983), as amended; and

Resolution No. _____

2. That it respectfully requests that the Lanai, Maui, and Molokai Planning Commissions transmit their findings and recommendations to the Council as expeditiously as possible; and
3. That certified copies of this resolution be transmitted to the Mayor; the Planning Director; and the Lanai, Maui, and Molokai Planning Commissions.

ORDINANCE NO. _____

BILL NO. _____ (2017)

A BILL FOR AN ORDINANCE AMENDING TITLE 19, MAUI COUNTY CODE,
RELATING TO SAND MINING

BE IT ORDAINED BY THE PEOPLE OF THE COUNTY OF MAUI:

SECTION 1. The purpose of this ordinance is to preserve, protect, and regulate the use of the County's finite inland sand resources; protect natural geological features; protect public health and safety; avoid the disturbance of Hawaiian historical, cultural, or archaeological sites and unmarked human burial sites; and limit extraction and mining of sand. The Maui Inland Sand Resource Quantification Study (2006) found the remaining inland sand inventory is limited to approximately 970,000 tons, with the available resource further restricted by the physical extend of inland sand dunes, burial complexes, and existing and proposed land use.

SECTION 2. Section 19.04.040, Maui County Code, is amended by amending the definition of "Resource extraction" to read as follows:

"Resource extraction" means activities engaged in the exploration, mining, and processing of natural deposits of rock, gravel, [sand] and topsoil.

SECTION 3. Section 19.04.040, Maui County Code, is amended by adding new definitions to be appropriately inserted and to read as follows:

"Sand," as defined in chapter 20.08.020.

“Sand mining” means activities related to the extraction or removal of sand from its original natural location and transported, processed, stored, or used for any purpose except the following:

1. Sand extracted and used for purposes of rebuilding or enhancing the protective capacity and environmental quality of coastal dunes, as defined in chapter 20.08.020.

2. Mining of sand used for activities such as emergency operations, land management for agriculture, and related uses as described in sections 20.08.030.A and 20.08.030.C.

3. Mining of sand for use in subsurface infrastructure such as bedding for water or sewer lines.

4. Excavation or grading of sand directly related to on-site construction for purposes other than mining or quarrying, where no sand is transported outside the same or an adjacent tax map key parcel.

5. Exploration solely for purposes of determining the quality or potential quantity of subsurface sand, provided that during and as a result of such exploration, no materials shall be extracted and removed beyond that reasonably required for testing and analysis.

6. Mining of not more than 50 cubic yards of sand from an area of five acres or less in any 12 month period.

7. Sand extracted pursuant to a valid special or conditional use permit issued prior to the effective date of this ordinance.

8. Sand extracted from the shoreline area pursuant to the exceptions in section 205A-44.a.1, Hawaii Revised Statutes.”

SECTION 4. Section 19.07.030 is amended to read as follows:

“19.07.030 Permitted uses. The following uses shall be permitted within the open space districts subject to the “special conditions”:
