OFFICE OF THE
COUNTY CLERK

January 16, 2019

The Honorable Kelly T. King, Chair
and Members of the Council
County of Maui
Wailuku, Hawaii 96793

Dear Chair King and Members:

**SUBJECT: COUNTY OF MAUI COMPREHENSIVE ANNUAL
FINANCIAL REPORT (CAFR) FOR FISCAL YEAR ENDED
JUNE 30, 2018**

We have received the County of Maui Comprehensive Annual Financial Report ("CAFR") for the Fiscal Year Ended June 30, 2018, submitted by N&K CPAs, Inc., the County's contractor.

Transmitted are 19 copies.

May I request that the CAFR be referred to the appropriate standing committee for discussion and action.

Sincerely,

A handwritten signature in black ink, appearing to read "Lance T. Taguchi".

LANCE T. TAGUCHI
County Auditor

COUNTY OF MAUI
INTRODUCTORY SECTION

ALAN M. ARAKAWA
Mayor

MARK R. WALKER
Director

JACK C. KULP
Deputy Director

COUNTY OF MAUI
DEPARTMENT OF FINANCE
200 S. HIGH STREET
WAILUKU, MAUI, HAWAII 96793

December 21, 2018

Honorable Mayor Alan M. Arakawa
Honorable Mike White, Chair
and Members of Maui County Council
200 South High Street
Wailuku, Hawaii 96793

Dear Mayor and Chair White and Members:

Pursuant to the requirements of the Charter of the County of Maui, Section 9-13. Audit of Accounts, which states:

“Within six (6) months after the beginning of each fiscal year, the county auditor shall conduct or cause to be conducted an independent financial audit of the funds, accounts, and other evidences of financial transactions of the county and of all operations for which the county is responsible for the audited fiscal year. The audit shall be conducted by a certified public accountant or firm of certified public accountants who have no personal interest, direct or indirect, in the fiscal affairs of the county or any of its operations. The audit shall include both financial accountability and adequacy of the financial and accounting system. If the State makes such an audit, the county auditor may accept it as satisfying the requirements of this section. The scope of the audit shall be in accordance with the terms of a written contract recommended by the county auditor and signed by the council chair as the contracting officer for the legislative branch, which contract shall encourage recommendations for better financial controls and procedures and shall provide for the completion of the audit within a reasonable time after the close of the previous fiscal year. A copy of the audit reports shall be filed with the county clerk and shall be a public record, unless otherwise provided by law.

In the case of the death, resignation, or removal of the director of finance, the council shall cause an independent audit to be made of the finance director’s accounts. (Amended 2012, 1988)”,

The Department of Finance has prepared and hereby issues the Comprehensive Annual Financial Report (CAFR) of the County of Maui for the fiscal year (FY) ended June 30, 2018. This report consists of management’s representations concerning the finances of the County of Maui. Consequently, management assumes full responsibility for the completeness

and reliability of the information presented in this report. To provide a reasonable basis for making these representations, management of the County of Maui has established a comprehensive internal control framework that is designed both to protect the County's assets from loss, theft or misuse, and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurances that the financial statements will be free from material misstatement. As management, we assert that to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

As required by the Charter, the County of Maui's financial statements have been audited by a firm of licensed certified public accountants, N&K CPAs, Inc. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County of Maui for the fiscal year ended June 30, 2018, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosure in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the County of Maui financial statements for the fiscal year ended June 30, 2018 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

Since fiscal year 2002, the County of Maui has prepared the CAFR using the financial reporting requirements as prescribed by the Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments (GASB 34). This GASB Statement requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of a Management's Discussion & Analysis (MD&A). This Letter of Transmittal is designed to complement the MD&A and should be read in conjunction with it.

The County of Maui is required to comply with the GASB Statement No. 68, "Accounting and Financial Reporting for Pensions – An amendment of GASB Statement No. 27". The primary objective of this Statement was to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and inter-period equity, and creating additional transparency.

The County of Maui is also required to comply with GASB Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other than Pensions". The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental

employers about financial support for OPEB that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits (pensions and OPEB) with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency.

THE REPORTING ENTITY AND ITS SERVICES

The County consists of the inhabited islands of Maui, Molokai and Lanai, and the uninhabited island of Kahoolawe. The County is the second largest of the four counties in the State of Hawaii, with land area of 1,162 square miles, approximately the size of Rhode Island. According to the Maui County Data Book 2017, the population of the County was estimated to be 166,260 in 2017 growing by 94,660 since 1980. The County comprises an estimated 11.65% of the total population and 18.1% of the total land area of the State of Hawaii.

The County of Maui provides a range of services, including public safety (police, fire and public prosecutor), sanitation, social services, culture and recreation, transportation, planning and zoning, and the construction and maintenance of streets and highways. This CAFR includes all funds of the County of Maui.

The County of Maui has operated under the Mayor - County Council form of government since 1969, which is the same form of government as the counties of Kauai, Hawaii, and Honolulu. The executive branch of the County is headed by the Mayor who is elected on a non-partisan basis for a four-year term. The Mayor is the chief executive officer of the County and is responsible for overseeing the day-to-day operations, and for appointing the heads of the various departments. The legislative branch is the County Council, which is composed of nine members who are elected at-large, to serve two-year terms. The County Council appoints the County Clerk. Each of the nine council members has residency requirements, one each from the islands of Lanai and Molokai, and seven from the various districts on the island of Maui. The Council legislates taxes, rates, fees, assessments, borrowing and appropriations for County purposes (County Budget) by ordinance.

In Maui County, as well as in the three other counties within the State, there are no subordinate or separate municipal entities. The State government administers the school system, airport, harbors, hospitals, judicial system, and the State highway system. Most non-Federal taxes are administered and collected by the State under Hawaii's highly centralized tax system. The major sources of State revenue are the general excise tax, and the corporate and personal income taxes. There are no State personal or property taxes, local levies for school districts, or special assessments.

The annual budget serves as the foundation for the County of Maui's financial planning and control. The County Charter requires the Mayor on or before March 25 of each year to submit to the County Council an operating budget for the ensuing fiscal year, a capital program and an accompanying message. The operating budget and the capital program are prepared by the Mayor with the assistance of the Department of Finance. The operating budget presents a

complete financial plan for the current operations of the County and its departments. The capital program contains capital improvements pending or proposed to be undertaken within the ensuing fiscal year and ensuing five fiscal years, together with the estimated cost of each improvement and pending or proposed method of financing. Chapter 46, Hawaii Revised Statutes was amended in 1993 to permit counties to prepare budgets on a one or two year period. The County Charter provides for one-year budgets.

The County maintains budgetary controls to ensure compliance with legal provisions embodied in the annual budget ordinance approved by the County Council. Activities of the General Fund, special revenue funds, grant revenue, debt service fund, and capital projects fund are included in the annual budget ordinance.

The Mayor holds community meetings to receive input from citizens in the eight community plan areas throughout the County prior to preparing the Mayor's Proposed Budget for the ensuing fiscal year. Upon submission of the proposed budget in March additional public hearings are held with the community by the County Council between March and April in the year of submission. After public hearing, the operating budget and capital program are subject to review and amendment by the County Council. If, however, the County Council fails to adopt an operating budget on or before June 10 of a given year, the County Charter provides that the operating budget submitted by the Mayor will be deemed enacted as the operating budget for the ensuing fiscal year. The County Charter further states that the estimated revenues, proposed expenditures and total appropriations for the ensuing fiscal year shall be equal in amount.

The appropriated budget is prepared by fund, function, department, and program and/or activity. Every appropriation, except an appropriation for a capital improvement, lapses at the close of the fiscal year to the extent the same has not been expended or encumbered by a written contract. An appropriation for a capital improvement remains in force until the purpose for which it was made has been accomplished or abandoned. Under the current County Charter, an appropriation for a capital improvement will be deemed abandoned six months after the close of the fiscal year to the extent that it has not been expended or encumbered by a written contract. The County Charter provides that no payment may be authorized or made and no obligation incurred against the County except in accordance with appropriations duly made.

Departments may make transfers of appropriations between indexes and sub-objects within a budgeted program. Upon written request of the Mayor part or all of any unencumbered appropriation balance may be transferred within a department by resolution or from one department to another by ordinance, subject to Council approval. Budget-to-actual comparisons are provided in this report for each required governmental fund for which an appropriated annual budget has been adopted. These comparisons are presented in the Required Supplementary Information and Other Supplemental Information sections of the report. In addition, detailed revenue and appropriation schedules for major and non-major funds are presented in the Other Supplementary Information section of the report.

ECONOMIC CONDITION AND OUTLOOK

Maui's economic outlook remains strong primarily driven by increases in tourist volume, the commencement of new construction projects, and a robust employment environment. In fact, the low unemployment figures could potentially slow Maui's economic expansion while simultaneously applying pressure on employers to raise wages. Nevertheless, the near-term future of Maui's economic wellbeing appears very healthy.

Tourism

The tourism sector continued to grow as visitor arrivals reached a record 2.79 million in 2017, a 4.1% increase over the 2016 results; however, total air seats declined slightly (-0.2%). Visitors arriving from the U.S. west coast continued to dominate Maui's visitor industry with a 49.6% market share followed by those coming from the east coast with 27.3%. All other departure points had less than a 10% share with Canada leading those markets at 9.6%. Noteworthy was the growth in east coast visitors increasing 6.8% versus 3.6% for west coast visitors. Maui's visitor industry exceeded expectations and continued its robust growth in 2017 despite forecasts indicating slower growth in 2017 due to mid-year statistics indicating lower visitor arrivals than experienced in the first half of 2016.

The Hawaii Tourism Authority estimates that visitor spending on Maui Island increased 3.4% in 2017 to \$4.68 billion or \$212 per visitor per day. The daily expenditure on Maui per visitor exceeded Oahu by \$14.00. Maui's average hotel room rate remained the highest in the state in 2017, increasing 6.2% to \$353, while occupancy rates increased to 77.1% from 75.8%. In 2017, Maui's daily census of visitors grew 3.3% to 66,506 while visitor days increased 2.9% to 22.58 million second only to Oahu.

Construction

After a significant decline in activity in 2016, private (commercial & residential) building authorizations on Maui reached \$478 million, an increase of some \$92.8 million or 24.1 percent in 2017. The growth in the construction sector was largely due to the expansion of residential construction but also benefitted from improving numbers in the commercial sector. In 2016, 315 or 26.7% of the 1,178 permits issued resulted in 477 residential units. In 2017, 546 permits representing 40.5% of the total permits issued resulted in 863 residential units indicating a shift toward multi-unit dwellings. Continued growth in the construction industry is projected in 2018 as mid 2018 figures show construction authorizations in the first two quarters grew by more than \$48 million or 17.8% over the same period in 2017.

The visitor industry projects 4,272 planned additional units in all categories. Of this total 200 units were estimated to be completed in 2017, 150 units in 2018, and another 388 units in 2019. The types of units include: 778 Timeshare, 217 Condo, 150 Hotel/Condo, 626 Hotel, 125 Bed and Breakfast, 207 Short-term Rentals, 12 Transient Vacation Rentals, 699 Mixed Use, and

308 Mixed Use/Hotel. The projects are spread out among the major visitor industry destinations on Maui with Kihei and Wailea benefitting the most with 2,699 units or 63.2% of the total. With the large number of visitor units planned, the construction industry can expect demand for new visitor accommodations and related construction activities to continue well into the future. As these projects come to fruition and require more employees, the residential construction sector should enjoy continued strong demand to meet the housing needs for employees of the visitor industry.

Construction of the Consolidated Rent-A-Car (Conrac) facility at the Kahului Airport is scheduled for completion in December 2018; however, the car rental firms have until May 2019 to complete their tenant improvements. In addition to the rental car company offices and visitor rental counters, the three level facility will have 3,800 rental cars stalls and 700 employee vehicle stalls. The facility will generate more than 500 jobs with up to 200 people on site. The project also upgrades the outdoor general parking area with new light poles, lighting fixtures, and improved drainage. Additionally, the State legislature approved \$24.5 million in other improvements to the terminal, baggage handling system, and an environmental impact statement for the Kahului Airport.

Elsewhere in the County, the State also provided additional funding of \$28.8 million for runway repaving and highway improvements to the main access road leading to the Lanai Airport. The Hana Airport received \$1.5 million for baseyard building improvement. The Kapalua Airport received \$1.5 million for a water tank and other improvements. The Molokai Airport received \$6.2 million for terminal improvements. The Kalaupapa Airport received \$4.5 million for a new air rescue and fire-fighting garage and other terminal improvements.

Other State legislature funded projects on Maui worth mentioning included: \$34.6 million for land acquisition and improvements at Kahului Harbor, \$14.5 million for land acquisition for the Kula Forest Reserve, \$9.3 million of sand replenishment at Kaanapali Beach, \$9.2 million for bridge preservation, road repairs, and rock fall mitigation on the Hana Highway, \$7.5 million for improvements of the Honoapiilani Highway, \$6 million for repairs and upgrades for the Maui Health System, to name a few.

In April 2018, Governor Ige released \$92.5 million for the construction of the Kihei high school. The school will be sited on 77 acres mauka of the intersection of Piilani Highway and Kulanihako Street and is scheduled to begin its phased opening in 2020.

The construction of the 2.87 megawatt Kuia Solar project on 12 acres near Lahainaluna School was completed in early 2018. A second 2.87 megawatt solar project, South Maui Renewable Resources, is planned for Kihei at the Maui Research and Technology Park. Due to construction delays both projects failed to meet their planned scheduled to begin operations that was originally established for December 2016. As a result of the delayed commissioning, MECO has been levying daily charges for each project in the amount of \$318.90 per project per day.

The County of Maui is broke ground at the Maui Business Park II for its new Maui County Service Center in late November. The new center is located at the intersection of Hookele and Alaihi Streets in Kahului and is located on 4 acres. The complex will have 60,000 square feet of office space and 360 parking stalls for the 200 employees and visitors. The project has a budgeted cost of \$25 million and an estimated construction period of 18 months with a completion date target of May 2020.

Jobs

Maui's labor market remained robust in 2018 as construction and tourism continue to provide ample opportunities for employment. Changes in Maui's civilian work force mirrored the evolution of Hawaii's overall employment environment. Between 2016 and 2017, the civilian workforce in the State grew by 1,250 people to 685,400 while the number of employed increased by 5,200 to 669,250. Simultaneously unemployment fell 19.60% to 16,200. The U3 unemployment statistic for the state dropped 17.24% to 2.4% which was the lowest U3 value in the United States and the lowest U3 unemployment rate the state has experienced since 1990 when the U3 was 2.7%.

Similarly between 2016 and 2017, Maui's civilian workforce grew by 700 (0.815%) to 86,550 with employment increasing 1,150 to 84,350 for an impressive one-year growth rate of 1.38%. The number of unemployed decreased by 450 to 2,200 equating to a 16.98% decrease. Maui County's U3 unemployment rate declined 19.35% to 2.5% equaling the 2006 rate; both unmatched going back to 1990 when the U3 was 4.6%, the highest in the state.

Per capita income in Maui continued to grow rising to \$44, 478 in 2016, a 3.9% increase over 2015. During the same period, household income increased 3.5% to \$68,777. These figures indicate the increasing purchasing power of Maui County residents. Statewide wage projections for all jobs in Hawaii indicate a 3.1% increase over 2016 while for the private sector alone the growth rate estimated was 3.3%. It should be noted that the average U.S. wages for 2016 was \$53,621 for a 3.3% growth rate. The income differential indicates the continued willingness of the workforce to accept lower wages than their counter parts on the mainland in order to live in Hawaii (2017 per capita data was unavailable at the time of this report .)

Real Estate

According to the Realtors Association of Maui, total sales of single family homes on Maui as of June 2018 increased by \$38.9 million over the year-to-date sales figures for 2017. Total value as of June 2018 reached \$606.3 million, a 6.9% increase. Year-to-date sales volume increased by 28 units to 575 units with the average selling price increasing \$17,092 over the average price for the first half of 2017. The midyear 2018 average selling price grew to \$1,054,362; however, the median price single family house price declined \$15,000 to \$690,000. This data indicates an increase in the number of below median priced home sales while simultaneously indicating a sharp rise in price for the above median priced homes causing the average selling price to increase on a year-to-year basis. The average length of time a unit was offered for sale in the first half of 2018 rose by 6 days reaching 148 days; however, for the month of June 2018, the number of days a unit was on the market was 8 days less than in the same month in 2017.

At midyear 2018, Maui's condominium total sales were \$143.1 million greater than in the first half of 2017. The rate of sales growth was an impressive 29.5% and reached \$627.6 million in total sales dollars. Mirroring the rate of growth in sales dollars was the rate of growth of condominium units sold in the first half of 2018, increasing by 22.0% reaching a total of 713 units, a 157 unit increase over the same time period in 2017. Average selling price increased \$41,846 or 6.2% in a year-to-year comparison reaching \$721,323 per unit. The median priced unit followed a similar pattern as the average price increased \$20,000 or 4.2% to \$495,000 per condo in midyear 2018.

There has been some noteworthy movement in the number of new housing units, affordable and market, on Maui in fiscal year 2018. In December 2017, the first eight of 16 affordable single family homes developed by Lokahi Pacific became available in Happy Valley (Wailuku) with the remaining units being completed in February 2018. Also in February 2018, the Kaiwahine Village project in Kihei switched from a fee-simple housing project to a 100% affordable rental project. The project will include 120 two- and three-bedroom multifamily units. In August 2018, the Maui Planning Commission unanimously recommended a community plan amendment and changes in zoning to move the Waikapu Country Town project forward. The Waikapu Country Town will consist of 1,000 single-family homes, 433 multifamily homes, 146 ohana units, 200,000 square feet of commercial and business space, and a 12-acre elementary school, park, and open space. The Waikapu Country Town will sit on 500 acres and wrap around Maui Tropical Plantation just south of Waikapu. In September 2018, Armstrong Development announced that it had placed the roofs on its Kalama Kai condominium project in Kihei. The Kalama Kai project will have 39 three bedroom units and 1 one bedroom unit and is scheduled for completion in April 2019. In November 2018, the County Council approved a resolution to fast track a 324 unit affordable housing project in Wailuku adjacent to the Longs Drugs in Kehalani on Waiale Drive.

MAJOR INITIATIVES AND ACHIEVEMENTS

For The Year. As mentioned earlier in this letter, the Governmental Accounting Standards Board (GASB) has released GASB 75 "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions" – a new accounting standard for public Other Post Employment Benefit (OPEB) plans which replaces GASB 45. This new Statement moves accounting for OPEB to the balance sheet and income statement from the notes disclosure, bringing more focus onto OPEB liabilities and related outflows/inflows. As a result, during Fiscal Year 2018 the County of Maui saw a 96% decrease in the net position of governmental activities, the result of the booking of \$291 million in Other Post Employee Benefit (OPEB) obligations as required by this new GASB standard. The County's total revenue increased by 8.1% while total expenditures increased by 3.5%. Revenue increases were due primarily to increased real property tax collections associated with higher property valuations and tax rates for all property classifications. Expenditure increases were principally in the areas of General Government, Public Safety and Social Welfare.

Aligned with the Administration's strategic goal of, "*Suitable Public Infrastructure*", in the past year the County continued its investment in infrastructure, capital improvements and equipment/equipment upgrades. A sampling of these far ranging initiatives is highlighted below:

- Entered into a \$3.8 million contract with MECO to install LED streetlights throughout the County which will save the County a minimum of \$750,000 per year and also includes a \$400,000 rebate from Hawaii Energy. (*Public Works*)
- Upgraded bus fleet with the purchase of two (2) new 40 ft buses at a cost \$1.3 million. Delivery is expected in March of 2019. (*Transportation*)
- Completed drilling of a 1390-foot deep exploratory well in West Maui at a cost of \$1.8 million which included the installation of the casing pipe, pump capacity testing, and water quality analyses that was acceptable to the Department of Health-Safe Drinking Water Branch. (*Water*)
- Began expansion of the South Maui Recycled Water System (\$7.7 million) with the addition of a 1.0 million gallon tank. (*Environmental Management*)
- The Highways Division resurfaced, slurry sealed, or seal coated over 40 lane miles of County roads using in-house labor and equipment. This will prolong the life of County owned roads significantly, lowering future repair costs. (*Public Works*)
- Completed \$6.0 million upgrade of three booster pump stations in Kula which included new motors, pumps and motor control centers (MCCs). These improvements have substantially increased delivery reliability for Upcountry residents. (*Water*)

In keeping with the strategic vision of "*A Strong, Diversified Economy*", the following innovative economic efforts are cited:

- The 4th annual "Made In Maui County Festival", which showcase's locally made products, garnered \$573,000 in merchandise sales during the 2 day event, with local companies securing over 200 new wholesale accounts. There were over 10,000 attendees at the event, including 550 wholesalers. (*Office of Economic Development*)
- The Maui County Film Office assisted in 31 commercials, including Hawaiian Airlines, Chase Bank, United Airlines, Japan Airlines, Japan Travel Assoc., Toyota, Audi, Nissan, Volvo, HydroFlask, Maui Beach Rescue on Bravo and multiple shows on National Geographic Channel and the following productions; Childish Gambino Music Video "The Garden", Feature Zombie film "The Resort", Season 8 of "Hawaii Life" on HGTV, and "Beachfront Bargain Hunt" on Travel Channel. (*Office of Economic Development*)

"*A Prepared, Safe and Livable County*" is a commitment and priority of the Administration. This responsibility touches many areas and departments of the County government. The following are examples of the continued leadership in this area;

- Graduated 33 new recruits from the Fire Fighter Trainee 33rd and 34th recruit classes. (*Fire*)

- The department removed potentially hazardous chlorine gas and feed equipment used in the disinfection process for drinking water, and replaced these with an On-Site Sodium Hypochlorite (dilute bleach) generation system at the Lahaina Water Treatment Plant. This new system uses only salt, softened water and electricity to produce chlorine solution to be used for disinfection at the facility above the Lahainaluna High School, providing a safer and more cost effective alternative to previously used chlorine gas. *(Water)*

In pursuit of its strategic goal of providing, “An Efficient, Effective and Responsive Government”, many departments of the County of Maui continued to review their processes and procedures in an effort to improve or expand service delivery. Some of these FY 2018 initiatives and service expansion efforts are highlighted below:

- Successful coordination and execution of the Maui Tropic Care 2018 initiative, which was a joint-service training mission led by the Air National Guard and supported by members of the Air Force, Army, Navy Reserve, and Marine Corps Reserve to provide medical troops and support personnel "hands-on" readiness training to prepare for future deployments while providing direct and lasting benefits to the people of Maui, Molokai, and Lanai at no cost. Clinics were held at Central Maui, Kihei, Lahaina, Hana, Molokai, and Lanai and included physical exams, sports physicals, blood pressure/disease screenings, dental exams, extractions, and fillings, vision screenings, and glasses prescriptions. Maui Tropic Care completed 17,757 procedures with a value of \$1.6 million in patient care. *(Mayor's Office)*
- LODGINGRevs, was retained to provide technical support for enforcement of illegal vacation rentals. Their system is able to identify properties and advertisements that go undetected by the County because the illegal operators have become more sophisticated and strategic in avoiding enforcement. *(Planning)* Completed the planning and design phases for the new \$24 million Maui County Service Center. This critically needed facility that will house numerous operations of the County including DMVL, Treasury, Housing and Human Concerns, and Public Works within its 60,000 square feet. This new facility is anticipated to save the taxpayers of Maui County hundreds of thousands of dollars on an annual basis in lease expenditures. *(Management)*
- In partnership with the Department of Management, the County has undertaken an ambitious goal to replace its ePersonality HRIS system and Payroll's ADP payroll, time and attendance system with an integrated human resources management, payroll and time tracking solution. This upgrade is expected to be completed in early 2019. *(Personnel Services/Finance)*
- Conducted a three day trial run with an all-electric, zero emission bus to begin the transition from an all diesel bus fleet to an all-electric bus fleet. *(Transportation)*
- With the assistance and support of the Dept. of Housing & Human Concerns, a Fast Track Affordable Housing Process was initiated which immediately led to the fast track permitting of the Catholic Charities Affordable Housing project in Kahului. *(Mayor's Office)*

- Delivered 1.2 billion gallons of recycled water to Maui customers. (*Environmental Management*)
- The Special Management Area boundaries for the island of Lanai were amended by the Lanai Planning Commission, making it the first island-wide boundary change in the state since the SMA maps were adopted in the 70s. The changes followed the criteria in the state Coastal Zone Management Act (Chapter 205A, HRS) so that areas identified as needing added protection are now included, and areas that do not warrant additional scrutiny are now excluded. (*Planning*)

For The Future. The County of Maui has a long history of fiscal prudence with a cost of government lower than many comparable municipalities. The County continues to strive towards its goal of long term financial stability and sustainability while maintaining the necessary levels of service for the community. This conservative and responsible approach has paid dividends as the County of Maui's financial strength has led to bond ratings that are the highest of any governmental agency in the State of Hawaii. Having said that, it is a near term goal of the Department of Finance to work with the Administration, the Budget Office and the County Council to pass formal policies as relates to financial health, including a requirement to annually fund the Emergency Fund at an agreed upon minimum level in an attempt to continue to build unrestricted fund balances. It is the policy goal of this Administration to fund its Emergency Fund to a level equal to 20% of annual General Fund expenditures through the prudent management of its fiscal resources. At 6/30/18 the Emergency Fund balance stood at \$33.4 million, provided that funds that were spent from the Emergency Fund on the Iao River flood event will be reimbursed by FEMA in the near term. Additionally, the County continued with its responsible reserve strategy by appropriating and funding \$6.0 million to the Affordable Housing Fund and \$17.0 million to the State of Hawaii Employer-Union Health Benefits Trust Fund (EUTF) in FY 2018.

In consideration of the County's current and future needs, strategic and long-range plans are being developed and continue to be reviewed and modified as required. Many factors are evaluated in the development of these plans, including revenue forecasting, rate of growth, inflationary factors, debt levels and costs, aging infrastructure replacement and expanding community needs.

Starting with the preparation of the FY 2013 budget, the County initiated a transition toward a budget process that focuses on results and adopted a results-based budgeting (RBB) method to more fully integrate budget to programs. RBB uses a practical and common sense approach that communicates why County government departments exist, what work is performed and how well, and the amount of resources that are devoted to services. While the alignment of the County's budget process to a more priority and RBB approach is still in its developmental stages, its goals of making budgetary decisions and the allocation of resources based on key departmental missions, goals and measures that are strategically aligned and forward looking is moving forward.

Allocating resources based on what was done in the past no longer stands as adequate justification for budgetary decisions. The alignment of the County's budget to a more priority and RBB approach led the budget staff and the various departments to prioritize and evaluate programs and operational requirements to assure effective and efficient operations. Budgetary decisions were made with a forward-looking, strategic emphasis in keeping with this administration's focused priority of an "efficient, effective and responsive government," as outlined in the strategic vision.

OTHER FINANCIAL INFORMATION

Debt Management. The County of Maui's debt management policy is a written guideline for the amount and type of debt issued by a state or local government, the issuance process, and the management of a debt portfolio. An effective debt management policy improves the quality of decisions, provides justification for the structure of debt issuance, identifies policy goals and demonstrates a commitment to long-term financial planning, including a multi-year capital plan. Adherence to a debt management policy signals to taxpayers, rating agencies and the capital markets that a government is well managed and should meet its financial obligations in a timely manner. Maui County's fiscal and debt policies have allowed the County to receive the next-to-highest ratings (AA+ and Aa1) from the three qualified bond-rating agencies. The County's debt policy (revised May 2013) is in compliance with the Hawaii Revised Statutes (Chapter 47) and the County Charter. The general intent of the County's debt policy is that debt is only to be incurred when necessary. The County will confine long-term borrowing to capital assets or equipment that cannot be financed from current financial resources. The County shall borrow only when necessary and utilize pay-as-you-go financing to the extent possible in order to conserve debt capacity. Furthermore, the County does not use debt for operational needs. To ensure accuracy and improve efficiency, beginning in FY 2013, the County of Maui engaged the Bank of New York Mellon to act as its paying agent for debt service payments.

Investment Management. The County of Maui maintains an investment policy (revised October 2018) which governs all financial assets of the County. These funds are accounted for in the County's basic financial statements and include the General Fund, Special Revenue Funds, Capital Improvement Projects Funds, Enterprise Funds, Agency Funds, Debt Service Fund and any new funds unless specifically exempted. The County's Investment Policy key objectives include: 1) Safety – investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio; the objective will be to mitigate credit risk and interest rate risk; 2) Liquidity – the investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated; and 3) Yield – the investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risks constraints and liquidity needs. The County's investment policy is in conformance with Hawaii Revised Statutes, Chapter 46-50.

In FY 2018 the Maui County Council passed an ordinance amending Chapter 3.08 of the Maui County Code by adding a section requiring, among other things, the retaining of a third-party investment advisor to manage the non-liquid portion of the County's investment portfolio. A request for proposals was posted and at this writing offers from outside investment advisors are being reviewed. It is expected that a third-party investment advisor will be selected in early calendar 2019.

Cash Management. The primary objectives of the County's cash management and investment program are the safety and preservation of principal, liquidity, and yield. **The County employs multiple portfolio accounts that include the General Investment Account Portfolio (GIAP) and various temporary general obligation bond account portfolios that terminate when the funds are fully expended.** To ensure the most competitive rates in the GIAP, the cash resources of the individual funds are combined to form a pool of cash and investments, which are then invested over a maturity horizon not to exceed five (5) years using a comprehensive cash flow modeling tool developed by the Treasury Division to maximize investment returns. The investment portfolio is composed of obligations of the U.S. government and its agencies, certificates of deposit, and repurchase agreements fully collateralized by obligations of the U.S. government or its agencies, and short-term notes. Interest and investment earnings on a Countywide basis during FY 2018 was just over \$5.21 million or roughly \$1.4 million more than what was earned in FY 2017. The increase can be attributed in part to the effective cash flow analysis modeling tool which allowed the County to maximize the term of its investments and thus increase its yields without sacrificing needed cash for shorter term obligations. Interest rates increased incrementally during FY 2018 as the County's average annual portfolio yield increased from 1.07% in FY 2017 to 1.29% in FY 2018. The portfolio yield in the last month of FY 2018 was 1.41%.

Real Property Tax. Real property assessed values (\$46.0B) increased 4% during FY 2018, while real property tax collections (\$310.5M) increased 13.7%, reflecting marginal tax rate increases adopted by the County Council. Maui County's assessed real property values in FY 2018 surpassed the previous peak valuation level experienced during FY 2010, further confirmation that the local economy has fully rebounded from the effects of the economic downturn in 2009.

AWARDS AND ACKNOWLEDGMENTS

Award. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Maui for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2017. This is the thirty-fifth consecutive year that the County of Maui has received this prestigious award.

To receive the Certificate of Achievement, the government entity must publish an easily readable and efficiently organized Comprehensive Annual Financial Report whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We have ensured that the GFOA standards have been adhered to and believe that the current report, which will be submitted to the GFOA, continues to conform to the Certificate of Achievement Program requirements.

Acknowledgements. The preparation of this report could not have been accomplished without the commitment and dedicated service of the entire staff of the Department of Finance, and the cooperation of the other County agencies and departments. I wish to express my appreciation to all members of the Finance Department and to the auditors, N&K CPAs, Inc. who assisted and contributed to its efficient preparation and extensive compilation. We also thank the Honorable Mayor Arakawa and the Maui County Council for their interest, trust and support in the progressive strategic planning and conduct of the financial operations of the County of Maui.

Respectfully Submitted,

INDEPENDENT AUDITOR'S REPORT

Honorable Mike White, Chair
and the Members of the Council
County of Maui
Wailuku, Hawai'i

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Maui, State of Hawai'i (County), as of and for the fiscal year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information for the County of Maui, State of Hawaii, as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

Adoption of New Accounting Principle and Correction of Errors

As discussed in Note 15 to the financial statements, the County adopted new accounting guidance, GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* and net position has been restated to correct errors for accounting for certain transactions. Our opinion is not modified with respect to these matters.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (pages 23 through 38), the budgetary comparison schedules for the general fund, highway fund and sewer fund (pages 95 through 97), and the schedules of proportionate share of the net pension liability (page 99), contributions (pension) (page 100), changes in the net OPEB liability and related ratios (page 102), and contributions (OPEB) (page 103) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, the other supplementary information section, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information section is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information section is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2018 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

**COUNTY OF MAUI
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2018**

This discussion and analysis of the County of Maui's (the County) basic financial statements provides a narrative overview and analysis of the County's financial activities for the fiscal year ended June 30, 2018. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, the basic financial statements, and the accompanying notes to the basic financial statements.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$353.0 million (*net position*).
- The County's total net position increased by \$30.3 million during the current fiscal year.
- As of the close of the fiscal year, the County's governmental funds reported combined ending fund balances of \$201.4 million, which is an increase of \$10.3 million or 5.4% from prior year.
- At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$75.4 million, or 26.2% of total General Fund expenditures.
- The County's total amount of General Obligation (GO) bonds, State Revolving Fund (SRF) loans and other long-term debt outstanding increased by \$2.1 million during the current fiscal year. The increase is reflective of \$24.9 million increase in SRF loans, offset by a decrease of \$22.9 million in GO Bonds, net of principal payments.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

COUNTY OF MAUI
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
JUNE 30, 2018

Basic Financial Statements

Government-Wide Financial Statements. The two government-wide financial statements are designed to provide readers with a broad overview of the County's finances in a manner similar to a private-sector business. They provide a financial overview of the County from the economic resources measurement focus using the accrual basis of accounting.

The ***Statement of Net Position*** presents information on all of the County's assets (including capital assets) and deferred outflows of resources and liabilities (including long-term obligations) and deferred inflows of resources, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The ***Statement of Activities*** presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public safety, highways and streets, sanitation, social welfare, culture and recreation, and legislative. The County's business-type activities include the Department of Water Supply, the Housing, Interim Financing, and Buy-Back Revolving Fund, and the Golf Course Special Fund.

These government-wide financial statements can be found in the first section of the basic financial statements.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the County's funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements. These funds are reported using an accounting method called modified accrual.

COUNTY OF MAUI
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
JUNE 30, 2018

The County has adopted Governmental Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, which establishes five new fund balance classifications based upon the extent to which a governmental entity is bound to honor constraints on the specific purposes for which amounts in that fund can be spent. The fund balance categories are nonspendable, restricted, committed, assigned, and unassigned.

Nonspendable fund balance includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. Restricted fund balance includes amounts that are subject to constraint imposed or legally enforceable by external parties. Funds with restrictions imposed by the Hawaii Revised Statutes and the Maui County Charter are examples of such funds of the County. Committed fund balance includes amounts that are subject to constraint created by the County and can only be changed by the County's highest level of formal action. Assigned fund balance includes amounts constrained by the County's intent to be used for specific purposes but are neither restricted nor committed. Lastly, unassigned fund balance includes amounts that have no constraints whatsoever and are available for spending at the County's discretion.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Most of the County's basic services are reported in the governmental funds. The County maintains eleven individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General, Highway, Sewer, Grant, Debt Service, and Capital Improvement Projects, all of which are considered to be major funds. Data from the other five governmental funds are combined into a single, aggregated presentation. Individual fund data from each of these non-major governmental funds is provided in the form of combining statements in the other supplementary information section.

The governmental funds financial statements are located immediately after the government-wide financial statements in the basic financial statements section. The two fund financial statements are the balance sheet and the statement of revenues, expenditures, and changes in fund balances of the governmental funds.

COUNTY OF MAUI
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
JUNE 30, 2018

Proprietary funds. Services for which the County operates similar to a business-type activity are generally reported in proprietary funds. These proprietary funds provide the same type of financial information (long and short-term) as the government-wide financial statements, only in more detail. The County's *enterprise funds* (one type of proprietary fund) are the same as its *business-type activities* reported in the government-wide financial statements.

The financial statements of the three proprietary funds include the statement of net position, the statement of revenues, expenses, and changes in net position, and the statement of cash flows. These proprietary funds financial statements provide separate information for the Department of Water Supply (DWS), the Housing, Interim Financing, and Buy-Back Revolving Fund, and the Golf Course Special Fund, all of which are considered to be major funds of the County.

The proprietary funds financial statements are the second set of fund financial statements and follow governmental funds financial statements.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The statement of fiduciary net position of the agency funds is the last of the fund financial statements and is found after the proprietary fund financial statements.

Notes to the Basic Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements are the last section of the basic financial statements.

Required Supplementary Information (RSI)

The County adopts an annual appropriated budget for the General Fund, the Highway Fund, and the Sewer Fund. Budgetary comparison schedules have been provided for all these funds to demonstrate compliance with this budget.

The County is a participating employer in an agent, multiple-employer defined benefit plan providing health care and insurance benefits to all qualified employees and retirees. As described in Note 10, legislation has been enacted to set up an irrevocable trust for the Employer-Union Health Benefits Trust Fund. A schedule of changes in the net other postemployment benefits other than pensions liability (OPEB) and related ratios and schedule of contributions (OPEB) is provided for this postemployment obligation.

The County is a participating employer in a cost-sharing multi-employer pension plan providing pension benefits to all qualified employees administered by the Employee Retirement System. A schedule of the County's proportionate share of the net pension liability and a schedule of employer pension contributions is provided for this pension obligation.

COUNTY OF MAUI
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
JUNE 30, 2018

These schedules are presented as required supplementary information (RSI), which follows the basic financial statements section.

Other Supplementary Information (OSI)

This section follows the RSI and displays the individual fund data of the five other non-major governmental funds in combining statements for the balance sheet and statement of revenues, expenditures, and changes in fund balances. These non-major governmental funds are the Liquor Control, County, Bikeway, Solid Waste, and Other Assessment Funds. The total of these five non-major funds is included in the *Other Governmental Funds* column in both the balance sheet and the statement of revenues, expenditures, and changes in fund balances for the governmental funds, which are the first two fund financial statements of the basic financial statements section.

Included in the OSI section is the combining statement of changes in assets and liabilities for the Agency Funds. In addition, the OSI section includes the budgetary comparison schedule for the Debt Service Fund, as well as the detail fund schedules of revenues - budget and actual and schedules of appropriations, expenditures, and encumbrances for the General, Highway, Sewer, Grant, Solid Waste, Liquor Control, and Capital Improvement Projects Funds.

The last part of the OSI section includes three schedules relating to capital assets used in the operation of the governmental funds. The first schedule is by type of capital assets and the next two schedules provide details of capital assets followed by function and department.

Restricted	49,599	51,730	20,212	16,924	69,811	68,654
Unrestricted	(624,082)	(587,846)	7,841	793	(616,241)	(587,053)
Total Net Position	\$ 11,345	\$ 9,762	\$ 341,563	\$ 312,888	\$ 352,908	\$ 322,650

At the end of the current fiscal year, the County reported positive balances in two of the three categories of net position both for the government as a whole, as well as for its governmental type activities. Business-type activities reported positive balances in all three categories of net position. As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the County, net position was \$353.0 million at the close of the current fiscal year. This compares with the net position of \$322.7 million from the prior year. Total net position increased by \$30.3 million during the current fiscal year. The governmental activities reflected an increase in net position of \$1.6 million. The business-type activities increased net position by \$28.7 million.

By far, the largest portion of the County's net position is its net investment in capital assets, which is comprised of the County's capital assets (e.g., land, buildings, machinery, and equipment) less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's net investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources as the capital assets themselves cannot be used to liquidate these liabilities.

COUNTY OF MAUI
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
JUNE 30, 2018

An additional portion of the County's net position (19.8%) represents resources that are subject to external restrictions on how they may be used.

Unrestricted net position amounted to \$-616.2 million at the end of the current fiscal year, with \$-624.1 million derived from governmental activities and \$7.8 million from business-type activities. The County's unrestricted net position decreased by \$29.2 million as compared to last year.

The County's net capital assets increased by \$54.2 million due to capital improvement projects completed by the County during the current fiscal year. Further discussion on the County's capital assets is provided in the *Capital Assets* within this section.

The County's total amount of GO bonds, and SRF loans, outstanding increased by \$2.1 million during the current fiscal year. The increase is reflective of a \$24.9 million increase in SRF loans, offset by a decrease of \$22.9 million in GO bonds, net of principal payments.

Other long-term obligations increased by \$3.1 million, from \$941.3 million in fiscal year 2017 to \$944.4 million in fiscal year 2018 for governmental activities, and decreased by \$1.4 million from \$72.7 million in prior fiscal year to \$71.3 million in fiscal year 2018 for business-type activities. The increase in governmental activities is due to a \$3.2 million increase in accrued OPEB and pension costs, a \$0.5 million increase in accrued vacation and CTO, and a \$2.2 million increase in claims and judgments, offset by a decrease of \$2.2 million in accrued pollution remediation and a \$0.6 million decrease in postclosure costs.

COUNTY OF MAUI
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
JUNE 30, 2018

Governmental Activities. Governmental activities increased the County's net position by \$1.6 million. The increase of \$6.1 million of change in net position over last year is primarily attributable to an increase in governmental activities expenses of \$17.2 million, decrease in capital grants and contributions of \$3.4 million and a decrease in operating grants and contributions of \$7.5 million, offset by an increase in charges for services of \$10.5 million, real property taxes of \$37.5 million, and other revenues of \$5.9 million.

The increase in revenues from real property taxes was primarily due to higher certified values. The real property tax rates in fiscal year 2018 were increased in all classifications.

Business-Type Activities. The three business-type activities increased the County's net position by \$28.7 million, compared with last year's increase of net position by \$13.2 million. The increase of \$15.4 million in change in net position over last year is primarily attributable to an increase in total revenues by \$0.4 million, offset by an increase in total expenses of \$1.8 million.

FINANCIAL ANALYSIS OF THE GOVERNMENTAL FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, the unassigned fund balance may serve as a useful measure of a County's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$201.4 million, representing an increase of \$10.3 million or 5.4% as compared to the prior year. The increase in the governmental funds balance can be attributed to an increase in the General Fund by \$31.8 million, Highway Fund by \$8.9 million, Sewer Fund by \$1.8 million, Grant Fund by \$0.9 million, and Other Governmental Funds by \$1.0 million; offset by a decrease in the Capital Improvement Fund by \$34.1 million.

Approximately \$75.4 million or 37.5% of the total fund balances of the governmental funds is comprised of unassigned funds. For the current fiscal year, the Emergency Fund balance of \$33.4 million was reclassified from committed funds to unassigned funds as it did not qualify as committed funds for reporting purposes. The remainder of total governmental fund balances of \$126.0 million is comprised of \$53.6 million in restricted funds, \$32.9 million in committed funds, and \$39.5 million in assigned funds. There was a total of \$162.7 million in encumbered governmental funds comprised of \$154.8 million in the major funds and \$7.9 million in the non-major funds.

General Fund. The General Fund is the chief operating fund for the County. At the end of the current fiscal year, the fund balance of the General Fund was \$113.5 million, which included \$4.7 million in restricted funds, \$0.2 million in committed \$33.2 million in assigned, and \$75.4 million in unassigned funds. The unassigned fund balance represents 26.2% of total General Fund expenditures, while the total fund balance of the General Fund represents 39.5% of the expenditures. There was a total of \$17.0 million in encumbrances in the General Fund at the end of fiscal year 2018.

COUNTY OF MAUI
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
JUNE 30, 2018

The fund balance for the General Fund increased by \$31.8 million during the current fiscal year. This compares with a decrease of \$3.3 million from the prior year. Key factors for the increase of \$31.8 million in the General Fund balance this year compared to the prior year are as follows:

- Total revenues increased by \$42.0 million or 13.1% from prior year, largely reflective of increased revenues from taxes of \$37.8 million, other revenues of \$5.5 million, licenses of \$1.4 million, charges for services of \$0.2 million, and fines and forfeitures of \$0.1 million; offset by decreased interest and investment earnings of \$3.1 million, when compared to prior year.
- Total expenditures increased by \$4.4 million or 1.6% from prior year. The increase is due to expenditures of \$10.8 million in General Government, \$3.7 million in Public Safety, \$0.3 million in Legislative, and \$0.1 million in Social Welfare; offset by a decrease of expenditures of \$8.7 million in Culture and Recreation, and \$1.7 million in Highways and Streets.
- Other Financing Uses, net decreased \$2.4 million from prior year, due primarily to a decrease in transfers out to the Debt Service Fund of \$1.4 million, Capital Improvement Projects of \$1.0 million, and Proprietary funds of \$0.5 million; offset by an increase in the transfers out to Other Governmental funds of \$3.7 million, and an increase in the transfers in from the Special Revenue funds of \$1.4 million; offset by transfers in from the Lapse from Capital Improvement Projects of \$2.1 million, Other Governmental funds of \$0.8 million, and Proprietary funds of \$0.2 million. The \$2.4 million decrease in Other Financing Uses, offset by an increase of \$37.5 million in revenues over expenditures resulted in an increase of \$35.1 million in the net change in fund balance from the prior year.

Revenues from taxes increased by \$37.8 million, from \$280.3 million in fiscal year 2017 to \$318.1 million in fiscal year 2018.

Real property tax is the most significant revenue source for the County. This fiscal year's collection of \$310.5 million represents 57.7% of all the revenues for the County governmental funds. This year's collection increased by \$37.5 million or 13.7% from last year's collection of \$273.0 million. The increase in real property tax collection in fiscal year 2018 was due to increased property tax valuations and tax rate for all property classifications.

The property tax valuations for tax rate purposes (tax base) increased from \$44.4 billion in fiscal year 2017 to \$46.0 billion in fiscal year 2018, representing an increase of 4%. The tax rates in 2018 increased for all the classifications: Residential from \$5.30 to \$5.54, Apartment from \$6.00 to \$6.32, Commercial from \$6.60 to \$7.28, Industrial from \$6.69 to \$7.49, Agricultural from \$5.66 to \$6.01, Conservation from \$5.80 to \$6.37, Hotel and Resort from \$8.71 to \$9.37, Time share from \$14.31 to \$15.43, Homeowner from \$2.70 to \$2.86, and Commercialized Residential from \$4.35 to \$4.56.

The Maui County Code allows for twenty different tax rates; one for land and one for improvements for each of the ten different classifications of property. The County however, has been utilizing one rate for both land and improvements. Within the ten classifications of property, ten different tax rates are used.

COUNTY OF MAUI
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
JUNE 30, 2018

Included in the Taxes category for the General Fund is the public service company tax. This tax, which is levied against public utilities, provides for a tax of 1.885% of the gross income in lieu of real property tax. Collections for the Public Service Company tax were \$7.0 million, representing a decrease of \$0.7 million over the prior fiscal year.

Highway Fund. At the end of the current fiscal year, the fund balance of the Highway Fund was \$19.6 million, of which the entire amount was restricted. A total of \$3.1 million in the Highway Fund was encumbered at the end of fiscal year 2018.

The revenues in the Highway Fund primarily derived from the fuel tax (\$16.4 million), franchise tax (\$8.0 million), and motor vehicle weight tax (\$24.0 million), classified as licenses and permits, and public transit bus fare (\$2.5 million) collectively made up 9.5% (\$51.0 million) of the revenues in the governmental funds. The fiscal year 2018 revenue collection was \$3.6 million more than the previous year due to increased revenues from motor vehicle license \$2.6 million, Fuel tax \$0.8 million, and Franchise tax \$0.3 million; offset by a decrease of revenue from Permit fees of \$0.1 million.

The expenditures of \$32.3 million for the Highway Fund was an increase of \$2.6 million or 8.8% from the prior fiscal year.

The total other financing sources (uses) for the Highway Fund decreased from (\$16.7) million in fiscal year 2017 to (\$9.7) million in fiscal year 2018. With a beginning fund balance of \$10.6 million, the Highway Fund ended with a fund balance of \$19.6 million, an increase in fund balance of \$8.9 million.

Sewer Fund. At the end of the current fiscal year, the fund balance of the Sewer Fund was \$13.8 million which represented committed funds. A total of \$1.6 million in the Sewer Fund was encumbered at the end of fiscal year 2018.

The Sewer Fund revenues of sewer and cesspool fees of \$54.3 million reflect an increase of \$2.3 million or 4.4% from last year's revenue collection of \$52.0 million.

The Sewer Fund expenditures of \$28.5 million increased \$1.2 million or 4.6% from the prior fiscal year, primarily due to a decrease in operating expenditures as it relates to waste water reclamation. With a beginning fund balance of \$12.0 million, the Sewer Fund ended with a fund balance of \$13.8 million, an increase in fund balance of \$1.8 million from fiscal year 2017 to fiscal year 2018.

Grant Fund. Total revenue for the Grant Fund was \$33.8 million, representing a decrease of \$6.2 million or 15.6% over last year.

The Grant Fund expenditures in the current fiscal year decreased by \$6.6 million or 16.7% compared to the prior year.

Capital Improvement Projects Fund. At the end of the current fiscal year, the fund balance of the Capital Improvement Projects (CIP) Fund was \$6.3 million, of which the entire amount was assigned. A total of \$126.3 million in the Capital Improvement Projects Fund was encumbered at the end of the current fiscal year.

COUNTY OF MAUI
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
JUNE 30, 2018

Expenditures for capital improvement projects for fiscal year 2018 were \$87.1 million (excluding bond issuance costs). This amount, compared with last year's expenditures of \$48.1 million, represents an increase of \$38.9 million or 80.9%.

The largest expenditures were reflected in the Sewer Systems category of \$34.0 million, which comprised 39.1% of the total CIP expenditures. Capital projects under this category consisted primarily of the Lahaina Wastewater Reclamation Facility Modifications Stage 1A in the amount of \$18.4 million, Kihei Force Main No. 16 Replacement in the amount of \$3.6 million, and Lahaina Wastewater Pump Station No. 3 Modifications in the amount of \$1.6 million.

The Roads category had expenditures of \$17.5 million or 20.1% of total expenditures of the Capital Improvements Projects Fund. The Kahekili Highway Improvement in the amount of \$3.6 million, Baldwin Avenue Pavement Rehabilitation in the amount of \$2.4 million, and Kuikahi Drive Pavement Rehabilitation in the amount of \$2.4 million were the major projects under this category.

Expenses in the Parks category had expenditures of \$14.1 million or 16.2% of the total expenditures in the Capital Improvements Projects Fund. The South Maui Park Recreation Center in the amount of \$6.4 million, West Maui Parks System in the amount of \$2.5 million, and Upcountry Skate Park in the amount of \$1.2 million were the major projects in this category.

Expenditures in the Government Facilities category of \$7.8 million comprised 9.0% of the total expenditures in the Capital Improvement Projects Fund. The projects in this category were the Wailuku Redevelopment Municipal Parking and Events in the amount of \$4.4 million and Kalana O Maui Electrical Upgrades in the amount of \$0.7 million.

Expenditures in the Solid Waste Facilities category of \$6.2 million comprised 7.1% of the total expenditures in the Capital Improvement Projects Fund. The Hana Landfill Makai Berm Waste in the amount of \$1.5 million, and Makani Landfill Site Restoration in the amount of \$1.3 million were the major projects in this category.

Expenditures in the Drainage category of \$4.6 million comprised 5.3% of the total expenditures in the Capital Improvement Projects Fund. The major projects in this category were South Kihei Road Culvert Replacement in the amount of \$1.9 million and Waiehu Drainline Repairs in the amount of \$0.6 million.

COUNTY OF MAUI
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
JUNE 30, 2018

BUDGETARY HIGHLIGHTS

The General Fund budget amendments for fiscal year 2018 primarily consisted of \$2.5 million for the Countywide Costs under the Department of Finance and \$1.5 million for the Department of Fire and Public Safety.

The major negative budget variance for revenues (final amended budget and actual amounts) in the General Fund was due to the public service company tax. It reflected a negative variance, with actual revenues of \$7.0 million, \$1.54 million below budget.

The major positive budget variance for expenditures in the General Fund was in General Government of \$17.6 million, followed by Legislative of \$2.5 million, Public Safety of \$2.3 million, and Culture and Recreation of \$2.0 million. Savings from the Countywide Costs Program in the General Government category, Council Services Program in the Legislative category, Investigative Service Program and Technical and Support Services Program in the Public Safety category, and Recreation and Support Services Program in the Culture and Recreation category primarily contribute to the positive variance in the expenditures for the General Fund.

Capital Assets. The County's investment in capital assets for its governmental and business-type activities as of June 30, 2018 amounted to \$1.2 billion (net of accumulated depreciation of \$1.4 billion). This investment of capital assets includes land, buildings and systems, improvements other than buildings, machinery and equipment, infrastructure (roadway systems, bridges, landfills and sewer systems) and construction in progress.

During fiscal year 2018, capital assets relating to governmental activities reflected additions of \$145.1 million, depreciation expense of \$47.7 million, and transfers/retirements of \$75.5 million (net), resulting in capital assets, net of \$817.5 million. Capital assets relating to business-type activities reflected additions of \$56.2 million, depreciation expense of \$15.8 million, and transfers/retirements of \$8.1 million (net) resulting in capital assets, net of \$378.9 million.

Capital asset additions relating to governmental activities were primarily attributable to road, bikeway and bridge improvements, sewer infrastructure, and government facilities. Capital assets additions related to business-type activities were primarily attributable to DWS infrastructure projects (waterlines, reservoirs, and replacement of pumping equipment).

Contractual commitments for capital assets at June 30, 2018 for the governmental and business-type activities amounted to \$162.7 million and \$20.6 million, respectively.

Additional information on the County's capital assets can be found in Note 6 to the basic financial statements of this report.

Long-Term Debt. At the end of the current fiscal year, the County had total long-term debt outstanding of \$303.5 million (\$237.7 million related to governmental activities and \$65.8 million related to business-type activities). Of this amount, \$195.2 million is comprised of debt backed by the full faith and credit of the government GO bonds, while \$108.2 million represents SRF loans. The SRF loans are used for construction of wastewater facilities and projects relating to compliance with drinking water standards, and protection of public health and environment.

The County's total GO bonds and loans increased by \$2.1 million during the current fiscal year. The increase is reflective of a \$24.9 million increase in SRF loans, offset by a decrease of \$22.9 million in GO bonds.

The State Constitution limits the amount of general obligation debt a governmental entity may issue to 15 percent of its total assessed valuation. The current debt limitation for the County of Maui is \$6.9 billion, which is significantly in excess of the County's outstanding general obligation debt. As of June 30, 2018, the County's current outstanding debt applicable to the limit of \$283.8 million represents only 4.12% of the County's debt limitation.

Additional information on the County's long-term debt can be found in Note 7 in the notes to the basic financial statements.

COUNTY OF MAUI
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
JUNE 30, 2018

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Like the State of Hawaii, the growth of Maui County's economy, now in its eight year of expansion, is beginning to slow despite record tourist arrivals and very low unemployment numbers. This is the consequence of a flattening construction path and the natural effects of the tightening labor markets. Despite the aforementioned, the near term outlook for Maui County's economy remains positive based largely on the continued strength of the tourism sector.

The real property tax base for fiscal year 2019 of \$48.8 billion is an increase of \$2.9 billion or 6.3% from the fiscal year 2018.

The real property tax rates (per \$1,000 assessed valuation) for fiscal year 2019 slightly decreased for all classifications except for Hotel & Resort, and the addition of a Short-Term Rental classification. The following were the decreases in each category: Residential from \$5.54 to \$5.52, Apartment from \$6.32 to \$6.31, Commercial from \$7.28 to \$7.25, Industrial from \$7.49 to \$7.45, Agricultural from \$6.01 to \$6.00, Conservation from \$6.37 to \$6.35, Homeowner from \$2.86 to \$2.85, Time share from \$15.43 to \$15.41, Commercial Residential from \$4.56 to \$4.55, Hotel and Resort remain the same rate at \$9.37 and the addition of a Short-Term Rental set for \$9.28. The budgeted real property tax levy of \$321.5 million for fiscal year 2019 is an increase of \$18.3 million or 6.0% from fiscal year 2018, largely as a result of the higher tax rates.

The fiscal year 2019 budget appropriated \$18.1 million to satisfy the annual required contribution towards its health benefits for its unfunded actuarial liability.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Office of the Director of Finance, 200 South High Street, Wailuku, Hawaii 96793.

COUNTY OF MAUI
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE GOVERNMENTAL ACTIVITIES IN
THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2018

Net change in Fund Balances - Total Governmental Funds	\$ 10,265,819
Amounts reported for governmental activities in the statement of activities are different due to:	
Governmental funds report capital outlays as expenditures and do not report depreciation However, in the statement of activities the cost of those assets are depreciated over their estimated useful lives as depreciation expense.	
Capital outlays reported in the Capital Improvement Project Fund and other funds, net of retirements	69,578,450
Depreciation expense	(47,700,047)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes current financial resources: This is the amount by which bond principal payments exceed bond proceeds.	20,427,643
This is the amount by which loan proceeds exceed loan principal payments.	(7,985,185)
Certain expenses reported in the statement of activities are not current financial resources and, therefore, are not expenditures in the governmental funds:	
Change in landfill closure accrual.	585,463
Change in vacation accrual.	(69,667)
Change in claims and judgments accrual.	(2,223,376)
Change in compensatory time off accrual.	(430,965)
Change in pollution remediation accrual.	2,157,304
Net pension activity	(45,855,881)
Net OPEB activity	1,361,418
Accrued interest reported is an expense in the statement of activities but not reported as an expenditure in the governmental funds.	239,768
Unavailable revenues are recognized in the statement of activities which differs from the current financial resource measurement of the governmental funds.	(574,490)
Bond premiums are deferred and amortized in the government-wide financial statement but recorded as bond proceeds when received in the governmental funds. This is the current year deferrals, net of current year amortization of bond premiums.	2,795,700
Losses on early retirement of bonds outstanding are capitalized and amortized in the statement of activities over the life of the debt. This is the current year additions, net of current year amortization of losses on early retirement of bonds.	(988,857)
Change in Net Position of Governmental Activities	\$ <u>1,583,097</u>

The notes to the financial statements are an integral part of this statement.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 1 - REPORTING ENTITY, FINANCIAL STATEMENT PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the County of Maui, State of Hawaii (the County) conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The following is a summary of the financial reporting entity, financial statement presentation and the more significant accounting policies.

The Financial Reporting Entity -

County of Maui - The County is a municipal corporation governed by an elected mayor and a nine-member County Council. The County operates under the Charter of the County of Maui that was last amended in 2016.

The accompanying basic financial statements present all operations of the County as the primary government. The County's governmental activities are organized by the following general functions: general government, public safety, highways and streets, sanitation, social welfare, culture and recreation, and legislative. The County's business-type activities include the Department of Water Supply (Department), the Housing, Interim Financing, Buy-Back Revolving Fund, and the Golf Course Special Fund.

State of Hawaii agencies assume full responsibility for the administration of several major functions usually performed by local governments such as education, welfare, health, and judicial functions. These agencies are not dependent on the County, and therefore, are not included in these basic financial statements. There are no separate city, county, or township governments nor any school district, special districts, authorities, public corporations, or component units for which the County is financially accountable.

Financial Statement Presentation -

Accounting Standards Applied - The financial statements of the County have been prepared in conformity with GAAP. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The County follows all applicable GASB pronouncements.

The accounts of the County are organized and operated on the basis of funds, each of which is considered a separate fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, deferred outflows, liabilities, deferred inflows, fund balances, net position, revenues, and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Government-Wide Financial Statements - The government-wide financial statements (i.e., the statement of net position and the statement of activities) display information about the primary government (the County). These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. For example, the direct expenses charged based on actual use are not eliminated, whereas indirect expense allocations made in the funds are eliminated. These statements distinguish between the *governmental* and *business-type* activities of the County. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other non-exchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 1 - REPORTING ENTITY, FINANCIAL STATEMENT PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The statement of activities, which is included in the government-wide financial statements, presents a comparison between the direct expenses and program revenues for each business-type activity of the County and each function of the County's governmental activities. Direct expenses are those that are specifically associated with a business-type activity or function. Program revenues include 1) fees, fines, and charges paid by the recipients of goods and services offered by the programs, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are instead presented as general revenues.

Fund Financial Statements - The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category, such as governmental, proprietary, and fiduciary are presented. The emphasis of fund financial statements are on the major governmental and enterprise funds of the County and are reported separately in the accompanying financial statements. All remaining governmental funds are aggregated and reported as non-major funds.

Governmental Fund Financial Statements - Governmental fund financial statements include a balance sheet and statement of revenues, expenditures, and changes in fund balances.

The following is a brief summary of the County's major governmental funds -

General Fund - This is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Highway Fund - This fund accounts for operations and maintenance of the County's highways and streets. Funding is provided by the County's fuel tax, public utility franchise tax, and the motor vehicle weight tax. These taxes must be used for highway-related purposes.

Sewer Fund - This fund accounts for the operations and maintenance of the County's sewer system. Funding is provided by sewer assessment fees.

Grant Fund - This fund accounts for the administration of various Federal and State of Hawaii grants.

Debt Service Fund - This fund accounts for the accumulation of resources for, and the payment of general long-term principal and interest and related costs.

Capital Improvement Projects Fund - This fund accounts for the financial resources to be used for the acquisition or construction of various major capital facilities.

Governmental funds are those through which most governmental functions of the County are financed. The acquisition, use and balances of the County's expendable financial resources and the related liabilities (except those accounted for in proprietary funds) are accounted for through governmental funds. Governmental funds are accounted for using a "current financial resources" measurement focus. With this measurement focus, generally only current assets and current liabilities are included on the balance sheet. Fund balance is considered a measure of expendable available financial resources. Operating statements of these funds present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) as a net increase or decrease in the respective fund balance.

JUNE 30, 2018

NOTE 1 - REPORTING ENTITY, FINANCIAL STATEMENT PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Proprietary Fund Financial Statements - Proprietary fund financial statements include a statement of net position, a statement of revenues, expenses and changes in net position, and a statement of cash flows.

The following is a brief summary of the County's major proprietary funds:

Department of Water Supply - The Department was created to develop adequate water sources, storage, and transmission for both urban and agricultural uses for the County.

Housing, Interim Financing, and Buy-Back Revolving Fund - This fund was established to account for the developing and selling of housing units on land acquired by the County to moderate and low-income residents, and to account for financing and operation of low-income rental projects developed by the County.

Golf Course Special Fund - This fund was established to account for the financing and operation of the County's golf course, pro-shop, and food and liquor concession.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the statement of net position. The statement of revenues, expenses, and changes in net position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned, while expenses are recognized in the period in which the liability is incurred.

Proprietary funds distinguish between operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Fiduciary Fund Financial Statements - Fiduciary fund financial statements include a statement of fiduciary net position. These funds account for money received, held and disbursed in a trustee capacity or as an agent for individuals, other governmental units, and other funds. The County's fiduciary funds represent agency funds, which are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The agency funds are accounted for under the accrual basis of accounting as are the proprietary funds explained above.

Fiduciary funds of the County include the following agency funds:

Refundable Deposits Fund - This fund is used to account for the bid bond, performance and payment bond, and subdivision bond monies held by the County until the purpose for which the bond was posted is completed.

Agency Trust Funds - These funds are used to account for other monies collected in an agency capacity and include motor vehicle registration fees collected on behalf of the State of Hawaii and taxes withheld from employee pay.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 1 - REPORTING ENTITY, FINANCIAL STATEMENT PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Summary of Significant Accounting Policies -

Measurement Focus and Basis of Accounting - The basis of accounting determines when transactions are reported on the financial statements. The government-wide, proprietary, and fiduciary funds (excluding agency funds) financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales taxes recognized in the fiscal year for which the taxes are levied. Revenues from sales and use, transient occupancy, and utility user tax are recognized when the underlying transactions take place. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus. This focus is on the determination of, and changes in financial resources, and generally only current assets and current liabilities are included in the balance sheet. All governmental funds are accounted for on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual (generally received within 60 days after year-end) are recognized when due. The primary revenue sources, which have been treated as susceptible to accrual by the County, are real property taxes, fuel and franchise taxes, assessments, rents and concessions, sewer charges, landfill usage charges, certain state and federal grants, and interest from investments. Licenses and permits, forfeitures, penalties, and other miscellaneous revenues are not susceptible to accrual, because they are not measurable until received in cash. Expenditures are recorded in the accounting period in which the related fund liability is incurred except for debt service expenditures, as well as expenditures related to vacation, landfill closure and post-closure costs, and claims and judgments, which are recorded only when payment is due.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net positions available to finance the program. It is the County's policy to first apply restricted cost-reimbursement grant resources to such programs, followed by restricted categorical block grants, and then by unrestricted general revenues.

Cash and Investments - Cash balances of the County's funds are pooled and invested by the County Treasury unless otherwise dictated by legal or contractual requirements. Income and losses arising from the investment activity of pooled cash are allocated to participating funds on a periodic basis, based on their proportionate shares of the average cash balances.

Cash includes amounts in demand and time deposits primarily with various financial institutions in Hawaii, with fiscal agents, and in imprest and change funds. Cash on deposit with financial institutions are collateralized in accordance with State statutes (see Note 2).

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 1 - REPORTING ENTITY, FINANCIAL STATEMENT PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

For purposes of the statement of cash flows, the proprietary funds consider all equity in pooled cash and investments held in County Treasury (including restricted cash) to be cash equivalents.

Investments in negotiable time certificates of deposits and repurchase agreements are carried at cost, which approximates fair value. Investments in U.S. Treasury, U.S. government agencies, municipal securities, and commercial paper are carried at fair value.

Real Property Taxes - Real property taxes are assessed and billed annually. The County's real property taxes, which are levied on July 1st and billed by July 20th of each year based on assessed valuations as of January 1st, are due in two equal installments on the following August 20th and February 20th. Accordingly, real property tax receivables at June 30, 2018 are delinquent and amounts, if not collected within sixty days after year-end, are reported as deferred inflows in the General Fund. A lien for real property tax is attached as of July 1st of each year.

Real Property Tax Abatement Programs - The County provides for various tax abatement programs under Maui County Code, Chapter 3.48, Real Property Tax. However, the Dedicated Lands tax abatement program, under section 3.48.350, accounts for approximately 99% of tax abatements in both number and dollars.

Dedicated Lands - Section 3.48.350 of the Maui County Code provides an abatement to encourage the dedication of land for a specific ranching or other agricultural use. Taxpayers must file a petition providing for a dedication request with the Director of Finance and the Director must approve such petition to receive the abatement. The abatement for dedicated lands for a specific ranching or other agricultural use provides for land taxed at its assessed value in this use or fifty percent of its assessed value for ten or twenty years, respectively. The amount of the abatement is shown as a reduction of the assessed value of the property and the property tax is calculated based on the net taxable value of the property. Dedication of land is for a minimum of either ten or twenty years. The petition is automatically renewable indefinitely, subject to varying cancellations under the ten and twenty year dedications. Changes in dedication of land use must also be approved by the Director of Finance.

The gross amount by which the County tax revenues were reduced during the year as a result of the Dedicated Lands tax abatement program was approximately \$5.4 million.

Inventory - Inventory consists entirely of construction and maintenance materials and supplies held by the Department of Water Supply, a proprietary fund, and is stated at cost on an average cost basis.

Capital Assets - Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, sewer systems, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The County defines capital assets as assets with an initial, individual cost of more than \$5,000 for equipment and an estimated useful life in excess of one year. For capital improvement projects, capital assets are defined as capital improvements with initial, individual costs of more than \$250,000, while cost for improvements to existing capital improvement projects greater than \$100,000 are capitalized. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. Donated capital assets, donated works of art and similar items, and capital assets received in service concession arrangements are reported at acquisition value rather than fair value.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 1 - REPORTING ENTITY, FINANCIAL STATEMENT PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend the assets lives are not capitalized but charged to operations as incurred. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities and enterprise funds, if any, is included as part of the capitalized value of the assets constructed.

Capital assets of the primary government are depreciated using the straight-line method over the following useful lives:

Bridges	50 - 75 years
Building and land improvements	20 - 45 years
Drainage systems	50 years
Equipment	5 - 10 years
Landfill infrastructure	5 years
Roadway systems	15 - 20 years
Sewer systems	20 - 50 years
Transportation and construction equipment	5 - 10 years

Sales and retirements of depreciable property are recorded by removing the related cost and accumulated depreciation from the accounts. Gains or losses on sales and retirements of property are reflected in the statement of activities and proprietary funds' statement of revenues, expenses, and changes in net position.

Deferred Outflows of Resources and Deferred Inflows of Resources - Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense or expenditure) until that time. The County has two items that qualify for reporting in this category. The County reports the deferred loss on advanced refunding and deferred items related to pensions and other postemployment benefits other than pensions (OPEB) as deferred outflows of resources in its statement of net position.

Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. Property taxes, fees and other non-exchange transactions received in the current fiscal year for the ensuing fiscal year are reported as deferred inflows of resources. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The County also reports deferred inflows of resources for items related to pensions and OPEB, primarily the County's proportion of the difference between projected and actual earnings on pension plan and OPEB investments, changes in proportion and difference between the County's contributions and proportionate share of contributions, and changes in assumptions related to pensions and OPEB.

Internal Balances - Significant transfers of financial resources between departments and activities included within the same fund, which are recorded as revenues by the transferee and expenditures or expenses by the transferor, have been eliminated. Transfers of revenues from funds authorized to receive them to funds authorized to expend them have been recorded as transfers in the fund financial statements.

All inter-fund receivables and payables are eliminated in the government-wide governmental and business-type activities columns of the statement of net position, except for those amounts due between governmental and business-type activities, which are presented as internal balances.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 1 - REPORTING ENTITY, FINANCIAL STATEMENT PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Long-Term Debt - In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type financial statements.

Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

For advanced refunding resulting in the defeasance of debt, the difference between the reacquisition price and the carrying amount of the old debt is deferred. The amount deferred is reported as a deferred inflow of resources or outflow of resources and recognized as a component of interest expense over the remaining life of the old debt or the new debt, whichever is shorter.

In the governmental fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Compensated Absences - In the governmental fund financial statements, vacation pay and compensatory time off are recorded as expenditures when liquidated with expendable available financial resources. Vested or accumulated vacation leave and compensatory time off of proprietary funds and in the government-wide financial statements are recorded as an expense and liability of those funds and activities as the benefits accrue to employees. Vacation benefits accrue at one and three-quarters working days for each month. Each employee is allowed to accumulate a maximum of 90 days of vacation as of the end of the calendar year. Employees earn compensatory time off at the rate of one and a half hours for each hour of overtime worked. Unused compensatory time off is converted to pay upon termination of employment.

Sick leave accumulates at the rate of one and three-quarters working days for each month, without limit. Sick leave is taken only in the event of illness and is not convertible to pay; accordingly, sick leave is not accrued on either the government-wide or fund financial statements. Employees who retire or leave government service in good standing with sixty or more unused sick leave days are entitled to an additional service credit in the retirement system. At June 30, 2018, accumulated sick leave amounted to approximately \$86.1 million.

Claims and Judgments - Liabilities for claims and judgments are estimated by a combination of case-by-case review of all claims and the application of historical experience to the outstanding claims. The County's policy is to record claims and judgments as expenditures in its governmental fund financial statements when they are due and payable.

Liabilities for claims and judgments are accrued and expensed in the government-wide and proprietary fund financial statements based on the County's exposure to loss.

Net Position - The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

Net Investment in Capital Assets - This is intended to reflect the portion of net position which is associated with non-liquid capital assets less outstanding debt related to these assets.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 1 - REPORTING ENTITY, FINANCIAL STATEMENT PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Restricted Net Position - Restricted net position has third party (statutory, bond covenant or granting agency) limitations on its use or has restrictions imposed by law through enabling legislation, and includes unspent proceeds of bonds issued to acquire or construct assets. The County's policy is generally to use restricted net position first, as appropriate opportunities arise.

Unrestricted Net Position - Unrestricted net position represents all other net position not accounted for in the two categories noted above.

Fund Balance Policies - Fund balances of governmental funds are reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. Fund balances for government funds are comprised of the following:

Nonspendable Fund Balance - includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance - includes amounts that are subject to constraints imposed or legally enforceable by external parties. Funds with restrictions imposed by the Hawaii Revised Statutes and the Maui County Charter are examples of such funds of the County.

Committed Fund Balance - includes amounts that are subject to constraints created by the County and can only be changed by the County's highest level of formal action. The County Council and the Mayor of the County of Maui act in concert as the County's highest decision-making authorities. Bills passed by the County Council and approved by the Mayor are designated as ordinances and become part of the Maui County Code.

Assigned Fund Balance - includes fund balances that have been encumbered for purchasing commitments by the Chief Procurement Officer or delegate in accordance with the Finance and Budget policies and are considered neither restricted nor committed.

Unassigned Fund Balance - includes amounts that have no constraints whatsoever and are available for spending at the County's discretion.

The County has established a policy relative to the order of the allocation of expenditures. The County's policy is to use resources in all funds in the following order: (1) Restricted, (2) Committed, (3) Assigned and (4) Unassigned.

Pensions - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Employees' Retirement System of the State of Hawaii (ERS) and additions to/deductions from the ERS's fiduciary net position have been determined on the same basis as they are reported by the ERS. For this purpose, employer and employee contributions are recognized in the period in which the contributions are legally due and benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at their fair value.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 1 - REPORTING ENTITY, FINANCIAL STATEMENT PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Postemployment Benefits Other Than Pensions - For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Hawaii Employer-Union Health Benefits Trust Fund ("EUTF") and additions to/deductions from EUTF's fiduciary net position have been determined on the same basis as they are reported by EUTF. For this purpose, EUTF recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for investments in commingled and money market funds, which are reported at net asset value (NAV). The NAV is based on the fair value of the underlying assets held by the respective fund less its liabilities.

Use of Estimates - The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources, as well as disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures or expenses, and other financing sources and uses during the reporting period. Actual results could differ from those estimates.

New Accounting Pronouncements - The County has implemented or is currently analyzing its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

The GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The Statement replaces GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans* (GASBS 75). The Statement will require the liability of employers for defined benefit OPEB to be measured as the portion of the present value of projected benefit payments to be provided to current active and inactive employees that is attributed to those employees' past periods of service, less the amount of the OPEB plan's fiduciary net position. The requirements of this Statement are effective for fiscal years beginning after June 15, 2017. Management has adopted the applicable requirements of the new standard as presented in the County's financial statements.

The GASB issued Statement No. 83, *Certain Asset Retirement Obligations*. This Statement addresses accounting and financial reporting for certain asset retirement obligations ("AROs"). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. Management has not yet determined the effect this Statement will have on the County's financial statements.

The GASB issued Statement No. 84, *Fiduciary Activities*. This Statement establishes specific criteria for identifying activities that should be reported as fiduciary activities and clarifies whether and how business-type activities should report their fiduciary activities. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. Management has not yet determined the effect this Statement will have on the County's financial statements.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 1 - REPORTING ENTITY, FINANCIAL STATEMENT PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The GASB issued Statement No. 85, *Omnibus 2017*. This Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits [OPEB]). The requirements of this Statement are effective for reporting periods beginning after June 15, 2017. Management has adopted the applicable requirements of the new standard as presented in the County's financial statements.

The GASB issued Statement No. 86, *Certain Debt Extinguishment Issues*. This Statement addresses in-substance defeasance of debt when a government places cash and other monetary assets acquired with only existing resources, as opposed to proceeds of refunding debt, in an irrevocable trust to extinguish the debt. The requirements of this Statement are effective for reporting periods beginning after June 15, 2017. Management has determined that this Statement does not have a material impact on the County's financial statements.

The GASB issued Statement No. 87, *Leases*. This Statement requires the recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Management has not yet determined the effect this Statement will have on the County's financial statements.

The GASB issued Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*. This Statement defines debt for purposes of disclosure in notes to financial statements and establishes additional financial statement note disclosure requirements related to debt obligations of governments, including direct borrowings (for example, a government entering into a loan agreement with a lender) and direct placements (for example, a government issuing a debt security directly to an investor). Direct borrowings and direct placements have terms negotiated directly with the investor or lender and are not offered for public sale. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. Management has not yet determined the effect this Statement will have on the County's financial statements.

The GASB issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Changes adopted to conform to the provisions of this Statement should be applied prospectively. Management intends to early adopt the applicable requirements of the new standard for the fiscal year ending June 30, 2019.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 1 - REPORTING ENTITY, FINANCIAL STATEMENT PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The GASB issued Statement No. 90, *Majority Equity Interests - an Amendment of GASB Statements No. 14 and No. 61*. This Statement improves the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and improves the relevance of financial statement information for certain component units. This Statement also requires that a component unit in which a government has a 100 percent equity interest account for its assets, deferred outflow of resources, liabilities, and deferred inflows of resources at acquisition value at the date the government acquired 100 percent equity interest in the component unit. The requirements for this Statement are effective for reporting periods beginning after December 15, 2018. Management has not yet determined the effect this Statement will have on the County's financial statements.

NOTE 2 - CASH, DEPOSITS, AND INVESTMENTS

Pooled Cash and Investments Held in County Treasury

Total County and fiduciary funds cash, deposits, and investments as of June 30, 2018, at fair value, are as follows:

	Governmental Activities	Business-type Activities	Fiduciary Funds	Fair Value
Equity in pooled cash and investments	\$ 227,275,320	\$ 64,706,058	\$ 32,140,814	\$ 324,122,192
Restricted investments - equity in pooled cash and investments	--	<u>23,125,025</u>	--	<u>23,125,025</u>
Total equity in pooled cash and investments	\$ <u>227,275,320</u>	\$ <u>87,831,083</u>	\$ <u>32,140,814</u>	\$ <u>347,247,217</u>
		Cash on hand and deposits	\$ 43,551,274	
		Certificates of deposit	94,490,520	
		Investments	<u>209,205,423</u>	
		Total equity in pooled cash and investments	\$ <u>347,247,217</u>	

The County maintains a cash and investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the accompanying statement of net position and balance sheets as "Equity in pooled cash and investments held in County Treasury."

County's Investment Policy

The County's investment policy conforms with the State of Hawaii statutes (Chapter 46, Section 50), which authorize the County to invest in obligations of the U.S. Treasury and U.S. government agencies, municipal securities, auction rate securities collateralized by student loans, bank repurchase agreements, commercial paper, banker's acceptances, and money market funds.

Specific requirements under the County's investment policy are as follows:

- With the exception of U.S. Treasury securities and bank certificates of deposit fully insured by the Federal Deposit Insurance Corporation (FDIC) not to exceed \$250,000 per banking institution, no more than 30% of the County's investment portfolio will be invested in a single type of security, a single issuer, or financial institution.
- Investment maturities are not to exceed five years.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 2 - CASH, DEPOSITS, AND INVESTMENTS (Continued)

Investment Risk - The investments are subject to certain types of risk, including interest rate risk, credit quality risk, concentration of credit risk, and custodial credit risk.

Interest Rate Risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County has a formal investment policy that follows State of Hawaii statutes, which limits investment maturities to five years as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Quality Risk - Credit risk is the risk that an issuer or counterparty to an investment will not fulfill its obligation. The County's investment policy limits investments in municipal securities, U.S. Treasury securities, negotiable time certificates of deposit, U.S. government agency obligations, repurchase agreements, commercial paper, banker's acceptances, money market funds, and auction rate securities collateralized by student loans maintaining a Triple-A rating. The bond ratings for the County's investments in U.S. agency obligations (government sponsored enterprises) at June 30, 2018 were as follows:

	Rating
AA+	\$ 171,781,995
AA	4,210,742
Not rated	127,703,206
	<u>\$ 303,695,943</u>

Concentration of Credit Risk - Concentration of credit risk is the risk of loss attributable to the magnitude of the County's investments in a single issuer or investment. The County diversifies its investments to minimize such risk and with the exception of U.S. Treasury securities, no more than 30% of the investment portfolio can be invested in a single type of security or financial institution.

Custodial Credit Risk - Custodial credit risk is the risk that in the event of failure of the counterparty to an investment, the County would not be able to recover the value of investment or collateral securities that are in the possession of an outside party. All of the County's investments are either insured or held by an agent in the name of the County, including the investment collateral underlying the repurchase agreements.

Custodial credit risk for bank depository accounts is the risk that in the event of a bank failure, the County's deposits may not be returned. It is the County's policy to place its bank deposits with State of Hawaii high credit quality financial institutions that are able to meet the collateral requirements for the County's deposits. As of June 30, 2018, substantially all of the County's cash balance of approximately \$43.6 million and negotiable time certificates of deposit of approximately \$94.5 million were insured or collateralized.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 2 - CASH, DEPOSITS, AND INVESTMENTS (Continued)

Investments

As of June 30, 2018, the County and fiduciary fund's investments were as follows:

Type of Investment	% Yield	Maturity				Premiums (Discounts)	Fair Value
		Under 30 Days	31-180 Days	181-365 Days	1 - 5 Years		
Federal National Mortgage Association Coupon Notes	1.207 - 1.843	\$ --	\$ 1,000,000	\$ 6,000,000	\$ 26,565,000	\$ (761,602)	\$ 32,803,398

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that a government can access at the measurement date. An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 - Inputs other than quoted prices included within level 1 that are observable for an asset or liability, either directly or indirectly. If the asset or liability has a specified (contractual) term, a level 2 input must be observable for most of the full term of the asset or liability. Level 2 inputs include:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in markets that are not active,
- Inputs other than quoted prices that are observable for the asset or liability,

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs are unobservable for an asset or liability.

Following is a description of the valuation techniques used by the County to measure fair value:

U.S. Treasury obligations: Valued using quoted prices in active markets for identical assets.

U.S. government agency and municipal securities: Valued using quoted prices for identical or similar assets in markets that are not active.

Negotiable certificates of deposit: Valued using quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

	Assets at Fair Value at June 30, 2018			
	Total	Level 1	Level 2	Level 3
U. S. Treasury obligations	\$ 8,642,050	\$ 8,642,050	\$ --	\$ --
U. S. government agency obligations	174,944,046	--	174,944,046	--
Municipal securities	25,619,327	--	25,619,327	--

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 4 - RECEIVABLES (Continued)

Governmental funds report unearned revenues in connection with receivables for revenues not considered available to liquidate liabilities of the current period. Governmental and enterprise funds report unearned revenue in connection with resources that have been received, but not yet earned.

For real property tax collections, payments are due August and February. Therefore, property taxes that remain uncollected sixty days after the June fiscal year-end are reported as unavailable.

At June 30, 2018, the various components of deferred inflows of resources were as follows:

	<u>Unavailable</u>	<u>Unearned</u>
Delinquent real property tax receivables not collected within 60 days of year-end (General Fund)	\$ 5,213,171	\$ --
Real property tax collections received in advance (General Fund)	--	1,943,937
Sewer and landfill fees not collected within 60 days of year-end (Sewer and Non-Major Fund)	1,136,603	--
Fees collected in advance for liquor licenses (Non-Major Fund)	<u>--</u>	<u>266,060</u>
	\$ <u>6,349,774</u>	\$ <u>2,209,997</u>

NOTE 5 - INTER-FUND RECEIVABLES, PAYABLES AND TRANSFERS BALANCES

Amounts due from and due to other funds as of June 30, 2018 were as follows:

	<u>Due From Other Funds</u>	<u>Due To Other Funds</u>
Major Governmental Funds:		
General Fund	\$ 55,090,401	\$ --
Capital Improvement Project Fund	<u>--</u>	<u>55,090,401</u>
	\$ <u>55,090,401</u>	\$ <u>55,090,401</u>

Pursuant to Budget Ordinance, the General Fund advances funds for bond-funded projects for which proceeds have not yet been received. These amounts are intended to be repaid in one year.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 5 - INTER-FUND RECEIVABLES, PAYABLES AND TRANSFERS BALANCES (Continued)

A summary of the inter-fund transfers for the fiscal year ended June 30, 2018 are as follows:

	<u>Transfers In</u>	<u>Transfers Out</u>
Major Governmental Funds:		
General Fund	\$ 23,982,462	\$ 67,639,911
Highway Fund	2,390,228	12,133,868
Sewer Fund	6,758,677	30,837,289
Grant Fund	10,000	--
Debt Service Fund	33,963,144	--
Capital Improvement Project Fund	39,604,426	4,849,796
Non-Major Governmental Funds	25,745,361	19,025,826
Major Proprietary Fund - Golf Course Special Fund	<u>2,263,414</u>	<u>231,022</u>
	<u>\$ 134,717,712</u>	<u>\$ 134,717,712</u>

The majority of the transfers into the General Fund relate to allocations of debt service for bond-funded projects and employee benefits from special revenues. Transfers out of the General Fund are predominantly for debt service, transfers for postemployment benefits, affordable housing, supplemental transfers to the Solid Waste and Golf Funds, and funding of capital projects.

NOTE 6 - CAPITAL ASSETS

A summary of capital asset activity of the primary government during the fiscal year ended June 30, 2018, was as follows:

Governmental Activities - General Obligation Bonds

The County issues general obligation bonds for the construction of major capital facilities. General obligation bonds are direct obligations of the County for which its full faith and credit are pledged. Debt service is paid from the Debt Service Fund.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 7 - LONG-TERM DEBT AND OTHER GENERAL OBLIGATIONS (Continued)

General obligation bonds payable reported in the governmental activities column of the statement of net position at June 30, 2018 are comprised of the following individual issues:

<u>Year</u>	<u>Description</u>	<u>Interest Rates</u>	<u>Original Issue Amount</u>	<u>Final Maturity</u>	<u>Outstanding Balance June 30, 2018</u>
2006	Series B,C GO and Refunding	4.00%-5.00%	\$ 25,190,000	2022	\$ 10,065,000
2010	Series A GO	0.53%-5.95%	23,375,000	2030	15,700,000
2010	Series B GO	3.00%-5.00%	50,320,000	2021	14,431,945
2012	Series A,B, and D GO and Refunding	2.00%-5.00%	70,250,000	2032	40,658,567
2014	Series A,B,D and E GO and Refunding	2.00%-5.00%	68,670,000	2034	47,770,000
2015	Series A,B,C and D GO and Refunding	3.00%-5.00%	60,155,000	2036	46,947,460
	Total general obligation bonds		<u>\$ 297,960,000</u>		<u>175,572,972</u>
	Unamortized premium				<u>10,781,563</u>
	Net general obligation bonds outstanding				<u>\$ 186,354,535</u>

In the government-wide financial statements, bond discounts and premiums, and the difference between the reacquisition price and the carrying amount of old debt in advance of refunding resulting in a defeasance of debt, are deferred and amortized.

Governmental Activities - State Revolving Fund

State Revolving Fund Loans

The State Revolving Fund (SRF) Loans are for the construction of necessary water treatment works, and for wastewater reclamation projects. The notes' original issue amounted to approximately \$124.9 million and outstanding principal amounted to approximately \$62.1 million at June 30, 2018, and bear interest at 0.25% to 2.60%. The loans require semi-annual principal and interest payments, and loan fees through fiscal year 2039. The County has 28 projects funded with these SRF loans.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS

Some of the general obligation bonds may be subject to early redemption at the option of the County during specific years at 100% of their face value.

Business-type Activities - General Obligation Bonds

The Department issues general obligation bonds for the construction of major capital facilities. These general obligation bonds are considered reimbursable bonds to be repaid from the net revenues of the Department, and accordingly, are excluded from funded debt pursuant to the State Constitution.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 7 - LONG-TERM DEBT AND OTHER GENERAL OBLIGATIONS (Continued)

General obligation bonds payable reported in the business-type activities column of the statement of net position at June 30, 2018 are comprised of the following individual issues:

<u>Year</u>	<u>Description</u>	<u>Interest Rates</u>	<u>Final Maturity</u>	<u>Outstanding Balance June 30, 2018</u>
2010	Series B GO Refunding Bonds	4.00%-5.00%	6/1/2021	\$ 1,253,055
2012	Series B and C GO and Refunding	2.10%-5.00%	6/1/2034	8,196,432
2014	Series C GO Bonds	3.00%-5.00%	6/1/2034	5,830,000
2015	Series B and D GO Refunding Bonds	3.00%-5.00%	9/1/2026	4,392,540
	Total general obligation bonds			19,672,027
	Unamortized premium			2,047,300
	Net general obligation bonds outstanding			<u>\$ 21,719,327</u>

In the government-wide and proprietary fund financial statements, bond discounts and premiums, and the difference between the reacquisition price and the carrying amount of old debt in advance refunding resulting in a defeasance of debt, are deferred and amortized.

Annual debt service requirements to maturity for these general obligation bonds at June 30, 2018, were as follows:

<u>Fiscal Year Ending June 30.</u>	<u>Business-type Activities - General Obligation Bonds</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ 2,578,899	\$ 807,512	\$ 3,386,411

NOTE 7 - LONG-TERM DEBT AND OTHER GENERAL OBLIGATIONS (Continued)

Annual debt service requirements of these notes payable at June 30, 2018 were as follows:

<u>Fiscal Year Ending June 30,</u>	<u>Business-type Activities Notes Payable</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ 1,602,385	\$ 693,544	\$ 2,295,929
2020	2,125,517	664,210	2,789,727
2021	2,554,530	625,008	3,179,538
2022	2,574,298	583,699	3,157,997
2023	2,594,378	542,008	3,136,386
2024-2028	13,281,410	2,073,835	15,355,245
2029-2033	12,928,828	1,016,221	13,945,049
Thereafter	<u>8,461,738</u>	<u>296,047</u>	<u>8,757,785</u>
Total	\$ <u>46,123,084</u>	\$ <u>6,494,572</u>	\$ <u>52,617,656</u>

Line of Credit

The County has a line of credit agreement with a bank with a total authorized balance of \$1 million. There were no outstanding balances as of June 30, 2018. The line of credit agreement requires interest-only payments at 0.90% of the bank's prime rate (5.00% at June 30, 2018), with all unpaid principal due at the maturity date. The line of credit was originally due on July 30, 2018 and has been renewed to July 30, 2019.

Legal Debt Limit and Margin

The County's legal debt limit and margin (as defined in Chapter 47, Hawaii Revised Statutes) as of June 30, 2018, are approximately \$6.9 billion and \$6.6 billion, respectively.

Arbitrage

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebate liabilities are not reported and paid to the Internal Revenue Service (IRS) at least every five years. During the current year, the County performed calculations to determine the rebate liabilities for the tax-exempt bond issues listed above. Based on these calculations, no rebate liability existed as of June 30, 2018.

Other Obligations

Other long-term general obligations consist of accrued vacation, accrued compensatory time off, accrued landfill closure, accrued environmental liability or pollution remediation obligation, post-closure care costs, and claims and judgments. The accrued vacation and accrued compensatory time off liabilities are typically liquidated by the General, Highway, Sewer, Grant, and Other Governmental Funds. The accrued landfill closure and post-closure care costs liability is typically liquidated by the Capital Improvement Projects and Other Governmental Funds. The accrued environmental liability is typically liquidated by other governmental funds. Claims and judgments liability is typically liquidated by the General Fund.

NOTE 8 - OPERATING LEASES

The County is party to various operating lease agreements, predominantly for the purposes of office space and facility use. Lease terms range from month-to-month to 9 years and annual rents range from \$1,200 to approximately \$374,000. Total annual rent expenditures for the fiscal year 2018 were approximately \$3.8 million.

As of June 30, 2018, the estimated future minimum noncancelable operating lease payments are as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2019	\$ 2,345,000
2020	2,096,000
2021	1,643,000
2022	1,017,000
2023	1,022,000
Thereafter	<u>3,078,000</u>
	\$ <u>11,201,000</u>

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 9 - SOLID WASTE LANDFILL CLOSURE, POST-CLOSURE CARE COSTS AND POLLUTION REMEDIATION OBLIGATION

The County recognizes closure and post-closure care costs over the life of the landfill. The County owns and operates four active landfills. State and federal laws require the County to monitor and maintain each site for thirty years after the facility is closed. Although the closure and post-closure care costs will be paid only near and after the date that the landfill stops accepting waste, the County recognizes a portion of the closure and post-closure care costs in each operating period. The liability for these costs is included in the governmental activities column of the government-wide financial statements. The amount recognized each year is based on the landfill capacity used as of the statement of net position date.

Approximately \$36.3 million in accrued landfill closure and post-closure care costs at June 30, 2018 represents the cumulative amount reported to date based on the estimated capacity used at each landfill. The County will recognize the remaining estimated cost of closure and post-closure care cost of approximately \$15.4 million as the remaining estimated capacity of each landfill is filled. These amounts are based on what it would cost to perform all closure and post-closure care in 2018. Actual costs may be different due to inflation, changes in technology, or changes in regulations.

The capacity used to date and the estimated remaining life of each landfill is as follows:

Landfill	Capacity Used	Remaining Life (Years)
Central Maui Phase I and II	100%	0
Central Maui Phase IV	76%	4
Central Maui Phase V	68%	4
Hana	43%	45
Molokai	85%	4
Lanai	73%	18

Federal regulations require owners and operators of landfills to demonstrate financial assurance for the costs of closure and post-closure care. Under the proposed federal rules for financial assurance mechanism available to local governments, the County's current investment grade bond ratings of "Aa1", "AA+", and "AA+" by Moody's, Standard & Poor's and Fitch, respectively, exceed the required rating.

In July 2013, a landfill compliance inspection was completed by the State of Hawaii, Department of Health (DOH) at the Hana Municipal Solid Waste Landfill. The County of Maui was notified of a potential violation due to "Constructing and operating a waste disposal unit outside the "existing" limits of waste, without complying with the design criteria for municipal solid waste landfills, and without a solid waste management permit." As a result of the inspection, the County engaged a third-party consulting firm to provide different alternatives to remediate the potential violation. The two options presented were as follows: 1) Capping and covering with soil in conformance with DOH standards for unlined landfills; and 2) Clean closure by the removal of all waste. In 2014, the County elected Option 1 and included the estimated cost of closure and post-closure care costs in its financials. After further review and analysis, the County has now elected to implement Option 2. It is estimated that the clean closure option will cost a total of approximately \$5.3 million with approximately \$2.8 million already being spent in fiscal years 2014 through fiscal year 2018.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 10 - RETIREMENT BENEFITS

Pension Plan

Pension Plan Description - Generally, all full-time employees of the State and counties are required to be members of the ERS, a cost-sharing multiple-employer defined benefit pension plan that administers the State's pension benefits program. Benefits, eligibility, and contribution requirements are governed by HRS Chapter 88 and can be amended through legislation. The ERS issues publicly available annual financial reports that can be obtained at ERS' website: <http://www.ers.ehawaii.gov>.

Benefits Provided - The ERS Pension Trust is comprised of three pension classes for membership purposes and considered to be a single plan for accounting purposes since all assets of the ERS may legally be used to pay the benefits of any of the ERS members or beneficiaries. The ERS provides retirement, disability and death benefits with three membership classes known as the noncontributory, contributory and hybrid retirement classes. The three classes provide a monthly retirement allowance equal to the benefit multiplier (generally 1.25% or 2%) multiplied by the average final compensation multiplied by years of credited service. Average final compensation for members hired prior to July 1, 2012 is an average of the highest salaries during any three years of credited service, excluding any salary paid in lieu of vacation for members hired January 1, 1971 or later and the average of the highest salaries during any five years of credited service including any salary paid in lieu of vacation for members hired prior to January 1, 1971. For members hired after June 30, 2012, average final compensation is an average of the highest salaries during any five years of credited service excluding any salary paid in lieu of vacation.

Each retiree's original retirement allowance is increased on each July 1 beginning the calendar year after retirement. Retirees first hired as members prior to July 1, 2012 receive a 2.5% increase each year of their original retirement allowance without a ceiling. Retirees first hired as members after June 30, 2012 receive a 1.5% increase each year of their original retirement allowance without a ceiling. The annual increase is not compounded.

The following summarizes the provisions relevant to the largest employee groups of the respective membership class. Retirement benefits for certain groups, such as police officers, firefighters, some investigators, sewer workers, judges, and elected officials, vary from general employees.

Noncontributory Class

Retirement Benefits - General employees' retirement benefits are determined as 1.25% of average final compensation multiplied by the years of credited service. Employees with ten years of credited service are eligible to retire at age 62. Employees with 30 years of credited service are eligible to retire at age 55.

Disability Benefits - Members are eligible for service-related disability benefits regardless of length of service and receive a lifetime pension of 35% of their average final compensation. Ten years of credited service is required for ordinary disability. Ordinary disability benefits are determined in the same manner as retirement benefits but are payable immediately, without an actuarial reduction, and at a minimum of 12.5% of average final compensation.

Death Benefits - For service-connected deaths, the surviving spouse/reciprocal beneficiary receives a monthly benefit of 30% of the average final compensation until remarriage or re-entry into a new reciprocal beneficiary relationship. Additional benefits are payable to surviving dependent children up to age 18. If there is no spouse/reciprocal beneficiary or dependent children, no benefit is payable.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 10 - RETIREMENT BENEFITS (Continued)

Ordinary death benefits are available to employees who were active at time of death with at least ten years of credited service. The surviving spouse/reciprocal beneficiary (until remarriage/re-entry into a new reciprocal beneficiary relationship) and dependent children (up to age 18) receive a benefit equal to a percentage of member's accrued maximum allowance unreduced for age or, if the member was eligible for retirement at the time of death, the surviving spouse/reciprocal beneficiary receives 100% joint and survivor lifetime pension and the dependent children receive a percentage of the member's accrued maximum allowance unreduced for age.

Contributory Class for Employees Hired Prior to July 1, 2012

Retirement Benefits - General employees' retirement benefits are determined as 2% of average final compensation multiplied by the years of credited service. General employees with 5 years of credited service are eligible to retire at age 55.

Police and firefighters' retirement benefits are determined using the benefit multiplier of 2.5% for qualified service, up to a maximum of 80% of average final compensation. Police officers and firefighters with five years of credited service are eligible to retire at age 55. Police officers and firefighters with 25 years of credited service are eligible to retire at any age, provided the last five years is service credited in these occupations.

Disability Benefits - Members are eligible for service-related disability benefits regardless of length of service and receive a one-time payment of the member's contributions and accrued interest plus a lifetime pension of 50% of their average final compensation. Ten years of credited service is required for ordinary disability. Ordinary disability benefits are determined as 1.75% of average final compensation multiplied by the years of credited service but are payable immediately, without an actuarial reduction, and at a minimum of 30% of average final compensation.

Death Benefits - For service-connected deaths, the surviving spouse/reciprocal beneficiary receives a lump sum payment of the member's contributions and accrued interest plus a monthly benefit of 50% of the average final compensation until remarriage or re-entry into a new reciprocal beneficiary relationship. If there is no surviving spouse/reciprocal beneficiary, surviving dependent children (up to age 18) or dependent parents are eligible for the monthly benefit. If there is no spouse/reciprocal beneficiary or dependent children/parents, the ordinary death benefit is payable to the designated beneficiary.

Ordinary death benefits are available to employees who were active at time of death with at least one year of service. Ordinary death benefits consist of a lump sum payment of the member's contributions and accrued interest plus a percentage of the salary earned in the 12 months preceding death, or 50% joint and survivor lifetime pension if the member was not eligible for retirement at the time of death but was credited with at least ten years of service and designated one beneficiary, or 100% joint and survivor lifetime pension if the member was eligible for retirement at the time of death and designated one beneficiary.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 10 - RETIREMENT BENEFITS (Continued)

Contributory Class for Employees Hired After June 30, 2012

Retirement Benefits - General employees' retirement benefits are determined as 1.75% of average final compensation multiplied by the years of credited service. General employees with ten years of credited service are eligible to retire at age 60. Judges and elected officers' retirement benefits are determined as 3.0% of average final compensation multiplied by the years of credited service up to a maximum of 75%. Judges and elected officers with ten years of credited service are eligible to retire at age 60.

Police and firefighters' retirement benefits are determined using the benefit multiplier of 2.25% for qualified service, up to a maximum of 80% of average final compensation. Police officers and firefighters with ten years of credited service are eligible to retire at age 60. Police officers and firefighters with 25 years of credited service are eligible to retire at age 55, provided the last five years is service credited in these occupations.

Disability and Death Benefits - Members are eligible for service-related disability benefits regardless of length of service and receive a lifetime pension of 50% of their average final compensation plus refund of contributions and accrued interest. Ten years of credited service is required for ordinary disability. Ordinary disability benefits are 3.0% of average final compensation for each year of service for judges and elected officers and 1.75% of average final compensation for each year of service for police officers and firefighters and are payable immediately, without an actuarial reduction, at a minimum of 30% of average final compensation.

Death benefits for contributory members hired after June 30, 2012 are generally the same as those for contributory members hired June 30, 2012 and prior.

Hybrid Class for Employees Hired Prior to July 1, 2012

Retirement Benefits - General employees' retirement benefits are determined as 2% of average final compensation multiplied by the years of credited service. General employees with five years of credited service are eligible to retire at age 62. General employees with 30 years of credited service are eligible to retire at age 55.

Disability Benefits - Members are eligible for service-related disability benefits regardless of length of service and receive a lifetime pension of 35% of their average final compensation plus refund of their contributions and accrued interest. Ten years of credited service is required for ordinary disability. Ordinary disability benefits are determined in the same manner as retirement benefits but are payable immediately, without an actuarial reduction, and at a minimum of 25% of average final compensation.

Death Benefits - For service-connected deaths, the surviving spouse/reciprocal beneficiary receives a lump sum payment of the member's contributions and accrued interest plus a monthly benefit of 50% of the average final compensation until remarriage or re-entry into a new reciprocal beneficiary relationship. If there is no surviving spouse/reciprocal beneficiary, surviving dependent children (up to age 18) or dependent parents are eligible for the monthly benefit. If there is no spouse/reciprocal beneficiary or dependent children/parents, the ordinary death benefit is payable to the designated beneficiary.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 10 - RETIREMENT BENEFITS (Continued)

Ordinary death benefits are available to employees who were active at time of death with at least five years of service. Ordinary death benefits consist of a lump sum payment of the member's contributions and accrued interest plus a percentage multiplied by 150%, or 50% Joint and Survivor lifetime pension if the member was not eligible for retirement at the time of death but was credited with at least ten years of service and designated one beneficiary, or 100% Joint and Survivor lifetime pension if the member was eligible for retirement at the time of death and designated one beneficiary.

Hybrid Class for Employees Hired After June 30, 2012

Retirement Benefits - General employees' retirement benefits are determined as 1.75% of average final compensation multiplied by the years of credited service. General employees with ten years of credited service are eligible to retire at age 65. Employees with 30 years of credited service are eligible to retire at age 60. Sewer workers, water safety officers, and emergency medical technicians may retire with 25 years of credited service at age 55.

Disability and Death Benefits - Provisions for disability and death benefits generally remain the same except for ordinary death benefits. Ordinary death benefits are available to employees who were active at time of death with at least ten years of service. Ordinary death benefits consist of a lump sum payment of the member's contributions and accrued interest, plus a percentage multiplied by 50% Joint and Survivor lifetime pension if the member was not eligible for retirement at the time of death but was credited with at least ten years of service and designated one beneficiary, or 100% Joint and Survivor lifetime pension if the member was eligible for retirement at the time of death and designated one beneficiary.

At June 30, 2017, ERS membership consisted of:

Inactive employees or their beneficiaries currently receiving benefits	46,927
Inactive employees entitled but not yet receiving benefits	25,723
Active employees	<u>65,911</u>
Total	<u>138,561</u>

Contributions - Contributions are governed by HRS Chapter 88 and may be amended through legislation. The employer rate is set by statute based on the recommendations of the ERS actuary resulting from an experience study conducted every five years. Since July 1, 2005, the employer contribution rate is a fixed percentage of compensation, including the normal cost plus amounts required to pay for the unfunded actuarial accrued liabilities. The contribution rates for fiscal year 2018 were 25.00% for police officers and firefighters and 17.00% for all other employees. Contributions to the pension plan from the County were \$87,651,158, for the fiscal year ended June 30, 2018.

On May 18, 2017, the Governor signed into law Act 17 SLH 2017. Per Act 17, future employer contributions from the State and counties are expected to increase pursuant to a phased-in contribution rate increase over four years beginning July 1, 2017. The rate for police officers and firefighters increases to 28.00% on July 1, 2017; 31.00% on July 1, 2018; 36.00% on July 1, 2019; and 41.00% on July 1, 2020 and the rate for all other employees increases to 18.00% on July 1, 2017; 19.00% on July 1, 2018; 22.00% on July 1, 2019; and 24.00% on July 1, 2020.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 10 - RETIREMENT BENEFITS (Continued)

The employer is required to make all contributions for noncontributory members. Contributory members hired prior to July 1, 2012, are required to contribute 7.8% of their salary and police officers and firefighters are required to contribute 12.2% of their salary. Contributory members hired after June 30, 2012, are required to contribute 9.8% of their salary, except for police officers and firefighters who are required to contribute 14.2% of their salary. Hybrid members hired prior to July 1, 2012 are required to contribute 6.0% of their salary. Hybrid members hired after June 30, 2012 are required to contribute 8.0% of their salary.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2018, the County reported a liability of approximately \$598.5 million, for the County's proportionate share of net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on a projection of the County's long-term share of contributions to the pension plan relative to projected contributions of all participants, actuarially determined. At June 30, 2017, the County's proportion was 4.6212% which was an increase of 0.1903% from its proportion measured as of June 30, 2016.

There were no other changes between the measurement date, June 30, 2017, and the reporting date, June 30, 2018, that are expected to have a significant effect on the proportionate share of the net pension liability.

For the fiscal year ended June 30, 2018, the County recognized pension expense of \$101,668,176. At June 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 22,453,373	\$ 4,828,054
Net difference between projected and actual earnings on pension plan investments	--	1,943,812
Changes in proportion and difference between County contributions and proportionate share of contributions	16,622,463	7,907,388
Changes in assumptions	97,436,807	--
County contributions subsequent to the measurement date	<u>37,124,777</u>	<u>--</u>
	\$ <u>173,637,420</u>	\$ <u>14,679,254</u>

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 10 - RETIREMENT BENEFITS (Continued)

Approximately \$37.1 million reported as deferred outflows of resources related to pensions resulted from contributions made subsequent to the measurement date that will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Fiscal Year Ending June 30,</u>	<u>Net Deferred Outflows (Inflows)</u>
2019	\$ 28,863,238
2020	40,817,594
2021	34,670,900
2022	14,766,875
2023	<u>2,714,782</u>
Total	\$ <u>121,833,389</u>

Actuarial Assumptions - The total pension liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation rate	2.50%
Payroll growth	3.50%
Cost of living adjustments (COLAs)	2.50%/1.50%
COLAs are not compounded; and are based on original pension amounts	
Salary increases, including inflation at 2.50%	
Police and fire employees	5.00% to 7.00%
General employees	3.50% to 6.50%
Teachers	3.75% to 5.75%
Investment rate of return, including inflation at 2.50%	7.00%

Mortality rates used in the actuarial valuation as of June 30, 2017 were based on the following:

Active members - Multiples of the RP 2014 mortality table for active employees based on the occupation of the member.

Healthy retirees - The 2016 Public Retirees of Hawaii mortality table, generational projection using the BB projection table from the year 2016 and with multipliers based on plan and group experience.

Disabled retirees - Base table for healthy retirees' occupation, set forward five years, generational projection using the BB projection table from the year 2016. Minimum mortality rate of 3.5% for males and 2.5% for females.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 10 - RETIREMENT BENEFITS (Continued)

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the five-year period ended June 30, 2015, dated July 5, 2016 and adopted by the Board of Trustees of the Employees' Retirement System of the State of Hawaii on December 12, 2016. The major changes to assumptions resulting from the 2015 actuarial experience study were (1) a decrease in the investment return assumption from 7.65% to 7.00% and (2) the mortality assumptions were modified to assume longer life expectancies as well as to reflect continuous mortality improvement.

The long-term expected rate of return on pension plan investments was determined using a "top down approach" of the Bespoke Client Constrained Simulation-based Optimization Model (a statistical technique known as "re-sampling with replacement" that directly keys in on specific plan-level risk factors as stipulated by the ERS Board) in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Strategic Allocation (Risk-Based Classes)	Target Allocation	Long-Term Expected Rate of Return	Long-Term Expected Real Rate of Return *
Broad growth	63.00%	8.05%	5.80%
Principal protection	7.00%	2.45%	0.20%
Real return	10.00%	5.80%	3.55%
Crisis risk offset	20.00%	5.35%	3.10%
	<u>100.00%</u>		

* Uses an expected inflation of 2.25%

Discount Rate - The discount rate used to measure the net pension liability at June 30, 2018 was 7.00%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from the County will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.00%) or 1-percentage point higher (8.00%) than the current rate:

	1% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
County's proportionate share of the net pension liability	\$ <u>784,170,433</u>	\$ <u>598,462,510</u>	\$ <u>445,336,831</u>

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 10 - RETIREMENT BENEFITS (Continued)

Pension Plan Fiduciary Net Position

There were no significant changes after the report measurement date. Detailed information about the pension plan's fiduciary net position is available in the separately issued ERS financial report. ERS' complete financial statements are available at <http://www.ers.ehawaii.gov>.

Payables to the Pension Plan

As of June 30, 2018, the County had \$4,717,478 payable to the pension plan.

Postemployment Benefits Other Than Pensions (OPEB)

Plan description - Chapter 87A of the Hawaii Revised Statutes ("HRS") established the EUTF, an agent multiple-employer defined benefit plan, which provides a single delivery system of health and other benefits for state and county workers, retirees and their eligible dependents. The EUTF issues a stand-alone financial report that is available to the public on its website at <https://eutf.hawaii.gov>.

Benefits provided - Chapter 87A of the HRS grants the authority to establish and amend the benefit terms to the board of trustees of the EUTF. The EUTF currently provides medical, prescription drug, dental, vision, chiropractic, supplemental medical and prescription drug, and group life insurance benefits for retirees and their dependents. The following table provides a summary of the number of employees covered by the benefits terms as of July 1, 2017:

Inactive employees or beneficiaries currently receiving benefits	1,470
Inactive employees entitled but not yet receiving benefit payments	248
Active employees	<u>2,494</u>
	<u>4,212</u>

Contributions - The County's contribution levels are established by Chapter 87A of the HRS. For the fiscal year ended June 30, 2018, the County was required to contribute a minimum amount equal to at least 80% of the annual required contribution ("ARC"), as determined by an actuary retained by the board of trustees of the EUTF. The County will be required to contribute 100% of the ARC starting in fiscal year 2019. The ARC represents a level of funding that is sufficient to cover, 1) the normal cost, which is the cost of the other postemployment benefits attributable to the current year of service; and 2) an amortization payment, which is a catch-up payment for past service costs to fund the unfunded actuarial accrued liability over the next thirty years. For the fiscal year ended June 30, 2018, contributions to the OPEB plan from the County totaled \$33,968,244, which resulted in an average contribution rate of approximately 19.2% of covered-employee payroll.

For employees hired before July 1, 1996, the County pays the entire base monthly contribution for employees retiring with ten years or more of credited service, and 50% of the base monthly contribution for employees retiring with fewer than ten years of credited service. A retiree can elect a family plan to cover dependents.

For employees hired after June 30, 1996 but before July 1, 2001, and who retire with less than 10 years of service, the County makes no contributions. For those retiring with at least 10 years but fewer than 15 years of service, the County pays 50% of the base monthly contribution. For employees retiring with at least 15 years but fewer than 25 years of service, the County pays 75% of the base monthly contribution. For those retiring with at least 25 years of service, the County pays 100% of the base monthly contribution. A retiree can elect a family plan to cover dependents.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 10 - RETIREMENT BENEFITS (Continued)

For employees hired after June 30, 2001, and who retire with fewer than 10 years of service, the County makes no contributions. For those retiring with at least 10 years but fewer than 15 years of service, the County pays 50% of the base monthly contribution. For those retiring with at least 15 years but fewer than 25 years of service, the County pays 75% of the base monthly contribution. For those retiring with at least 25 years of service, the County pays 100% of the base monthly contribution. Retirees can elect family coverage, but must pay the difference.

For active employees, the employee's contributions are based upon negotiated collective bargaining agreements. Employer contributions for employees not covered by collective bargaining agreements and for retirees are prescribed by the HRS.

On July 3, 2013, the Governor signed into law Act 268, Session Laws of Hawaii 2013. Act 268 requires the EUTF to establish and administer separate trust accounts for each public employer for the purpose of receiving irrevocable employer contributions to prefund post-employment health and other benefit costs for retirees and their beneficiaries. It establishes the Hawaii EUTF Trust Fund Task Force to examine further steps to address the unfunded liability and requires all public employers to make annual required public employer contributions effective fiscal year 2014. Commencing fiscal year 2019, the annual public employer contribution shall be equal to the annual required contribution, as determined by an actuary retained by the EUTF board. In any fiscal year, should an employer's contribution be less than the annual required public employer contribution, the difference shall be transferred to the appropriate trust account from a portion of all general excise tax revenues, for the State, or transient accommodations tax revenues, for the counties.

Net OPEB Liability

The County's net OPEB liability was measured as of July 1, 2017, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date.

Actuarial assumptions - The total OPEB liability in the July 1, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary increases	3.50% to 7.00%, including inflation
Investment rate of return	7.00%
Healthcare cost trend rates	
PPO	Initial rates of 6.60%, 6.60% and 9.00%; declining to a rate of 4.86% after 14 years
HMO	Initial rate of 9.00%; declining to a rate of 4.86% after 14 years
Part B & base monthly contribution	Initial rates of 2.00% and 5.00%; declining to a rate of 4.70% after 14 years
Dental	3.50%
Vision	2.50%
Life insurance	0.00%

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 10 - RETIREMENT BENEFITS (Continued)

Mortality rates used in the actuarial valuation as of July 1, 2017 were based on the following:

Active members - Multiples of the RP 2014 mortality table for employees with generational projection using the BB projection table from the year 2014 based on the occupation of the member.

Healthy retirees - The 2016 Public Retirees of Hawaii mortality table, generational projection using the BB projection table from the year 2016 and with multipliers based on plan and group experience.

Disabled retirees - Base table for healthy retirees' occupation, set forward five years, generational projection using the BB projection table from the year 2016. Minimum mortality rate of 3.50% for males and 2.50% for females.

The actuarial assumptions used in the actuarial valuation as of July 1, 2017 were based on the results of an actuarial experience study for the five-year period ended June 30, 2015 as conducted for the ERS.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of July 1, 2017 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. equity	19.00%	5.50%
International equity	19.00%	7.00%
U.S. microcap	7.00%	7.00%
Private equity	10.00%	9.25%
REITs	6.00%	5.85%
Core real estate	10.00%	3.80%
Global options	7.00%	5.50%
Core bonds	3.00%	0.55%
Long treasuries	7.00%	1.90%
Trend following	7.00%	1.75%
TIPS	5.00%	0.50%
	<u>100.00%</u>	

Discount rate - The discount rate used to measure the total OPEB liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that the County contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE 10 - RETIREMENT BENEFITS (Continued)

Changes in the Net OPEB Liability

The following schedule presents the changes in the net OPEB liability for the fiscal year ended June 30, 2018:

	Increase (Decrease)		
	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability (a) - (b)
Balance at June 30, 2017	\$ <u>492,101,851</u>	\$ <u>171,504,145</u>	\$ <u>320,597,706</u>
Changes for the fiscal year:			
Service cost	12,045,593	--	12,045,593
Interest on the total OPEB liability	34,318,637	--	34,318,637
Contributions - employer	--	31,888,815	(31,888,815)
Net investment income	--	17,298,733	(17,298,733)
Benefit payments	(15,716,815)	(15,716,815)	--
Administrative expense	--	(39,167)	39,167
Other	--	254,535	(254,535)
Net changes	<u>30,647,415</u>	<u>33,686,101</u>	<u>(3,038,686)</u>
Balance at June 30, 2018	\$ <u>522,749,266</u>	\$ <u>205,190,246</u>	\$ <u>317,559,020</u>

Sensitivity of the County's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate - The following presents the County's proportionate share of the net OPEB liability calculated using the discount rate, as well as what the County's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	1% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
County's proportionate share of the net OPEB liability	\$ <u>405,287,364</u>	\$ <u>317,559,020</u>	\$ <u>247,205,693</u>

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates - The following presents the net OPEB liability of the County, as well as what the County's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage point lower or 1-percentage point higher than the current healthcare cost trend rates:

	1% Decrease	Current Healthcare Cost Trend Rates	1% Increase
County's proportionate share of the net OPEB liability	\$ <u>243,051,722</u>	\$ <u>317,559,020</u>	\$ <u>412,241,527</u>

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 10 - RETIREMENT BENEFITS (Continued)

OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2018, the County recognized OPEB expense of \$32,626,037. At June 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Net difference between projected and actual earnings on OPEB plan investments	\$ --	\$ 3,775,908
County contributions subsequent to the measurement date	<u>33,968,244</u>	<u>--</u>
	<u>\$ 33,968,244</u>	<u>\$ 3,775,908</u>

The \$33,968,244 reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the fiscal year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Fiscal Year Ending June 30,</u>	<u>Net Deferred Outflows (Inflows)</u>
2019	\$ (943,977)
2020	(943,977)
2021	(943,977)
2022	<u>(943,977)</u>
Total	\$ <u>(3,775,908)</u>

Deferred Compensation Plan

The County participates in a deferred compensation plan established by the State of Hawaii in accordance with Internal Revenue Code Section 457. The plan is available to all the County employees, and permits employees to defer a portion of their salary until future years by contributing to a fund managed by a plan administrator. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

All plan assets are held in a trust fund to protect them from claims of general creditors and from diversion to any uses other than paying benefits to participants and beneficiaries. The County has no responsibility for loss due to the investment or failure of investment of funds and assets in the plans, but does have the duty of due care that would be required of an ordinary prudent investor. Therefore, in accordance with GASB Statement No.32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*, deferred compensation plan assets are not reported in the accompanying basic financial statements.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 11 - CLAIMS AND JUDGMENTS

The County is self-insured for workers' compensation based on a \$500,000 self-insured retention. Thereafter, an excess workers' compensation policy takes effect. In addition, the County also has insurance for errors and omissions and employer's practice liability, with a \$500,000 deductible per occurrence up to \$25 million in the aggregate. Further, the County is afforded bodily injury and property damage coverage for third party claims in excess of the aforementioned retention on a per occurrence basis. Property policies are layered providing \$100 million in total for building and any form of structures.

Settled claims have not exceeded these coverages in any of the past three fiscal years. The estimated total liability of the County of approximately \$22.2 million, with respect to claims and judgments, including claims incurred but not reported and related loss adjustment expenses by the claimant and settled claims is presented on the statement of net position on the government-wide financial statements.

Claim liabilities are calculated and periodically re-evaluated taking into consideration the effect of inflation, recent claim settlement trends, including frequency and amount of compensation subject to settlements, and other economic and social factors.

Changes in the claims and judgments liability account for the fiscal year ended June 30, 2018 were as follows:

2018 - Claims and Judgments					
	Balance	Change to		Balance	Due Within
	July 1, 2017	Estimate		June 30, 2018	One Year
		Additions/	Claim		
		(Reductions)	Payments		
Governmental Activities:					
Workers' compensation	\$ 5,312,858	\$ 2,536,430	\$ 3,616,991	\$ 4,232,297	\$ 4,232,297

	<u>\$ 19,119,580</u>	<u>\$ 7,357,294</u>	<u>\$ 5,133,918</u>	<u>\$ 21,342,956</u>	<u>\$ 21,342,956</u>
Business-type Activities:					
Workers' compensation	\$ 1,276,675	\$ 180,411	\$ 990,622	\$ 466,464	\$ 466,464
Automobile, general liability and other civil litigation	400,043	15,252	37,666	377,629	377,629
	<u>\$ 1,676,718</u>	<u>\$ 195,663</u>	<u>\$ 1,028,288</u>	<u>\$ 844,093</u>	<u>\$ 844,093</u>

The estimated total liability has been determined through case-by-case analysis and from historical experience performed by the County's risk management division. Those historical results, combined with the evaluation of pending claims against the County by the County's Corporation Counsel, aids in this evaluation. Estimated expenditures for such claims are appropriated annually in the General Fund with the exception of workers' compensation for injured workers within the Department of Water Supply.

Because of the inherent uncertainties in estimating future projected liabilities of claims and judgments, it is at least reasonably possible that the estimates used may change within the near term.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 12 - COMMITMENTS AND CONTINGENCIES

Contractual Commitments

Contractual commitments for capital projects, expenditures, and supplies for the governmental funds amounted to approximately \$162.7 million at June 30, 2018. Contractual commitments for the proprietary funds amounted to approximately \$20.6 million at June 30, 2018.

Claims

Numerous claims and lawsuits have been filed against the County in the normal course of its operations. A liability for probable losses is included on the government-wide statement of net position (see Note 11). Although the outcome of the various claims and lawsuits is not presently determinable, in the opinion of the County's Corporation Counsel, the resolution of such matters will not have a material adverse effect on the financial condition of the County.

Federal Financial Assistance Programs

The County participates in a number of federally assisted grant programs, primarily with the Department of Housing and Urban Development, the Department of Transportation, the Department of Interior, the Department of Labor, and the Department of Justice. These programs are subject to program compliance audits by the grantors or their representatives.

Although the County's grant programs have been audited in accordance with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) for the fiscal year ended June 30, 2018, these programs are still subject to financial and compliance audits by federal auditors. In the opinion of management of the County, disallowed costs, if any, would not be material.

State Grants

The County has received state grants for specific purposes that are subject to review and audit by grantor agencies. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. In the opinion of management of the County, disallowed costs, if any, would not be material.

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 13 - FUND BALANCES (Continued)

The County's General Fund classifications of fund balance are listed below with the June 30, 2018 balances:

Restricted:	
Open space, natural resources, cultural resources and scenic views preservation fund	\$ 4,668,590
Committed:	
Economic development fund	190,000
Assigned:	33,204,652
Unassigned:	<u>75,440,150</u>
 Total	 \$ <u>113,503,392</u>

Open space, natural resources, cultural resources, and scenic views preservation fund - This classification is to fund acquiring lands or property entitlements for land conservation. In adopting each fiscal year's budget and capital program, the Council appropriates a minimum of one percent of the certified real property tax revenues to the open space, natural resources, cultural resources, and scenic views preservation fund. Any balance remaining in this fund at the end of the fiscal year does not lapse, but shall remain in the fund, and accumulates from year to year.

Economic development fund - This classification provides funds for economic development programs.

Emergency fund - This classification is to fund a public emergency threatening life, health, property, or economic viability of the County. Additions to this fund are appropriated by the County Council. Any balance remaining in this fund at the end of the fiscal year does not lapse, but shall remain in the fund. The balance of the emergency fund reported as part of the unassigned fund balance as of June 30, 2018 was approximately \$33,475,000.

Encumbrances

Encumbrance accounting is employed in the governmental funds. Under this method, purchase orders, contracts, and other commitments outstanding at year-end do not constitute expenditures or liabilities. Encumbrances of balances within the General Fund are classified as assigned. Encumbrances of the other governmental funds are classified as restricted, committed, or assigned.

These encumbrances at June 30, 2018 are not separately classified in the financial statements, and are summarized as follows:

General Fund	\$ 17,028,947
Highway Fund	3,123,974
Sewer Fund	1,558,744
Grant Fund	6,776,361
Capital Improvement Projects Fund	126,359,505
Non-Major Governmental Funds	<u>7,861,157</u>
 Total	 \$ <u>162,708,688</u>

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 14 - PROPRIETARY FUND - DEPARTMENT OF WATER SUPPLY

The Charter of the County of Maui provides that the Department is a regular County of Maui agency subject to the Mayor's executive management and Council's legislative oversight.

Unrestricted Cash and Investments

Unrestricted cash, cash equivalents, and investments at June 30, 2018 include funds for the following purposes:

Board-designated	
Capital improvements	\$ 22,660,639
Debt service	<u>1,824,158</u>
Total board-designated	<u>24,484,797</u>
Undesignated	<u>37,646,269</u>
Total	\$ <u>62,131,066</u>

At June 30, 2018, construction contract payables, including retentions, to be paid with board-designated funds were approximately \$200,000. Construction contract commitments as of June 30, 2018, to be paid with board-designated funds, aggregated approximately \$4.6 million. There are no amounts included in the construction contract commitment amounts for 2018 for maintenance of compliance-order projects and no amounts included for management's estimates needed in anticipation of future regulations for compliance.

Restricted Cash and Investments

Restricted cash and investments consisted of the following at June 30, 2018:

Water system development fee	\$ 13,231,669
State funds	6,440,718
Bond funds	2,306,902
Customer deposits	677,428
Special assessment fund for storage	273,829
Source development fund assessments	192,525
Federal funds	<u>1,954</u>
Total	\$ <u>23,125,025</u>

At June 30, 2018, construction voucher and contract payables, including retentions, to be paid with restricted assets were approximately \$1.8 million. The construction contract commitments as of June 30, 2018, to be paid with restricted assets, aggregated approximately \$11.2 million.

Restricted Net Position

At June 30, 2018, restricted net position consisted of the following:

Water system development fee	\$ 13,231,669
Special assessment fund for storage	273,829
Source development fund assessments	192,525
Other restricted funds	<u>6,513,789</u>
Total	\$ <u>20,211,812</u>

COUNTY OF MAUI
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 15 - RESTATEMENTS OF NET POSITION AND FUND BALANCE

Adoption of New Accounting Principle - The County has adopted the applicable requirements of GASBS 75. The cumulative effect of applying the requirements of GASB Statement No. 75 resulted in a reduction to beginning net position by \$268,392,486 and \$23,714,070 as of June 30, 2018 for governmental activities and business-type activities, respectively.

Management of the County concluded that it was not practical to determine the amounts of all applicable deferred inflows of resources and deferred outflows of resources related to OPEB as of June 30, 2017. Accordingly, as permitted under the provisions of GASBS 75, the restatement of beginning balances as of June 30, 2017 only includes deferred outflows of resources for OPEB contributions by the County made subsequent to the measurement date of the beginning net OPEB liability (June 30, 2016) but before June 30, 2017.

Prior Period Adjustments - The accompanying financial statements reflect adjustments resulting from a restatement of beginning Governmental Activities net position as of June 30, 2017 as follows:

- Decrease of \$2,864,490 for accrued compensatory time off that was previously unrecorded.
- Increase of \$11,893,177 for Kulamalu construction in progress (CIP) that was previously expensed.

The following tables provide the impact of recognizing the adoption of GASBS 75 and prior period adjustments:

	Governmental Activities	Business-type Activities
Net position at beginning of fiscal year, as previously reported	\$ 269,125,306	\$ 336,602,241
Reverse net OPEB asset at June 30, 2017	(3,397,664)	--
Net OPEB liability at June 30, 2017	(294,264,342)	(26,333,364)
Deferred outflows of resources - employer contributions paid during the fiscal year ended June 30, 2017	29,269,520	2,619,294
Prior period adjustments:		
Accrued compensatory time off	(2,864,490)	--
Kulamalu CIP	<u>11,893,177</u>	<u>--</u>
Net position at beginning of fiscal year, as restated	\$ <u>9,761,507</u>	\$ <u>312,888,171</u>

NOTE 16 - SUBSEQUENT EVENTS

On October 10, 2018, the County issued approximately \$106.3 million of Series 2018 general obligation bonds. The proceeds from the bonds will be utilized for capital projects, prepayment of SRF loans, and to refund 2006B and 2006C general obligation debt.

COUNTY OF MAUI
NOTES TO THE BUDGETARY COMPARISON SCHEDULES
FOR THE FISCAL YEAR ENDED JUNE 30, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Budgets and Budgetary Accounting - On or before March 25th, the Mayor submits to the County Council a proposed operating budget and capital program for the fiscal year commencing the following July 1st. Upon submission, the budget and capital program are available as public record in the Office of the County Clerk for open inspection. A public hearing is held by the County Council between April 1st and 30th in the year of submission. After the public hearing, the County Council shall pass the budget by ordinance with or without amendment on or before June 10th. If the Council fails to do so, the budget, as submitted by the Mayor, is deemed legally enacted as the budget for the ensuing fiscal year.

The classification detail upon which the budget is prepared is by fund, department, activity, and sub-object. Certain departments have specific line-item appropriations within a program. The department heads may make transfers between sub-objects and indexes within an activity (line item).

The detail at which expenditures may not legally exceed appropriations without amendment is at the program level or the specific line-item appropriations as shown in the schedules by fund. Any transfers or increase of an appropriation require the approval of the County Council. Transfers with a department are approved by resolution, and transfers between departments and increases or decreases in appropriations are approved by ordinance. Legally adopted budgets include the General Fund, Highway Fund, Sewer Fund, Debt Service Fund, Capital Improvement Projects Fund, Liquor Control Fund, Solid Waste Fund, Department of Water Supply, and the Golf Course Special Fund. For budgetary purposes, the Grant Fund does not have a legally adopted annual budget; however, there is a provision in the annual budget ordinance that relates to revenues from grants. Grant revenues are appropriated to the programs and uses identified in the annual budget ordinance, which also authorizes the fund to receive and expend the funds for the grants and programs identified.

Appropriations - By the Charter of the County of Maui, every appropriation, except an appropriation for capital improvement, shall lapse at the close of the fiscal year to the extent that it has not been expended or encumbered by a written contract. Appropriations for capital improvements shall lapse six months after the close of the fiscal year to the extent that they have not been expended or encumbered by a written contract.

Formal budgetary integration is employed as a management control device during the year. All budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America (GAAP basis); except that encumbrances are treated as budgetary expenditures in the year commitments were made. Accordingly, the actual expenditures on a non-GAAP budgetary basis presented in the required supplementary information represent the current year's expenditures as recorded on the modified accrual basis, plus encumbrances at year-end, less expenditures related to amounts encumbered in the prior year. The required supplementary information reflects the budgeted and actual amounts (non-GAAP budgetary basis) for the General Fund and major Special Revenue Funds that have legally adopted annual operating budgets.

The following is a summary of the adjustments necessary to convert major funds from the GAAP basis to the non-GAAP budgetary basis for the fiscal year ended June 30, 2018.

	General Fund	Highway Fund	Sewer Fund
GAAP Basis - Net change in fund balances	\$ 31,805,417	\$ 8,923,284	\$ 1,760,484
Accruals and other adjustments	2,071,927	(14,172)	(279,038)
Less encumbrances of budgeted funds June 30, 2018	(17,028,947)	(3,123,974)	(1,558,744)
Add encumbrances of budgeted funds July 1, 2017	<u>18,247,545</u>	<u>1,781,277</u>	<u>2,732,188</u>
Non-GAAP Budgetary Basis - Net change in fund balances	\$ <u>35,095,942</u>	\$ <u>7,566,415</u>	\$ <u>2,654,890</u>

COUNTY OF MAUI
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
REQUIRED BY GASB STATEMENT NO. 68
Fiscal Year Ended June 30, 2018

NOTE A - CHANGES OF ASSUMPTIONS

There were no changes of assumptions or other inputs that significantly affected the measurement of the total pension liability since the measurement period ended June 30, 2016.

Amounts reported in the schedule of the proportionate share of the net pension liability as of the measurement period ended June 30, 2016 (fiscal year ended June 30, 2017) were significantly impacted by the following changes of actuarial assumptions:

- o The investment return assumption decreased from 7.65% to 7.00%
- o Mortality assumptions were modified to assume longer life expectancies as well as to reflect continuous mortality improvement

Prior to the measurement period ended June 30, 2016 (fiscal year ended June 30, 2017), there were no other factors, including the use of different assumptions that significantly affect trends reported in these schedules.

See accompanying notes to required supplementary information.

COUNTY OF MAUI
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
REQUIRED BY GASB STATEMENT NO. 75
Fiscal Year Ended June 30, 2018

NOTE A - SIGNIFICANT METHODS AND ASSUMPTIONS

An actuarial valuation of the County's liability associated with other postemployment benefits other than pension provided through the EUTF is performed as of July 1 of each odd-numbered year (e.g. July 1, 2015). This actuarial valuation serves as the basis for developing the annual required contributions ("ARC") for the two fiscal years which begin one year after the actuarial valuation date. For example, the ARC for the fiscal years ended June 30, 2018 and 2017 were developed from the actuarial valuation as of July 1, 2015. Beginning July 1, 2017, the EUTF will be completing an actuarial valuation on an annual basis.

The following summarizes the significant methods and assumptions used to determine the actuarially determined contribution for the fiscal year ended June 30, 2018:

Actuarial valuation date	July 1, 2015
Actuarial cost method	Entry Age Normal
Amortization method	Level percent, closed
Equivalent single amortization period	19.9
Asset valuation method	Market
Inflation rate	3.00%
Investment rate of return	7.00%
Payroll growth	3.50%
Healthcare cost trend rates	
PPO	Initial rate of 9%, declining to a rate of 5% after 8 years
HMO	Initial rate of 7%, declining to a rate of 5% after 8 years
Part B	Initial rate of 3% for the first two years, 5% thereafter
Dental	4.00%
Vision	3.00%
Life Insurance	0.00%

The actuarial valuation as of July 1, 2009, which was used to develop the ARC for fiscal year 2011 and 2012, included a reduction to the discount rate used from the prior valuation. The discount rate changed from a blended discount rate of 7% - 8% to 7%. This resulted in an overall increase to the actuarially determined OPEB liability and the ARC.

There were no other factors that significantly affected trends in the amounts reported in the schedule of changes in the net OPEB liability and related ratios or the schedule of contributions (OPEB).

COUNTY OF MAUI
OTHER SUPPLEMENTARY INFORMATION

	<u>Pages</u>
Other Supplementary Information	105 - 143

COUNTY OF MAUI
NON-MAJOR GOVERNMENTAL FUNDS
JUNE 30, 2018

Liquor Control Fund - The liquor control fund receives revenues from all liquor license fees. Fund revenues are expended for the operation and administration of the Liquor Control Commission, Liquor Control Adjudication Board, and the Department of Liquor Control.

County Funds - These funds were established to account for various County purposes, including affordable housing, animal management, public emergency, and land conservation.

Bikeway Fund - The bikeway fund was established to collect revenue from bicycle licenses. The revenue is expended for bikeway construction and maintenance.

Solid Waste Fund - The solid waste fund was established to receive all refuse collection fees and landfill disposal charges. The fund is used for the operation and maintenance of the County's collections and disposal program as well as for diversion programs such as resource recovery and recycling programs.

Other Assessment Funds - These funds were established to account for special assessments to developers and others for which the funds are to be used for sewer and park improvements in a designated community or district, as well as to account for road assessments.

Sources: Various county departments

¹ Revised per Solid Waste

² Beginning 2013, this figure does not include tons diverted by commercial non-county funded programs, such as the HI5 redemption program or business-to-business recycling arrangements.

Sources: Various county departments

¹ Parks acreage has been revised based on R.M. Towill's March 2007 report and inclusion of underdeveloped parks acreage. The department is currently working with MIS to set up an inventory system to provide more accurate calculations.

² The parks acreage and number of parks has been revised based on the department's latest review of inventory and correction was made on the discrepancies found in the 2007 R.M. Towill Report. Eliminated multiple park #s for the same park with multiple TMKs.

³ Using 24 hours pumping for wells, accounting for restrictions set by CWRM and rated capacity for treatment plants.
