Dear Chair King:

**SUBJECT: BILL 21, CD1, FD1 (2022), SEABIRD AND BIODIVERSITY PROTECTION (CARE-74)**

Thank you for your letter dated August 18, 2022 requesting the Department's comments on a proposed CD2, FD1 version of Bill 21 (2022) entitled, "A BILL FOR AN ORDINANCE AMENDING CHAPTER 20.35, MAUI COUNTY CODE, RELATING TO PROTECTING WILDLIFE FROM OUTDOOR LIGHTING."

Our Department has the following amendments to propose as follows:

Amendments to Section 20.25.070, Maui County Code

4. Lighting for night sporting **and special** events on State department of education properties, private school properties, and County parks and facilities.

Night time special events, such as the Relay for Life, Maui Fair and Whale Day, should be included in the exemption as the outdoor field lights are utilized during the special event.

B. All outdoor lighting fixtures installed or used as portable lighting prior to the enactment of the ordinance establishing subsections 20.30.060.D and E are exempt from the provisions of those subsections for three years from the date of enactment of the ordinance; except that temporary, portable lighting used for emergency services including public safety, road construction or emergency repair, and road crossing remain exempt from this chapter beyond the three-year period if, and for only as long as, there are no compliant lighting fixtures available that meet industry standards for emergency services.

The Department's construction projects may require the use of outdoor lighting when the work is being done at a park after operating hours to minimize the impact to the public.

Should you have any questions or require additional information, please do not hesitate to contact me at 808-270-7230.

Sincerely,

KARLA H. PETERS  
Director of Parks and Recreation
