Certification for Contracts, Grants, Loans, and Cooperative Agreements. The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions;

3. The undersigned shall require that the language of this certification be included in the award documents for all sub-award at all tiers (including subcontracts, subgrants, and contracts under grant, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

CERTIFICATION REGARDING DEBARMENT AND SUSPENSION

Instructions for Lower Tier Participant Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR parts 180 and 1200.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms *covered transaction*, *civil judgment*, *debarment*, *suspension*, *ineligible*, *participant*, *person*, *principal*, and *voluntarily excluded*, as used in this clause, are defined in 2 CFR parts 180 and 1200. You may contact the person to whom this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Instructions for Lower Tier Participant Certification" including the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion — Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions and will require lower tier participants to comply with 2 CFR parts 180 and 1200.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any prospective lower tier participants, each participant may, but is not required to, check the System for Award Management Exclusions website (<https://www.sam.gov/>).

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension or debarment.

The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

BUY AMERICA ACT

The APPLICANT will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or Applicant, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE

The APPLICANT will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

PROBLEM STATEMENT

MPD DISTRACTED DRIVING HIGH VISIBILITY ENFORCEMENT

Grant No: DD22-M-03

Identify the traffic safety related problem or deficiency that the proposed grant is intended to correct.

PROBLEM STATEMENT - Driving is a multi-tasking operation that involves manual, visual, and cognitive tasks. Distracted driving is defined as any non-driving activity a person engages in that has the potential to distract him or her from the primary task of driving and increases the risk of crashing.

The percentage of passenger vehicle drivers talking on handheld phones increased from 2.9 percent in 2017 to 3.2 percent in 2018. The percentage of drivers speaking with visible headsets while driving decreased from 0.45 percent in 2017 to 0.35 percent in 2018. Drivers' visible manipulation of handheld devices increased from 2.0 percent in 2017 to 2.1 percent in 2018. Each of these year-to-year changes are not statistically significant. These results are from the National Occupant Protection Use Survey (NOPUS), which provides the only nationwide probability-based observed data on driver electronic device use in the United States. The NOPUS is conducted annually by the National Center for Statistics and Analysis of the National Highway Traffic Safety Administration.

The percentage of drivers visibly manipulating handheld devices while driving increased from 2.0 percent in 2017 to 2.1 percent in 2018. The 2018 NOPUS observed a significant decrease in visible manipulation of handheld electronic devices among drivers in the northeast region, from 2.8 percent in 2017 to 2.0 percent in 2018. Driver manipulation of handheld device continued to be higher among 16- to 24-year-olds than other age groups.

Drivers who use hand-held devices are four times more likely to be involved in a crash serious enough to injure them. (Source: Insurance Institute for Highway Safety). Using a cell phone while driving, whether it is hand held or hands-free, delays a driver's reaction as much as having blood alcohol concentration at the legal limit of .08 percent (Source: University of Utah).

The 2019 Hawaii Seat Belt Survey, conducted by the University of Hawaii at Manoa during winter 2019, showed that the statewide daytime cell phone use rate decreased from .98 % from the summer 2018 observations to .92 % in January 2019.

SUPPORTING DATA**MPD DISTRACTED DRIVING HIGH VISIBILITY ENFORCEMENT****Grant No: DD22-M-03**

Identify and gather appropriate data relevant to the problem. Collision/fatalities data appropriate to the identified problem and a brief analysis of the data is required. When available, three years of data should be presented and analyzed. When identifying the problem, take into consideration changes in population, traffic patterns and other demographic dynamics that may affect traffic safety.

GRANT GOALS

MPD DISTRACTED DRIVING HIGH VISIBILITY ENFORCEMENT

Grant No: DD22-M-03

Goals serve as the foundation upon which the grant is built. Goals are what you hope to accomplish by implementing a traffic safety grant and represent an end result. Grant goals should be stated in measurable terms (i.e., a percent reduction), be concise and deal with a specific item, be realistic with a reasonable probability of achievement, and be related to a specific time frame (a "by" date). Please notate baseline from which the reduction/increase will result.

Maui Police Department's (MPD) goals in FFY 2022 are to achieve the following:

1. Increase voluntary compliance of distracted driving laws by making 1,250 Mobile Electronic Device (MED) related contacts, which includes MED related citations and/or educational contacts "teaching moments," issued by September 30, 2021, as compared to 1,599 citations for FFY 2021;
2. Enhance electronic mobile device use enforcement by maintaining 560 hours (same as FFY 2021) for officer's overtime to make 1,250 Mobile Electronic Device (MED) related contacts which include MED related citations and/or educational contacts "teaching moments;" by September 30, 2022;
3. Continue with electronic mobile device use enforcement activities on state and county roadways where there is a high volume of vehicular traffic in FFY 2022; and
4. Conduct 60 hours of in person Community Education at traffic safety events to promote voluntary compliance of MED related laws by September 30, 2022, compared to 56 hours for 2020.

GRANT OBJECTIVES

MPD DISTRACTED DRIVING HIGH VISIBILITY ENFORCEMENT

Grant No: DD22-M-03

Objectives are tasks or activities conducted in order to accomplish the grant goal(s) (e.g., develop permanent fitting stations for child restraints, enforcement activities, educational activities, etc.). Grant objectives should be stated in measurable terms (i.e., a percent reduction, number of training to be held, number of roadblocks, etc.), be concise and deal with a specific item, be realistic with a reasonable probability of achievement, and be related to a specific time frame (a "by" date). Please notate baseline from which the reduction/increase will result.

GRANT OBJECTIVES - Maui Police Department's (MPD) objectives in FFY 2022 are to achieve the following:

1. Participate in October 5-12, 2021 U Drive, U Text, U Pay National Enforcement Campaign to include a press release.
2. Conduct 60 hours of overtime in community education at traffic safety events regarding distracted driving by September 30, 2022;
3. Utilize higher vehicle rentals (Jeep/Sport Utility Vehicles) to provide MPD with the ability to blend in with standard vehicular traffic to better identify violators; and
4. Participate in the National Distracted Driving campaign during the month of April 2022, to include a press release.

GRANT METHOD OF EVALUATION

MPD DISTRACTED DRIVING HIGH VISIBILITY ENFORCEMENT

Grant No: DD22-M-03

Using data gathered throughout the grant period, the grant manager will evaluate (1) how well the stated grant goals and objectives were accomplished, and (2) was the grant cost effective? How are you going to show effectiveness of your project? What will be the impact of the project on your identified problem and goal(s)? Provide details on the method of evaluation. For on-going projects that have been funded for more than one year, also provide data to show what the project has accomplished over the course of the years.

METHOD OF EVALUATION - This project will be evaluated administratively by using the accomplishments of the following task objectives:

- Record the number of grant funded citations for electronic mobile device enforcement operations conducted and their enforcement effectiveness thorough September 30, 2022; and
- Record the number of traffic related Community Educational Engagements at which electronic mobile device flyers and pamphlets were distributed. HDOT will provide safety flyers.

PERSONNEL COSTS**Budget Narrative****MPD DISTRACTED DRIVING HIGH VISIBILITY ENFORCEMENT****Grant No: DD22-M-03**

Personnel Costs - The Maui Police Department (MPD) will conduct active and aggressive enforcement of the Distracted Driving law using grant funds for after-hours (overtime) funding of officers (560 hours). Cost is based on an average overtime rate using a Police Officer 9/L3 at the overtime rate of \$67.91 plus an estimated fringe rate of 44.41%. Total OT rate is about \$98.07 per hour. This rate of pay is based on the average officer participating and that some officers will have a lower/higher pay rate. MPD will participate in the National Distracted Driving Awareness Month in April 2022. MPD officers will conduct two or more traffic safety events using 60 hours of overtime. They will distribute flyers, pamphlets, or participate in Educational Community Engagement events regarding the prohibited use of electronic mobile devices, Seatbelt usage, or impaired driving awareness. Hand out materials will be provided by HDOT.
