Ricky Aaron Sanches seems to have no qualifications for UDRB. He wrote on his application, "I am in building contsurtren" (sic).

Otomo Engineering is involved in many major projects and has business ties to most if not all of the developers and construction companies in Maui County. The conflicts of interest involved in appointing Ashley Otomo are disqualifying. Recusal is not a remedy as the board needs quorum in order to deliberate and make decisions. Chair Molina should recuse himself from this decision as his daughter's employer Munekiyo Hiraga collaborates frequently with Otomo Engineering.

The Maui Planning Commission deals with complicated and contentious issues. The commission should consist of experts who understand planning and land use, and topics like climate change, Hawaiian culture, history, ecology, etc . Blaine Apo is a business owner of a shipping company and a potato chip factory, I could not find any experience that is applicable to this commission. Mr. Apo isn't qualified and approval of his nomination shouldn't be recommended.
