This is an estimate only and is intended to be a guide in the review of the insurance claim. We reserve the right to make adjustments to this estimate as additional information becomes available. This estimate reflects the actual cash value of the repairs. The actual cash value reflects a deduction for depreciation based on the age and condition of the items being replaced.. If your policy provides Replacement Cost coverage, this coverage provides payment of the actual, necessary costs of making repairs to your property without any deduction for depreciation. Before replacement benefits may be claimed, your policy requires that repairs be completed, or that an agreed price is reached with your contractor. The additional amount which may be claimed is limited to the smaller of the amount of depreciation or that portion of the depreciation actually spent for repairs. This is not an authorization to repair. This is not an interpretation of what is covered. Only your insurance company can make that decision.
