Dear Chair Sugimura:

SUBJECT" FISCAL YEAR ("FY") 2024 BUDGET (BFED-1) (PS-3)

We are in receipt of your communication (BFED-1) (PS-3), which request answers to a number of follow-up questions from our April 4, discussion. Please find our responses below.

1. *Please provide an update on the status of the creation of the Land Management Administrator position. (TP)*

To date, the department has not received a request to create the Land Management Administrator position.

2. *Please provide a list of all county vacancies? (YLS)*

Attached is a copy of the vacant position listing as of April 9, 2023.

3. *During the meeting you stated that there were 30 casual employees at the County of Maui who earned less than \$17.84 an hour. How many of these employees are women? (GJ)*

Twenty-one (21) of these casual employees are women.

4. *Regarding your comment on the insufficient space in your Department, please provide information for the following. (TC)*

- a. *Does your Department still have employees on a telework schedule? (TC)*

Yes, we have five (5) employees on a hybrid work schedule.

- b. *How many days are the employees in the office? (TC)*

Employees on the hybrid work schedule are in the office 50% to 60% of the time.

- c. *For teleworkers, do they have shared workstations in the office? (TC)*

No, each employee has a dedicated workstation in the office. We did consider "hoteling" in the work place however, we have days where everyone is expected to be physically in the office.

5. *Regarding the screening process of applications, please provide information for the following. (TC)*

- a. *How many employees are assigned to screening applications? (TC)*

We currently have four fully-trained staff assigned to this task, with twelve additional staff participating under close supervision while in training.

- b. *What type of training is received and who does the training? (TC)*

The initial training for recruitments and screening is provided by a Senior Specialist. Shortly thereafter, a mentor is assigned to the new staff member to work on screening and the recruitment process. We currently have four fully-trained staff assigned to screening the more complex recruitments, and mentoring eight additional staff in the screening process.

6. *Regarding applicants that do not meet the minimum qualifications for positions, what percentage successfully appeal the Department's initial decision and prove they qualify for a position's minimum qualifications? (TC)*

- a. *Please explain what these situations occur. (TC)*

In most situations, candidates fail to provide pertinent work experiences to support their qualifications, fail to provide transcripts and/or degrees when applicable. Staff will reach out to candidates to provide additional information that could be used toward meeting the minimum qualifications and provide feedback to candidates.

The majority of candidates provide additional information and they are accepted well before a formal appeal is filed. There are however circumstances where an individual strongly

believes they meet the requirements, and the appeal is heard by the Civil Service Commission. To date, not many have been overturned by the Civil Service Commission.

b. Is there a checklist that the screener can utilize to minimize these types of errors? (TC)

Yes, checklists are used during screening to ensure consistency. In addition, staff diligently reach out to candidates who they feel may qualify, but a complete work history was not provided or there is missing information.

7. When adding new positions during the budget session, can the Department provide an estimate on how long it will take to classify and describe a position? (TP)

The process starts with the employing department developing and finalizing a position description formally describing the duties and responsibilities assigned to the position. We do not know how long departments take to create a position description, as that process is internal to them. The formal position description is then submitted to our department for review, audit, and classification. The number of days it takes once it is received by our department depends on the nature of the request. A routine allocation/reallocation request to an existing class in the compensation plan may take a week or two. A request for a new classification of work that does not currently exist, requires research and analysis to understand the duties and responsibilities to properly classify and establish the new classification, and initial pricing of the class to the appropriate pay range. The overall average time to complete the process is 22.7 days. Delays are often the result of questions raised in the research, creating the new class, consulting with the other jurisdictions on the intent to adopt a new class, duplication of work, inconsistent position descriptions as to the departments requests, etc.

8. When will an Account Clerk III eligible list be created? (TP)

The Account Clerk III recruitment has been continuous since May 2022. A list has been created and a candidate hired, but there is only one candidate on the list presently and a vacancy each in two departments.

9. When does DPS anticipate the following positions will be classified and described? (TP)

Precise timelines for many of the positions are difficult to estimate, as the position descriptions have not yet been received or finalized. In general, once the finalized position description has been received, classification takes approximately two weeks for an existing classification, and longer when establishing new classes of work, as noted in item 7.

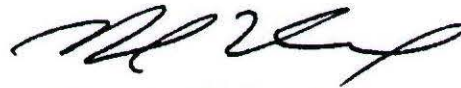

- a. Agricultural Advocate – Position description returned to department for revisions.*
- b. Food Access Coordinator- Position description received. Pending review and creation of proposed new classification.*
- c. Agricultural Waste and Resource Regeneration Specialist – No position description submitted to create new classification.*
- d. Agricultural Park Manager – Position has been created as Agricultural Park Maintenance Specialist and recruitment soon to be initiated.*
- e. Agricultural Facilities Worker – No position description submitted to create new classification.*
- f. Agricultural Inspector- No position description submitted to create new classification.*
- g. Agricultural Ombudsman – No position description submitted to create new classification.*

- h. Parking Coordinator - Position description received. Pending review and creation of proposed new classification.*
- i. Transportation Contracts Specialist - Position description received. Pending review and creation of new classification.*
- j. Ocean Safety Chief position – Creation of new class is in progress. The department is currently updating the affected position descriptions.*

I hope this addresses your request. If you have any questions, please feel free to contact me at extension 7850.

Sincerely,

DAVID UNDERWOOD
Director of Personnel Services
