Hana has so much to contribute to the unique fabric of the Maui County that I believe that its important to have an individual on the planning commission board from Hana who has an intricate connection to the people, lifestyle and especially the geneological invested interest in the future of this rural community. I have experce in sitting on a board with knowledge of what is required. My skill set that I would like to bring to the commission is the knowledge and understanding of community issues, great listener, the ability to communicate efficiently, and most of all the ability to make a decision on tough issues.
