HOUSE OF REPRESENTATIVES
THIRTY-SECOND LEGISLATURE, 2023
STATE OF HAWAII

H.B. NO. 1363
H.D. 3
S.D. 2
C.D. 1

A BILL FOR AN ACT

RELATING TO TAXATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 PART I

2 SECTION 1. The legislature finds that the development of
3 housing is of critical importance to the State. Historically,
4 the development of infrastructure (e.g., water, drainage, sewer,
5 waste disposal, and waste treatment systems) to support housing
6 has been the responsibility of the developers of housing
7 projects. Accordingly, housing developers were responsible for
8 raising large, additional amounts of capital to finance required
9 infrastructure. These high infrastructure costs have often been
10 cited by developers as a major impediment. Furthermore, these
11 costs are ultimately passed on to homebuyers. This drives up
12 the prices of new homes and is a reason why homes are so
13 expensive, to the point of being unattainable for many local
14 families.

15 The legislature further finds that because developers are
16 focused on their specific housing developments, there are few
17 incentives for the developers to design infrastructure in a

1 manner that takes into account state and county planning
2 objectives, long-range planning, or regional or island-wide
3 cohesion. As a result, infrastructure development is often done
4 in a haphazard, piecemeal manner that has caused problems for
5 county residents and governments alike. For example, this has
6 resulted in infrastructure being developed in inconvenient
7 locations, far from necessary societal services to which
8 residents would require access.

9 Accordingly, the legislature finds that it is in the best
10 interest of the people of Hawaii to implement a policy shift
11 with regard to the development of housing. Specifically, the
12 counties, rather than private developers, should be responsible
13 for the location, planning, and development of infrastructure to
14 support housing. The legislature believes that authorizing a
15 county to use revenues from the county surcharge on state tax
16 for housing infrastructure would provide the funding necessary
17 to effect this change in policy.

18 The legislature believes that the implementation of this
19 policy would result in more efficient community planning. In
20 particular, because counties typically take ownership of
21 infrastructure upon completion of a housing project, it makes

1 sense for the counties to also take ownership over the placement
2 and planning of infrastructure and the infrastructure
3 construction process. By taking charge of this process,
4 counties would be able to direct the development of housing in
5 locations that make the most sense. Counties can also ensure
6 that infrastructure systems are designed in a manner that
7 minimizes long-term operational and maintenance costs, allowing
8 for better management of public resources.

9 Perhaps most significantly, under this policy, housing
10 developers would no longer need to finance the costs of
11 installing infrastructure up front, and homebuyers would no
12 longer see these high costs passed on to them. This will result
13 in lower housing prices, making home ownership attainable for
14 more residents, and situating new housing developments closer to
15 needed societal services.

16 Accordingly, the purpose of this Act is to:

- 17 (1) Extend the period within which a county may adopt a
18 surcharge on state tax, under certain conditions, from
19 March 31, 2019, to December 31, 2023;
- 20 (2) Authorize, in certain instances, the use of county
21 surcharge revenues for housing infrastructure; and

1 (3) Temporarily authorize counties that have previously
2 adopted a surcharge on state tax to amend the uses of
3 the surcharge.

4 PART II

5 SECTION 2. Section 46-16.8, Hawaii Revised Statutes, is
6 amended to read as follows:
