MEMO TO: Gladys Baisa, Chair

Councilmember

SUBJECT: **WATER DEPARTMENT RE: SECTION 14.12.050 LIMITATIONS**

As a non-voting member of your committee, may I request responses from the Water Department for the following questions:

1. What are the estimated 10 year forecasts for water usage in each of the Department's water systems?
2. How were these forecasts derived? What future projects were included in the forecasts? On what basis were these projects included in the forecast? Have they paid any assessments or fees to insure inclusion into the forecast? If so, are these assessments or fees subject to the 3 year (2yrs. w/2-6 month extensions) duration as listed in 14.07.090.B?
3. Does the 10 year forecast also include the timely development of additional water sources by the Department to ensure that the forecasted demands are met?
