Wailuku HI 96753

RE: Makena Beach and Golf Resort

Dear Don,

As president of the Makena Homeowner's Association, it has come to my attention that the owners of the Makena Resort have failed to comply with their obligation to document the creation of the public use and beach access area, comprising approximately 1.5 acres at the Maluaka Beach park at the south end. I believe this should have been done over a year ago. The Makena homeowners enthusiastically supported this condition and would like to see it fulfilled at the earliest possible date.

We will be having our next HOA meeting in early November and another in December. I would be very grateful if you would let me know what steps are being taken to enforce compliance with this condition of the ordinance so I may make a report at one of these meetings.

With best regards,

Hugh J. Farrington
President, Makena Homeowner's Association
