WATER CONSERVATION REQUEST CONTINUES AND EXPANDS

The request to conserve water is in effect for Wailuku, Kahului, Kihei, Wailea, Makena, Maalaea, and Paia

WAILUKU, MAUI, Hawai'i –The Department of Water Supply (DWS) requests that all consumers in Wailuku, Kahului, Kihei, Wailea, Makena, Maalaea, and Paia areas conserve water due to damage to the ground water source at Iao tunnel and to the Iao surface water intake.

The conservation request has been lifted for the Lahaina area as the Lahaina intake system for surface water has been repaired and the Lahaina Water Treatment Plant is operating at normal levels.

The Department extends its appreciation to its customers for their cooperation and understanding. Please call the 24-hour hotline at 270-7633 if a water-related problem occurs or if there are any questions.
