Honorable Alan M. Arakawa Mayor, County of Maui 200 South High Street Wailuku, Hawaii 96793

For Transmittal to:

Honorable Mike White, Chair and Members of the Maui County Council 200 South High Street Wailuku, Hawaii 96793

FOR TRANSMITTAL a/2/17

Dear Chair White and Members:

#### Subject: AUTHORIZING THE EXCHANGE OF REAL PROPERTY SITUATED AT HALEAKALA HIGHWAY KULA, MAUI, HAWAII, PURSUANT TO SECTION 3.44.060, MAUI COUNTY CODE

Pursuant to Section 3.44.060, Maui County Code, the Department is hereby transmitting a proposed resolution entitled "AUTHORIZING THE EXCHANGE OF REAL PROPERTY SITUATED AT HALEAKALA HIGHWAY KULA, MAUI, HAWAII, PURSUANT TO SECTION 3.44.060, MAUI COUNTY CODE." The purpose of the proposed resolution is to authorize the exchange of County real property, identified as Tax Map Key (2) 2-3-005:012, for real property and easements owned by Haleakala Ranch Company, identified as Tax Map Key (2) 2-3-005:026, containing the Department's Haleakala Acres Tank (TK367) and adjacent water line.

The purpose of this exchange of real property is to comply with the Stipulated Final Judgment and Decree of Haleakala Ranch Company v. County of Maui Civil No. 05-1-0518(1). The Department respectfully requests that this matter be referred to the appropriate Council committee for expeditious review, discussion, and appropriate action.

COUNTY COMMUNICATION NO. 17-483

"By Water All Things Find Life"

Honorable Alan M. Arakawa, Mayor 11/20/2017 Page 2

Thank you for your attention to this matter. Should further clarification be necessary, please contact Wendy Taomoto, Engineering Program Manager at ext. 7669.

Sincerely,

A. Davia for

DAVID TAYLOR, P.E. Director

### AUTHORIZING THE EXCHANGE OF REAL PROPERTY SITUATED AT HALEAKALA HIGHWAY KULA, MAUI, HAWAII, PURSUANT TO SECTION 3.44.060, MAUI COUNTY CODE

WHEREAS, HALEAKALA RANCH COMPANY, a Hawaii corporation, hereinafter referred to as "Haleakala Ranch", owns real property situated at 18738 Haleakala Highway, Kula, Maui, Hawaii, which is further identified as Tax Map Key Number (2) 2-3-005:026; and

WHEREAS, Tax Map Key Number (2) 2-3-005:026 was created by Haleakala Ranch in its subdivision of Tax Map Key Number (2) 2-3-005:003; and

WHEREAS, the County of Maui ("County") owns real property situated at 18983 Haleakala Highway, Kula, Maui, Hawaii, which is further identified as Tax Map Key Number (2) 2-3-005:012; and

WHEREAS, an existing County, Department of Water Supply, water tank is located on Tax Map Key Number (2) 2-3-005:026; and

WHEREAS, pursuant to a Stipulated Final Judgment and Decree, filed in *Haleakala Ranch Company v. County of Maui*, Civil No. 05-1-0518(1), attached hereto as Exhibit "1", Haleakala Ranch and the County stipulated that Haleakala Ranch and the County will exchange properties upon final subdivision of Tax Map Key Number (2) 2-3-005:003, so that Haleakala Ranch will be the sole fee simple owner of Tax Map Key Number (2) 2-3-005:012, and that the County will be the sole fee simple owner of a portion of Tax Map Key Number (2) 2-3-005:003, namely all of the existing tank site; and

WHEREAS, final subdivision approval has been granted and Tax Map Key Number (2) 2-3-005:026, also identified as Lot 2 of the Puu Pahu Subdivision, is now the parcel of property upon which the water tank is situated; and

WHEREAS, Haleakala Ranch agrees to convey Tax Map Key Number (2) 2-3-005:026, also identified as Lot 2 of the Puu Pahu Subdivision, comprising of approximately 4,869 square feet, more particularly described in Exhibit "2" and shown on Exhibit "3" attached hereto, to the County pursuant to said Stipulated Final Judgment and Decree; and

WHEREAS, the County agrees to convey Tax Map Key Number (2) 2-3-005:012, comprising of approximately 6,577 square feet, as shown on Exhibit "4" attached hereto, to Haleakala Ranch pursuant to said Stipulated Final Judgment and Decree; and

WHEREAS, the exchange of the above-described parcels of land between Haleakala Ranch and the County is desirable to provide the County fee simple title to the real property upon which its existing water tank is situated; and

WHEREAS, the County obtained an appraisal, dated June 12, 2017, for Tax Map Key Number (2) 2-3-005:012, attached hereto as Exhibit "5"; and

WHEREAS, the County obtained an appraisal, dated June 12, 2017, for Tax Map Key Number (2) 2-3-005:026, attached hereto as Exhibit "6"; and

WHEREAS, the County obtained an appraisal, dated June 12, 2017, for Easement "A", an access easement that Haleakala Ranch will grant to the County for access to Tax Map Key Number (2) 2-3-005:026, comprising of approximately 5,153 square feet, and for Easement "B", a waterline easement that Haleakala Ranch will grant to the County for waterline purposes from Tax Map Key Number (2) 2-3-005:026, comprising of approximately 8,601 square feet, attached hereto as Exhibit "7"; and

WHEREAS, pursuant to Section 3.44.060, Maui County Code, the County Council may, upon finding that the above-described exchange of land is in the public interest, approve such exchange by two-thirds of its members and, after public notice published at least once in two successive weeks in a newspaper of general circulation in the County, such exchange can be made; now, therefore,

BE IT RESOLVED by the Council of the County of Maui:

1. That it finds that the exchange of the parcels of property as set forth hereinabove is for the public purpose of ensuring continued use of and continued access to the County water tank for the benefit of the County water users; and

2. That it does hereby authorize the Mayor of the County of Maui, or the Mayor's duly authorized representative, to implement the proposed exchange by executing an exchange deed or deeds and any and all other documents necessary to effectuate the purpose of this resolution; and

Resolution No.

3. That certified copies of this Resolution be transmitted to the Mayor, the Director of Water Supply, the Director of Finance, the Director of Public Works, and Haleakala Ranch.

APPROVED AS TO FORM AND LEGALITY:

JENNIFER M.P.E. OANA Deputy Corporation Counsel County of Maui 2015-3860

DECREE; EXHIBIT A

#### STIPULATED FINAL JUDGMENT AND DECREE

Come now the Plaintiff, HALEAKALA RANCH COMPANY, ("Haleakala") by and through its attorneys Carlsmith Ball LLP, and the Defendant, COUNTY OF MAUI, ("County") by and through its attorneys, BRIAN T. MOTO, Corporation Counsel, and JANE E. LOVELL, Deputy Corporation Counsel, and hereby stipulate as follows:

1. Haleakala and County will exchange properties upon final subdivision of the existing tank site from TMK (2) 2-3-005:003, so that Haleakala will be the sole fee owner of TMK (2) 2-3-005:012, and the County will be the sole fee simple owner of a portion of TMK (2) 2-3-005:003, 75 feet by 75 feet in size, namely all of the existing tank site colored in pink on the

> I hereby certify that this is a full, true and correct copy of the Original.

STIPULATED FINAL JUDGMENT AND

attached Exhibit A map, a non-exclusive perpetual waterline easement, colored in yellow on the attached Exhibit A map, a non-exclusive access easement, colored in blue on the attached Exhibit A map, and, if necessary, a non-exclusive easement for a drain line at a location to be determined during subdivision.

2. Haleakala will pay the entire cost of the subdivision of the existing tank site to be subdivided out of TMK (2) 2-3-005:003, subject to and on the conditions that this subdivision will be processed as a limited subdivision for the sole purpose of a County of Maui water tank site, and although the tank site lot will not meet the minimum lot area, it will be in conformance with the State zoning districts and the purpose and intent of Title 19 of the Maui County Code, and that this subdivision will not prevent Haleakala from receiving separate lot recognition for LCA 5230 and Grant 2502, which are part of TMK (2) 2-3-005:003. The subdivision will be completed as soon as possible. Upon final subdivision approval, Haleakala will notify the County of final subdivision approval. The County will prepare the exchange deed and easements for Haleakala approval and transmit the same to the County Council for approval.

3. This STIPULATED FINAL JUDGMENT AND DECREE fully and finally settles all issues in this case, and this Stipulation when approved and so ordered by the Court will be the final judgment in this case.

Puu Pahu Subdivision Description of Lot 2

Land situated on the southerly side of Haleakala Crater Road (F.A.P. No. 5-B) at Pulehunui, Kula, Makawao, Maui, Hawaii.

Being a portion of Royal Patent 8140, Land Commission Award 5230 to Keaweamahi.

Beginning at a point at the most northerly corner of this parcel of land, the coordinates of said point of beginning referred to Government Survey Triangulation Station "PUU PANE" being: 13,042.22 feet South and 8,100.00 feet East and running by azimuths measured clockwise from True South:

1.	331°	57′	69.63 feet	along Lot 1 of Puu Pahu Subdivision, being also along the remainder of Royal Patent 8140, Land Commission Award 5230 to Keaweamahi to a point;
2.	61°	55′	69.92 feet	along same to a point;
3.	151°	57 <b>'</b>	69.63 feet	along same to a point;
4.	241°	55'	69.92 feet	along same to the point of beginning and containing an Area of 4,869 Square Feet or

0.112 Acre.

TOGETHER WITH the following:

1. A Access Easement A affecting a portion of Lot 1 of Puu Pahu Subdivision, being a portion of Royal Patent 8140, Land Commission Award 5230 to Keaweamahi and being more particularly described as follows:

Beginning at a point at the northeasterly corner of this easement, the coordinates of said point of beginning referred to Government Survey Triangulation Station "PUU PANE" being: 12,841.69 feet South and 8,097.24 feet East and running by azimuths measured clockwise from True South:

Thence along the remainder of Lot 1 of Puu Pahu Subdivision, 1. being a portion of Royal Patent 8140, Land Commission Award 5230 to Keaweamahi on a curve to the left, with the point of curvature azimuth from the radial point being: 167° 29' and the point of tangency azimuth from the radial point being: 85° 31' 20", having a radius of 15.00 feet, the chord azimuth and distance being: 36° 30′ 10″ 19.67 feet; 2. 355° 31' 20" 185.28 feet along same; 27.29 feet along Lot 2 of Puu Pahu 3. 61° 55' Subdivision, being also along the remainder of Royal Patent 8140, Land Commission Award 5230 to Keaweamahi; 188.44 feet along the remainder of Lot 1 of 175° 31′ 20″ 4. Puu Pahu Subdivision, being a portion of Royal Patent 8140, Land Commission Award 5230 to Keaweamahi; Thence along same on a curve to the left, with the point of 5. curvature azimuth from the radial point being: 265° 31' 20" and the point of tangency azimuth from the radial point being: 167° 29', having a radius of 15.00 feet, the chord azimuth and distance being: 126° 30' 10" 22.65 feet;

6. 257° 29' 55.55 feet along the southerly side of Haleakala Crater Road (F.A.P. No. 5-B) to the point of beginning and containing an Area of 5,153 Square Feet or 0.118 Acre, more or less. 2. A Water Easement B affecting a portion of Lot 1 of Puu Pahu Subdivision, being a portion of Royal Patent 8140, Land Commission Award 5230 to Keaweamahi and being more particularly described as follows:

Beginning at a point at the southwesterly corner of this easement, the coordinates of said point of beginning referred to Government Survey Triangulation Station "PUU PANE" being: 13,263.05 feet South and 7,613.77 feet East and running by azimuths measured clockwise from True South:

210° 35′ 21.46 feet along the southerly side of 1. Haleakala Crater Road (F.A.P. No. 5-B); 14′ 58.98 feet along the remainder of Lot 1 of 2. 346° Puu Pahu Subdivision, being a portion of Royal Patent 8140, Land Commission Award 5230 to Keaweamahi: 331 27.87 feet along same; 3. 273° 304° 9.69 feet along same; 4. 04′ 103.81 feet along same; 5. 255° 031 55.00 feet along same; 6. 264° 18' 7. 249° 29' 93.59 feet along same; 57.88 feet along same; 8. 227° 381 25.36 feet along same; 9. 275° 081 26.87 feet along same; 49' 10. 230° 30.00 feet along same; 11. 267° 331 190° 41' 17.51 feet along same; 12. 20.30 feet along same; 13. 237° 34' 33.42 feet along same; 14. 198° 381

15.	331°	57'	8.35	feet	along Lot 2 of Puu Pahu Subdivision, being also slong the remainder of Royal Patent 8140, Land Commission Award 5230 to Keaweamahi;
16.	241°	55′	13.01	feet	along same;
17.	18°	38'	42.46	feet	along the remainder of Lot 1 of Puu Pahu Subdivision, being a portion of Royal Patent 8140, Land Commission Award 5230 to Keaweamahi;

It is possible to buil dwelling on the subject site. Therefore, the highest and best use of the property is a vacant site available for	111.	A sale will be consummated under the terms and conditions of the definition of market value as se forth above.
In the highest and best use analysis of the subject property, the appraiser has considered its permissible (legal) ses or those uses which are permitted by zoning and deed restrictions (if any); its possible uses or those uses thich are physically possible for the site; and its feasible use or those uses which will produce the highest net eturn to the owner of the site under current and projected market conditions. The subject property as well as the surrounding properties are zoned Agriculture. The minimum lot size requires the Agriculture zoning is two acres. Subject site is vacant and considered sub-standard. It is possible to build welling on the subject site. Therefore, the highest and best use of the property is a vacant site available for	IV.	We estimate an exposure time of 6 to 12 months or more based on the average listing period o actively marketed land sales in the area, discussions with brokers and property owners active in the area and sales verification.

#### ADJUSTMENTS

Comparables #4 and #5 were listings only. Based on typical list to sales price ratios, a negative 10% adjustment was considered warranted.

The subject does not have a water meter. Comparables #2, #3 and #7 sold without water meters. The other comparables sold with water meters. A negative 15% adjustment was considered warranted.

No other adjustments were considered warranted.

Value is based upon the present and prospective income from the property. to estimate the capital value. Value is based upon the present and prospective income from the property to estimate the capital value. Value is based upon the present and prospective income from the property of estimate the capitalization rate represents the relation between the value of the property and the net income it pro- (net before interest payments, depreciation charges, and income taxes). The lncome Approach to value was not considered appropriate in this appraisal assignment and no consideration was given to this approach. DIRECT SALES COMPARISON APPROACH The Direct Sales Comparison Approach is based on the principle of substitution whereby a potential purc would pay no more than to acquire an existing property with the same utility as the subject. It is a process comparing the s	e
the cost of producing a similar property with the same utility. It is a process of estimating the cost to repri- identical improvement or improvements on the property, deduct any observed depreciation from the repro- cost, and arrive at a depreciated cost. This depreciated cost is then added to the land value found by ma- comparison of competitive vacant property sales to arrive at market value. Building costs are gleaned fro- builder's cost handbooks and local construction cost estimates. The depreciation estimate was based pr- on the age/life method. The Cost Approach was not relevant in appraising vacant land. INCOME APPROACH The Income Approach is a mathematical process for converting the net income derived from real estate i capital value. Value is based upon the present and prospective income from the property. A rate, known "capitalization rate", is applied to the estimated net annual income produced by the property, to estimate The capitalization rate represents the relation between the value of the property and the net income it pro- (net before interest payments, depreciation charges, and income taxes). The Income Approach to value was not considered appropriate in this appraisal assignment and no consideration was given to this approach. DIRECT SALES COMPARISON APPROACH The Direct Sales Comparison Approach is based on the principle of substitution whereby a potential purce would pay no more than to acquire an existing property with the same utility as the subject. It is a process comparing the subject property with recent or recent-past sales of similar type properties in the same or comparitive market areas. This approach to value is generally considered most reliable when adequate data are available.	
INCOME APPROACH The Income Approach is a mathematical process for converting the net income derived from real estate is capital value. Value is based upon the present and prospective income from the property. A rate, known "capitalization rate", is applied to the estimated net annual income produced by the property, to estimate The capitalization rate represents the relation between the value of the property and the net income it pro (net before interest payments, depreciation charges, and income taxes). The Income Approach to value was not considered appropriate in this appraisal assignment and no consideration was given to this approach. DIRECT SALES COMPARISON APPROACH The Direct Sales Comparison Approach is based on the principle of substitution whereby a potential purce would pay no more than to acquire an existing property with the same utility as the subject. It is a process comparing the subject property with recent or recent-past sales of similar type properties in the same or competitive market areas. This approach to value is generally considered most reliable when adequate a data are available.	oduce a oduction arket om

#### ADJUSTMENTS

Comparables #4 and #5 were listings only. Based on typical list to sales price ratios, a negative 10% adjustment was considered warranted.

The subject does not have a water meter. Comparables #2, #3 and #7 sold without water meters. The other comparables sold with water meters. A negative 15% adjustment was considered warranted.

No other adjustments were considered warranted.

Kula         County         Maui         State         HI         Zip Code         96790           tr/Client         COUNTY OF MAUL - DEPT OF WATER SUPPLYAddress         200 South High Street, 5th Floor Wailuku, HI 96793
vr/Client COUNTY OF MAUL- DEPT OF WATER SUPPLYAddress 200 South High Street, 5th Floor Walluku, HI 96793
DATE OF THE APPRAISAL
The opinions and conclusions of this appraisal are stated as of the date of inspection which was June 12, 2017.
APPRAISAL DEVELOPMENT AND REPORTING PROCESS
This is a Summary Appraisal Report, which is intended to comply with the reporting requirements set forth under Standards Rule 2-2(b) of the Uniform Standards of Professional Appraisal Practice for a Summary Appraisal Report. This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, and statement of assumptions and limiting conditions, extraordinary assumptions and hypothetical conditions, and certifications contained in the appraisal report.
INTENDED USE AND USERS OF APPRAISAL REPORT
The only intended user of the report is the County of Maui - Department of Water Supply and the intended use is to obtain a fair market value for management decision making.
SCOPE OF WORK
Our client is the County of Maui. In performing this assignment and preparing this report, the Appraiser(s):
<ol> <li>Inspected and photographed the subject on June 12, 2017 in order to gather information about the physica characteristics of the property that are relevant to the valuation problem.</li> </ol>
2. Information pertaining to the size of the site was based on County Tax office records and information contained in on-line data.
<ol><li>We relied on the legal description for information regarding easements, restrictions, and other restrictions. We did not research the presence of such items independently.</li></ol>
4. We inspected and photographed surrounding areas, examined land use, economic and demographic indicators in order to determine an appropriate market area in which the subject competes.
5. We researched demographic data and land regulations data with County records as well as various Interne sites.
6. We were not asked to develop a Highest & Best Use analysis of the site.
7. The Cost Approach and Income Approaches to Value were not utilized in this report.
8. The Sales Comparison Approach to value was utilized in our analyses of the subject property. This entailed researching vacant property sales inside and outside the Market Area that have sold during the past three years in order to estimate a probable selling price for the Subject. There were no comparable sales in the subject's immediate market area; therefore, the research of vacant land transactions in the central Maui area.
WRITTEN APPRAISALS & FORMS
This appraisal report has been completed in writing on a form accompanied by addenda, photographs, and sketches (where applicable) that together satisfy requirements of this section. It is our opinion that this report is sufficiently descriptive and contains enough information to enable the reader to understand the reasoning behind the Market Value Estimate and Value Conclusion arrived at for the subject property.

<ol> <li>The appraisers will not be required to give testimony or appear in court because of having made this appraisal, with reference to the property in question, unless arrangements have been previously made therefore.</li> </ol>
2. Neither all nor any part of the contents of this report, or a copy thereof, shall be conveyed to the public through advertising, public relations, news, sales or any other media without written consent and approval of the appraisers. Nor shall the appraisers, firm or professional organizations of which the appraiser is a member be dentified without Written consent of the appraisers.
3. This appraisal report has been prepared for the exclusive benefit of the named clients and is subject to the assumptions, and limitations agreed upon by the clients and the appraisers. If this report becomes the property of any party, other than the addressee or the person who has paid the fee connected herewith, permission must be obtained from the original addressee for reproduction or additional copies. Additional fees will be charged for any urther consultation, reappraisal, or review of the property.
<ol> <li>No responsibility is assumed for matters pertaining to determination of flood hazard zone requirements or ssuance of insurance thereof.</li> </ol>
5. Information regarding the location or existence of public utilities has been obtained through a verbal inquiry to he appropriate utility, or has been ascertained from visual evidence. No warranty has been made regarding the exact location or capabilities of public utility systems.
6. Opinions of value contained herein are estimates and there are no guarantees, either written or implied, that the property would sell for the expressed estimates of value.
7. The property history has been provided by conversations with various individuals involved in the chain of title, and if available, various documents such as contracts, deeds, leases and closing statements. We have not performed a title search, nor do we warrant that the history, as presented herein, is completely accurate. Anyone contemplating an interest in the subject property should rely solely upon a title search and opinion prepared by a qualified attorney at law.
8. Information regarding the location or existence of public utilities has been obtained through a verbal inquiry to the appropriate utility, or has been ascertained from visual evidence. No warranty has been made regarding the exact location or capabilities of public utility systems.
9. Opinions of value contained herein are estimates and there are no guarantees, either written or implied, that the property would sell for the expressed estimates of value.
10. Unless otherwise stated in this report, the existence of hazardous material, which may or may not be present on the property. We received reports that indicating that the site is being treated for ammonia gas as explained in the report. The value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value. The client is urged to retain an expert in this field, if desired. Furthermore, the appraisers hereby reserve the right to alter, amend, revise or rescind any of the value opinions based upon any subsequent environmental impact studies, research or investigations.
11. Unless specifically stated to the contrary in this report, no independent evaluation of concurrence matters were made for the subject or any sales comparables. In the event concurrence is found to affect subject property or any of the sales comparables, we reserve the right to reconsider the value conclusion.
12. The Americans with Disabilities Act (ADA) became effective January 26, 1992. The appraiser has not made a specific compliance survey and analysis of this property to determine whether or not it is in conformity with the various detailed requirements of the ADA. It is possible that a compliance survey of the property together with a detailed analysis of the requirement so the ADA could reveal that the property is not in compliance with one or more of the requirements of the act. If so, this fact could have a negative effect upon the value of the property. Since the appraiser has no direct evidence relating to this issue, he did not consider possible noncompliance with the requirements of the ADA in estimating the value of the property.
13. Disclosure of the contents of this appraisal report is governed by the Bylaws and Regulations of the Appraisal Institute.
14. ACCEPTANCE OF AND/OR USE OF THIS APPRAISAL REPORT BY THE CLIENT OR

unit of comparison in the area.

#### Valuation

Recent sales of similar use and zoning wre sought to represent the current fair market value of the ununcumbered fee interest. A search dating back to 2006 revealed a few applicable sales of land which best indicate the subject's larger parcel, and is summarized in the chart below:

Comparable	ТМК	Sale Date	Sales Price	Land Area (acres)	Price/Acre	Price/SF
1	2-2-02-002	12/19/2016	\$2,852,300	146.27	\$19,500	\$0.45
2	2-2-02-017	12/27/2013	\$9,457,267	1116.20	\$8,473	\$0.19
3	2-2-04-033	9/22/2003	\$2,850,000	523.62	\$5,443	\$0.12
4	2-2-08-001	1/25/2013	\$3,958,000	360.00	\$10,994	\$0.25
5	2-3-01-023	9/7/2006	\$10,706,000	272.96	\$39,222	\$0.90
6	2-3-02-004	12/27/2013	\$6,142,733	725.00	\$8,473	\$0.19
7	2-3-02-008	8/30/2011	\$6,250,000	236.52	\$26,425	\$0.61
8	2-3-07-035	11/16/2007	\$4,750,000	149.87	\$31,694	\$0.73
9	2-7-02-004	7/20/2009	\$2,425,000	214.92	\$11,283	\$0.26
10	2-7-03-001	9/26/2014	\$1,820,000	152.31	\$11,949	\$0.27
11	2-7-07-004	12/24/2014	\$2,200,000	312.54	\$7,039	\$0.16
12	2-7-15-003	12/15/2006	\$4,419,000	661.58	\$6,679	\$0.15

The sales above are vacant land or their improvements contribute nominally to the land value.

Utilizing linear regression analysis, it is my opinion that the unit value for the unencumbered fee interest is \$0.10 per square foot.

#### Easement Value

There assignment involves the estimation of fair market value of two separate easements. Specific easement areas are noted on the engineering maps attached. The following table summarized the value of the easements:

Easement	Description	Area (SF)	Price	%Rights	Indication
A B	Exclusive Non-Exclusive Total	5,153 8,601	\$0.10 \$0.10	100% 50% Sav.	\$515 <u>\$430</u> \$945 \$1,000

Based on the use to which the easement will be put and the use restrictions imposed by the easement rights, an appropriate percentage was appled to the previous unencumbered fee unit value. The easement percentage has been quantified based on an apportionment of the impact on the subsurface, surface, and air rights of the property. It is the appraiser's opinion that the contributory value of the non-exclusive easement interest is approximately 50% of the per unit unencumbered fee value of the property.

# RESTRICTED APPRAISAL REPORT

# Definition of Market Value

Ordinary Assumptions and Limiting Conditions Certification

#### DEFINITION OF MARKET VALUE:

The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he considers his own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of U.S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

#### **ORDINARY ASSUMPTIONS AND LIMITING CONDITIONS:**

- The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes
  that the title is good and marketable and, therefore, will not render any opinions about the title. The property is appraised on the basis of it being under
  responsible ownership.
- If the appraiser has provided a sketch in the appraisal report, the sketch shows approximate dimensions and is included only to assist the reader of the report in visualizing the property and understanding the appraiser's determination of its size.
- 3. If the appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in the appraisal report that the subject site is (or is not) located in an identified Special Flood Hazard Area, as the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless required to do so by a court.
- 5. The appraiser has noted in the appraisal report any significant adverse conditions (such as needed repairs, depreciation, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the normal research involved in performing the appraisal. Unless otherwise stated in the appraisal report, the appraiser has no knowledge of any hidden or unapparent conditions of the property or adverse environmental conditions (including the presence of hazardous wastes, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, the appraisal report must not be considered as an environmental assessment of the property.
- 6. The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
- 7. The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice.
- The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that completion of the improvements will be performed in a workmanlike manner.
- 9. I have agreed to enter into this assignment as requested by the client named in the report for the use specified by the client which is stated in the report, which calls for things that are different from the work that would otherwise be required by the specific guidelines of the USPAP. The client has agreed that the certormance of this limited appraisal service is appropriate for their intended use.

Other:

#### **CERTIFICATION:**

I certify that, to the best of my knowledge and belief:

- 1. The statements of fact contained in this report are true and correct.
- The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, unbiased professional analyses, opinions, and conclusions.
- I have no (or the specified) present or prospective interest in this property that is the subject of this report, and I have no (or the specified) personal interest or bias with respect to the parties involved.
- My compensation is not contingent upon the reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the
  value estimate. the attainment of a stipulated result, or the occurance of a subsequent event.
- 5. My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Practice
- 6. I have (or have not) as indicated on the report made a personal inspection of the property that is the subject of this report. If more than one person has signed the report, each person has indicated on the report whether they did or did not make an inspection of the appraisal property.
- 7. Unless otherwise indicated below, no one provided me with significant professional assistance in the completion of this appraisal assignment.

#### SUPERVISORY APPRAISER'S CERTIFICATION:

If a supervisory appraiser signed the appraisal report, he or she certifies and agrees that: I directly supervise the appraiser who prepared the appraisal report, have reviewed the appraisal report, agree with the statements and conclusions of the appraiser, agree to be bound by the appraiser's certifications, and am taking full responsibility for the appraisal and the appraisal report.
