ORDINANCE NO.

BILL NO. <u>63</u> (2018)

A BILL FOR AN ORDINANCE AUTHORIZING THE MAYOR OF THE COUNTY OF MAUI TO ENTER INTO AN INTERGOVERNMENTAL AGREEMENT WITH THE STATE OF HAWAII DEPARTMENT OF HEALTH AND THE DEPARTMENT OF DEFENSE

BE IT ORDAINED BY THE PEOPLE OF THE COUNTY OF MAUI:

SECTION 1. The Department of Defense (DOD) desires to partner with the County of Maui to bring dental, optometric, and primary medicine services to underserved communities on the islands of Maui, Molokai and Lanai, provided the County of Maui secures locations for services and for billeting DOD personnel who will provide the medical support. This program, Tropic Care 2018, will be conducted during the period August 8, 2018 through August 22, 2018, as more fully described in Exhibit "1", attached hereto and made a part hereof.

A Request for Innovative Readiness Training Civil-Military Partnership, attached hereto as Exhibit "2", initiated planning for Tropic Care 2018. Initial plans were to use only County of Maui sites for Tropic Care 2018 services, but due to date changes and prior bookings, other locations in Maui County have become necessary. Tropic Care 2018 has been issued government permits to use various Department of Parks and Recreation facilities. The County desires to partner with the Maui United Way to secure use of other sites available in the community for Tropic Care 2018. The County also desires to provide additional assistance for Tropic Care 2018 such as site management, safety inspections, and volunteer coordination.

Section 2.20.020, Maui County Code, provides that, unless authorized by ordinance, the Mayor shall not enter into any intergovernmental agreement or

any amendment thereto which places a financial obligation upon the County or any department or agency thereof.

SECTION 2. <u>Council Authorization</u>. The Council hereby authorizes the Mayor, on behalf of the County of Maui, to provide support to bring Tropic Care 2018 to the islands of Maui, Molokai and Lanai, and to execute such documents as may be necessary to provide site support and billeting support for the program. The Mayor shall submit a complete financial report to the Council within sixty (60) days after the completion of the event.

SECTION 3. <u>Effective date</u>. This ordinance shall take effect upon its approval.

APPROVED AS TO FORM AND LEGALITY:

MEMORANDUM FOR MAUI COUNTY

FROM: ANG/IRT

SUBJECT: Department of Defense Intent to Train and Current Status of Tropic Care MML 2018

Innovative Readiness Training (IRT) is Department of Defense military training opportunity. exclusive to the United States and its territories. IRT delivers opportunities for service members to train in a joint environment to enhance military readiness, build civil-military partnerships and provide key services with lasting benefits for American communities.

Military units from the Air National Guard, Active Duty Air Force, Navy Reserve, and Marine Corps Reserve selected the community application for medical services from Maui County to partner with to fulfill their annual training requirements in 2018 for the IRT program. Since the initial selection process in February 2017, the Department of Defense has fully committed a substantial effort and resources to plan and execute a successful event scheduled in August 2018 in Maui County including multiple locations in Maui, and the islands of Lana'i and Moloka'i.

An initial planning meeting was conducted in Maui County for a week in November 2017. followed by another meeting at the IRT equipment storage site in March 2018. The final planning meeting is taking place this week back in Maui County. Service members have also dedicated many evening hours of their own time for teleconference calls every other week to ensure forward progress on planning efforts. The Department of Defense has committed over \$269,000 to Tropic Care MML, which includes over 530 days and travel funds.

The Innovative Readiness Training Program and dedicated military units are substantially invested in this mission and dedicated to its success as they have been relying on it to meet their annual training requirements throughout this year long planning process. We look forward to the continued partnership with Maui County.
