CONCLUSIONS OF LAW

Community Plan Amendment (CPA)

A CPA is reviewed pursuant to Title 2, Section 2.80B.100, Maui County Code (MCC), "Non-decennial amendments to community plans proposed by the planning director or the council." Applications shall follow the procedures set forth out in Sections 19.510.010 and 19.510.020, MCC, as amended.

2.80B.100 - Nondecennial amendments to community plans proposed by the planning director or the council.

- A. Nondecennial amendments to community plans may be proposed by the planning director or by the council by resolution. All proposed amendments shall be referred to the appropriate planning commission for findings and recommendations. Proposals for nondecennial amendments to a community plan made pursuant to this section shall be processed in accordance with sections 8-8.4 and 8-8.6 of the charter.
- B. Prior to approving any amendment to a community plan enacted pursuant to section 2.80B.090 of this chapter, the council shall hold a public hearing regarding the amendment in the relevant community plan area.
- C. Nothing in this section shall prevent concurrent processing of other actions related to a proposed amendment. Where an amendment to a community plan directly triggers an amendment to the general plan, such matters shall be processed concurrently.

Conclusion: The Community Plan Amendment is to obtain a Community Plan Amendment from Public/Quasi Public to Single Family. This is consistent with Section 2.80B.100, MCC. The Department is not recommending any conditions for the Community Plan Amendment. The proposed amendment has been forwarded to the Lanai Planning Commission.

Change of Zoning (CIZ)

A Change of Zoning is reviewed pursuant to Title, 19, Section 19.510.040, Maui County Code (MCC), "Change of Zoning", by which the appropriate planning commission shall hold a public hearing on all applications for zoning changes and make a recommendation to the County Council. The Council may grant a Change of Zoning if the following criteria are met:

- 1. The proposed request meets the intent of the general plan and the objectives and policies of the community plans of the county;
- 2. The proposed request is consistent with the applicable community plan land use map of the county;
- 3. The proposed request meets the intent and purpose of the district being requested;
- 4. The application, if granted, would not adversely affect or interfere with public or private schools, parks, playgrounds, water systems, sewage and solid waste disposal, drainage, roadway and transportation systems, or other public requirements, conveniences, and improvements;
- 5. The application, if granted, would not adversely impact the social, cultural, economic, environmental, and ecological character and quality of the surrounding area; and.
- 6. If the application change in zoning involves the establishment of an agricultural district with a minimum lot size of two acres, agricultural feasibility study shall be required and reviewed by the Dept. of Agriculture and the US Soil and Conservation Service.

Conclusion: The Title 19 Change of Zoning will change the zoning P-1 Public/Quasi Public to R-1 Residential for property located at 337 Houston Street. The proposed action is consistent with and is supported by the above listed criteria for a CIZ pursuant to Title 19, Section 19.510.040, "Change of Zoning", MCC.

DESCRIPTION OF THE PROJECT

Michele McLean, Planning Director, is initiating the necessary land use entitlements for an amendment to the Lanai Community Plan and Land Use Map from Public/Quasi Public to Single Family and a Change in Zoning from P-1 Public/Quasi Public to R-1 Residential to correct mapping oversights. The subject property is in the Lanai Community Plan area on approximately 11,760 sq. ft. of land in the State Urban District, located at 337 Houston Street, Lanai City, Island of Lanai and County of Maui, identified as TMK (2) 4-9-007:029 ("Property").

PURPOSE AND PROJECT SUMMARY

The purpose of the Director-initiated requests for a Community Plan Amendment (CPA) and Change In Zoning (CIZ) is to correct mapping oversights on the 2016 Lanai Community Plan Map (EXHIBIT 1) and Land Zoning Map L- (EXHIBIT 2). The existing single-family residential use is not permitted under the current land use designations. The corrections will allow the property owners to make improvements or rebuild the two residential dwellings currently on the property in the event of a catastrophic loss.

TIMELINE

12/26/1956 This lot was created (Land Court App 862, Map 42) 11,760 square feet

(EXHIBIT 3).

10/1/1965 By Ordinance 437, the area was zoned Interim (EXHIBIT 4).

A church existed on the property at one time. At some point, the church use was eliminated and the property was used for single-family purposes. It is unknown exactly when this occurred.

- 4/26/1989 B89/0965 A Dwelling Demolition permit was issued (EXHIBIT 5).
- 7/3/1989 B89/1611 A 960 sq. ft. Single-Family Dwelling permit was issued (EXHIBIT 6)
- 4/23/1990 B90/1148 A 600 sq. ft. Single-Family Accessory Dwelling permit was issued (Ohana Dwelling) (EXHIBIT 7).
- 3/6/1995 "Lanai Condominium Project" Declaration of Condominium Property Regime (see Doc_2731108). Condominium Map No. 1078. (EXHIBIT 8).

CPR 0001 – contains the 960 sq ft. Single Family Dwelling - "Unit 1" – 6,076 sq. ft. lot.
CPR 0002 – contains the 600 sq ft. Ohana Dwelling - "Unit 2"- 5,684 sq. ft. lot.

- 10/7/1997 B97/1643 A 540 sq. ft. Garage permit issued to CPR 0002 to attach garage to dwelling. Since this condominium lot contained the Ohana Dwelling, the building permit approval was made in error (EXHIBIT 9).
- 5/18/1998 B98/782 A 486 sq. ft. Addition to Dwelling Permit was issued to condo lot 0002 for a family room and bathroom. Since this condominium lot contained the Ohana Dwelling, the building permit approval was made in error (EXHIBIT 10).
- 12/21/1998 By Ordinance 2738, the Lanai Community Plan Update was enacted by Council. Recommendation and approval in Community Plan Land Use Matrix changes this TMK from P/QP to SF. However the Community Plan Map was not amended and thus the designation remained on the map as Public/Quasi Public. This was an error (EXHIBIT 11).
- 3/6/2000 B2000/0440 1224 sq. ft. Addition to Dwelling Permit issued to Condominium Lot 0002 for a covered patio/ 2 bedrooms/bath/enlarging family room. Since this condo lot contained the accessory dwelling, the building permit approval was made in error. (EXHIBIT 12)
- 4/24/2000 By Ordinance 2852, Comprehensive Zoning for Lanai, the lot was rezoned from Interim to P-1 Public/Quasi-Public based on its erroneous P/QP community plan designation as depicted on the Lanai CP map (EXHIBIT 13).
- 7/26/2016 By Ordinance 4343, the Lanai Community Plan 2016 was enacted by Council (EXHIBIT 14).

This lot was again identified as Public/Quasi-Public on the Community Plan Map and adopted as such. The designation for Public/Quasi Public should have been corrected to Single Family, however the prior mapping error went unnoticed by the reviewing parties.

12/28/17 BT2017/1871 The owner of CPR 0001, Kim Masse applied for a building permit for a car port and a laundry extension.

3/14/18 The Department of Planning, Zoning and Enforcement Division, emailed Ms. Masse and explained that her property's zoning is P-1; the dwelling is considered "existing non-conforming"; and she cannot increase the non-conformity (EXHIBIT 15 - redacted).

3/15/18 Ms. Masse sent correspondence to then Director Spence asking for information on when, why, and how her property was rezoned from Residential to P-1 (EXHIBITS 16, 17).

The Department researched the property's history and drafted a response stating property was zoned P-1 in compliance with the Public/Quasi Public Community Plan designation on the 1998 Lanai Community Plan Map, which is now known to have not been amended to Single Family as it should have been) (EXHIBIT 18).

4/12/18 Ms. Masse requested assistance in understanding the issue.

4/13/18 A determination was made that the 1998 Lanai CP matrix included a change of the owner's parcel from Public/Quasi Public to Single Family; however the map was never changed.

Therefore, the County erred on the 1998 Lanai Community Plan Map; erred in zoning the property from Interim to Public/Quasi Public in 2000; and erred again on the 2016 Lanai Community Plan Map. (EXHIBIT 19)

4/16/18 Then Director Spence determined that the Department can do a Director-initiated Change In Zoning and Community Plan Amendment.

6/5/18 By correspondence dated June, 5, 2018, the Department determined that Ms. Masse owns the main dwelling and it can be "expanded if desired..." (EXHIBIT 20).

In 1965, the parcel was first zoned Interim by Ordinance 437. In 1983, the property was identified as Public/Quasi Public in the Lanai Community Plan. A church existed on the property for some time, however it eventually became a residential use. It is unknown when this change in use occurred. However, in 1989 a demolition permit was issued for a dwelling and a building permit was subsequently issued later that year for a 960 square foot single-family dwelling. In 1990, a building permit was issued for an additional 600 sq. ft. single-family accessory dwelling ("ohana"). Consequently, there were two (2) dwellings on the property. In 1997, 1998, and 2000, three building permits were issued for additions to the 600 sq. ft. dwelling.

In 1998, the Lanai Community Plan was updated and the property was identified to have its community plan land use designation changed from Public/Quasi Public to Single Family to be consistent with the existing single-family use. While the matrix in the 1998 Lanai Community Plan identified the change to Single Family, the Land Use Map enacted by the County Council did not reflect this change. Thus, the property continued to be mislabeled with a community plan land use designation of Public/Quasi Public.

In 2000, the property was zoned from Interim to Public/Quasi Public, consistent with its (mislabeled) community plan designation, as part of comprehensive zoning for the island (Ordinance 2852, Land Zoning Map L-2615). Due to the community plan mapping error, the property was not zoned R-1 as it should have been. In July 2016, the mislabeling error was again repeated in the 2016 Lanai Community Plan and remains as such.

In 1995, the Property was granted a Declaration of Condominium Property Regime (CPR). Two CPR lots were created on the Property and each CPR lot has a residential dwelling: CPR 0001, the main dwelling, has a 960 sq. ft. residential dwelling and CPR 0002, the chana has a 1,656 sq. ft. residential dwelling. Currently, these single family dwellings are considered existing, non-conforming structures. In the event of a catastrophic loss, the structures could not be re-built under the current land use zoning designation since residential use is not a permitted use in the P-1 Public/Quasi Public District. The proposed change to R-1 would allow for new residential construction. The owners of CPR 0001 are proposing to build a carport and expand the laundry room.

Pursuant to Chapter 343, Hawaii Revised Statutes (HRS), under normal circumstances, a CPA triggers an Environmental Assessment (EA). The Planning Department conferred with the Office of Environmental Quality Control (OEQC) regarding the necessity of an EA for a County-initiated action, whether by Council or the Administration, to correct a mapping error. The Director of OEQC stated an EA would not be needed under such circumstances. The County's Corporation Counsel concurred with the OEQC Director's interpretation that an EA was not required in this particular instance.

If your house is deemed to be the main dwelling, then you could pursue a Change In Zoning and a Community Plan Amendment.

for <u>you</u> to pursue the above because the accessory is limited to 600 sq ft., and your dwelling would be considered existing/non conforming at 960 sq ft. As such, an expansion request would be denied.

If your house is deemed to be the accessory dwelling, then (in my humble opinion) there would be no point

Thank you for taking the time to help me! I appreciate it a lot! I will give you my back story.

We bought our home in Jan 2015 and have recently decided to add two car ports and extend our laundry room just to the end of the house. We got the architect and did the blue prints then filed with the county to get the permits. Below is what I received. So I called Renee and she told me to write a latter to the Planning supervisor.

and ask when, why and how our property was P1. So I wrote the letter and attached is their response. Along with our property tax key map. I want to do things the right way and have my loan in place, so now I just have to fix the zoning issue

Back a long time ago there was a church on our property. Then they took the church away and split the lot then built two homes on the property in 1989. My neighbor was able to extend before this issue happened. Our lot is used for residential and all the surrounding lots are residential. I am not sure why they listed our lot as a P1. but this is where I am at I am not sure how to proceed from here. Do I need to get a variance, a conditional permit or do we need to do the re-zoning? I am a little overwhelmed at this point but will keep moving forward to get our project going and doing it the right way.

Please call me when you get a chance

Aloha Ms Masse

The Department of Planning, Zoning Administration and Enforcement Division (ZAED) has reviewed the above application and have the following comments

- 1. The property is zoned P-1 Public Quasi Public Click on the link for P-1 District https://library.municode.com/hi/county_of_mau/codes/code_of_ordinances/nodeld=TIT19ZO_ARTIICOZOPR_CH19.31PUQUBLDI 2. The 960 sf dwelling was permitted under #8 89-1611, which is "existing non-conforming"
- 3 Increasing the non-conformity will not be allowed
- Storage sheds are not allowed in the P-1 District.
- 5 Effective January 9, 2018, a fee structure has been added to the Fiscal Year 2018 Budget Ordinance see attached Ordinance 4794

William Spence, Director of Planning County of Maui Department of Planning 2200 Main Street One Main Plaza, Suite 315 Wailuku, HI 96793

Dear Sir,

I am respectfully requesting your assistance for your help with my building permit application #B T20171871.

My single family dwelling was built in 1989 and is listed as a residence on the County of Maui Tax Key Map (attached.) I submitted the above building permit application to add two car ports, one on each side of the residence and to fix/add onto my existing laundry room area. The permit came back as denied because our property is zoned P-1 Public Quasi Public.

I am requesting the information on when, why and how the property was changed from residential to P-1 Public Quasi Public, as all the structures in our area, including my single family dwelling, are residential homes.

I would really like to do the above improvements: the proposed repairs/additions are in compliance with the residential character of the neighborhood and would improve the overall appearance of our property, as well as improve our quality of living in our home.

Any help would be appreciated. My contact information is listed above.

Respectfully,

Kimberly Masse

Dear Ms. Masse:

SUBJECT:

DATE OF ZONING CHANGE FOR PROPERTY LOCATED AT

337 HOUSTON ST, LAHAINA, HAWAII

TMK: (2) 4-9-007:029

The Department of Planning (Department) has received your March 15, 2018 request seeking clarification for when the zoning on the above property changed from Interim to P-1 Public Quasi-Public. We offer the following response:

- The above property contains the following designations: State Land Use Urban; Community Plan Public/Quasi-Public; and County Zoning P-1 Public/Quasi-Public.
- On October 1, 1965, this lot received its first zoning of Interim by Ordinance 437.
 Interim zoning was intended to be a temporary zoning. Maui County Ordinances are available at: https://www.mauicounty.gov/165/Ordinances
- On April 24, 2000, the zoning on this lot was changed from Interim zoning to P-1 Public/Quasi-Public by Ordinance 2852. This was part of a comprehensive zoning of Lanai City to have zoning match the Lanai Community Plan adopted by Council on December 12, 1998. On July 26, 2016, the Lanai Community Plan was updated by Ordinance 4343 and this lot remains Community Plan Public/Quasi-Public. Community Plan Maps are available at: https://www.mauicounty.gov/1523/Community-Plan-Maps
- 4. §19.31 MCC contains the permitted uses and development standards of the P-1 Public/Quasi-Public zoning district, which are available at: https://library.municode.com/hi/county-of-maui/codes/code-of-ordinances?node-ld=TIT19ZO-ARTIICOZOPR CH19.31PUQUBLDI

Ms. Kimberly Masse April 2, 2018 Page 2 of 2

- 5. Dwellings are not a listed permitted use in the Public/Quasi-Public zoning district; however, the use of these dwellings as they were permitted on April 24, 2000 may continue in accordance with §19.500.100.B MCC (Nonconforming uses). https://library.municode.com/hi/county_of_maui/codes/code_of_ordinances?node <a href="https://library.municode.com/hi/county_of_maui/codes/code_of_ordinances?node_ordinances.node]
- 6. If you want to pursue a Change In Zoning from P-1 Public/Quasi-Public to Residential and a Community Plan Amendment from Public/Quasi-Public to Single Family, these applications are available at: https://www.mauicounty.gov/1385/Zoning-and-Land-Use-Plans

Dear Ms. Masse:

SUBJECT:

DETERMINATION OF WHICH DWELLING IS CONSIDERED THE

MAIN AND THE ACCESSORY DWELLING, LOCATED AT:

337 HOUSTON STREET, LANAI CITY, HAWAII

TMK: (2) 4-9-007:029

The Department of Planning (Department) has received your May 1, 2018 request seeking a determination on which dwelling is considered the main dwelling and which dwelling is considered the accessory dwelling on the above lot. We offer the following response:

- Building Permit B-1989/1611 (attached) was issued on July 3, 1989 for a 960 sq ft dwelling. Then Building Permit B-1990/1148 (attached) was issued on April 23,1990 for a 600 sq ft dwelling.
- At the time the above permits were issued, the zoning code allowed for one main dwelling (not limited in area size) and one accessory dwelling (limited to a maximum area of 600 sq ft).
- Any permits issued after the above referenced permits would not have changed the designation of which dwelling is the main dwelling or the accessory dwelling.

Therefore, based on the above information, the dwelling with Building Permit B-1989/1611 is considered the main dwelling which can be expanded if desired and the dwelling with Building Permit B-1990/1148 is considered the accessory dwelling and it cannot be expanded.

Should you have any questions or concerns, you may contact Paul Critchlow, Planner, at paul.critchlow@mauicounty.gov or 270-5795.

B. PUBLIC TESTIMONY - At the discretion of the Chair, public testimony may also be taken when each agenda item is discussed, except for contested cases under Chapter 91, HRS. Individuals who cannot be present when the agenda item is discussed may testify at the beginning of the meeting instead and will not be allowed to testify again when the agenda item is discussed unless new or additional information will be offered.

Ms. Green: First on our agenda is public testimony. I think as I've indicated earlier, I would prefer to have public testimony after the individual items, but if people cannot stay for the whole meeting, please feel free to do your public testimony at this time. So do I see that I have somebody who would like to do public testimony? Okay, nobody wanting to do public testimony?

- C. PUBLIC HEARING (Action to be taken after each public hearing.)
 - MICHELE CHOUTEAU MCLEAN, Planning Director, transmitting a Community Plan Amendment from Public/Quasi-Public(P/QP) to Single-Family Residential (SF) and a zoning change from P-1 Public/Quasi-Public District to R-1 Residential District for property situated at 337 Houston Street, TMK: (2) 4-9-007: 029, Lanai City, Island of Lanai. (CPA 2018/0005) (CIZ 2018/0005) (K. Willenbrink) DEPARTMENT'S REPORT RECOMMENDATION

The purpose of the land use changes is to correct mapping errors on the 2016 Lanai Community Plan Map and Land Zoning Map L-2615 regarding the subject property.

Ms. Green: Okay, then we'll move on to our Item No. C, which is Planning Commission Director -- well Michele is not here. I see somebody standing in for her? Okay . . . (Chair Caron Green read the above project description into the record.) . . .

Ms. Kimberley Willenbrink: Good evening Madame Chair and members of the Commission. My name is Kimberley Willenbrink and I've been with the Maui Planning Department Current Division since last July. Prior to that I worked with the Office of Council Services, Maui County Council for 12 years. So resident of this County, first and foremost, let me just thank you for your dedication and your service to this County.

This matter is scheduled for your review and recommendation today. The Planning Director is requesting a Community Plan Amendment (CPA) from Public/Quasi-Public to Single Family and a Change in Zoning (CIZ) from P1-Public/Quasi-Public to R-1 Residential. The property is located at 337 Houston Avenue on approximately 11,760 square feet of land. The purpose of this Director initiated request for a Community Plan Amendment and Change in Zoning is to correct mapping oversights on the 2016 Lanai Community Plan map which is Exhibit 1 in your report, and Land Zoning map which is Exhibit 2 in your zoning report. The corrections will allow the property owners to make improvements or rebuild the two residential dwellings currently on the property in the event of a catastrophic loss, heaven forbid. The subject property was condominimized in 1995. This matter was first brought to the Planning Department's attention earlier this year after the owner of TMK 0001, Ms. Kim Massi, applied for a building permit. After some research a determination was made that the 1998 Lanai Community Plan matrix included a change of the owner's parcel from Public/Quasi-Public to Single Family. However, the map was never changed. Hence, the reason we are here today is to correct this. At the beginning of the report, you may read through a timeline of the results of all of that research that was put into this.

During a site inspection this morning, Ms. Massi showed us where she would like to build a carport and a laundry extension on her dwelling which was built in 1989. There are no agency comments related to this matter. A Director initiated Community Plan Amendment does not trigger the need for an Environmental Assessment (EA). A Community Plan Amendment is reviewed pursuant to Title 2, Section 2.80B.100, Maui County Code, non-decennial amendments to community plans proposed by the Planning Director or the Maui County Council. A Change in Zoning is reviewed pursuant to Title 19, Section 19.510.040, Maui County Code, Change of Zoning by which the appropriate planning commission shall hold a public hearing and make a recommendation to the County Council. After the discussion, I will explain your alternatives to consider and provide the Department's recommendation on this matter. Ms. Massi is here today to address any questions you may have. Thank you Madame Chair.

Ms. Green: Thank you. Commissioners, are there any questions for Kimberley?

Mr. John Delacruz: Yes. There's a couple of things I need to clear up. Is this lot 3? I drove by today and there's, there's two houses on this lot.

Ms. Green: John, John, would you say what exhibit it is that you're holding up?

Mr. Delacruz: Exhibit 2.

Ms. Willenbrink: Yes, I understood from Ms. Massi that maybe you drove by today. That is very good. Thank you. There are two parcels on the property because it was condominimized.

Mr. Delacruz: There's a greenhouse on the street facing Houston Street.

Ms. Willenbrink: Yes. And that's the, that's the dwelling in question.

Mr. Delacruz: That is marked 337 Houston.

Ms. Willenbrink: Yes.

Mr. Delacruz: On the other side, on Gay Street, there's a 340, and I'm guessing that's 340 Gay Street.

Ms. Willenbrink: Yes.

Mr. Delacruz: But the lot is only on 337? It's not the whole lined area?

Ms. Willenbrink: It is the whole lined area. When we say properties are condominimized that is such the case. But the lot itself, and the planning wrote, we tend to call it an invisible line because it is the lot, the entire lot that will go through the Change in Zoning and Community Plan Amendment.

Mr. Delacruz: So both buildings, the one that's facing Houston and the one that's facing Gay, is on Kim's property?

Ms. Willenbrink: No. It was condominimized. Kim has the first property, and I do not know the owner's name of the other one. I could look it up. It starts with an R, on the other portion of the condominimized property.

Mr. Delacruz: Okay. Well, that's okay. On one of the ... applications submitted by one of the previous owners, they addressed it as, although the lot number is the same --

Ms. Willenbrink: Yes.

Mr. Delacruz: -- the street address was referred to as 341 Houston. Does that matter?

Ms. Willenbrink: Well, I --. In the timeline of research I did not see anything that came up. I'm sure that you know Kathleen Aoki. She did most of the research on this project. I did the report and the...and the discussion.

Mr. Delacruz: Okay. If you would look at Exhibit 5 please.

Ms. Kathleen Aoki: Hi. Kathleen Aoki, Division Chief for Plan Implementation. I'm in the place of actually Clayton today. I do see on the building permits that were submitted, they do have 341 Houston Street. I noticed that too. But the TMK is the actual TMK that we're looking at. We just learned today too that the other owner of the condominimized property gets their address on Gay Street. I can't explain to you why these two different houses have different addresses, or one's on Gay and one's on Houston. We look at the TMK. That's what we're looking at. So it is this TMK that was condominimized. So it is one parcel. So we have to get into technical terms here. It's one parcel, which is that TMK. When it got condominimized like Kim explained that's just an invisible line. That is something that is done with the Bureau of Conveyances. It means nothing to the Planning Department except that we know that is condominimized but it's still one parcel. So there are two dwellings on this parcel. There is -- there was a question from the applicant earlier today about how do you change your address because I guess this is coming up. Planning has absolutely nothing to do with addresses. I believe it's with the US Postal Services, so you would have to go to the US Postal Service to ask for some kind of change of address. That's about all I can say as far as the confusion with the addresses. But the important part is when we get property deeds, they have their TMK on it. We have the deeds of these properties. It's verified with Real Property Tax. That's what these maps will show because these becomes ordinances so this is going to get attached to the ordinance, this actual map that you're looking at.

Mr. Delacruz: So as long as the tax map key reference is correct, the address doesn't matter.

Ms. Aoki: Correct.

Mr. Delacruz: It won't present any problems in the future.

Ms. Aoki: No.

Mr. Delacruz: Okay, thank you.

Ms. Aoki: You're welcome.

Ms. Sherry Menze: So the lot is 11,000 square feet, and the two houses share that one lot.

Ms. Willenbrink: That is correct.

Ms. Menze: How do they pay their property tax then if it's on the TMK? I mean, I'm just curious because these are all the questions that would come up?

Ms. Aoki: No, those are very good questions. It's similar like living in a condominium. You get taxed on your portion of the property that you own, so the Real Property Tax Division has their property separated by --. In the last four digitals of a TMK, 99% of the time it's going to be 0000. Most of us have that if you own a piece of land. If you own a condominimized property, it will say 0001, 0002.

Ms. Menze: Okay.

Ms. Aoki: 0003. If you have 500 units, 0501. So that's how they know, and then they assess it based on --. If you look at page 3 of your report, the fourth date down on 3/6/1995, it explains that a declaration of condominium property regime was done, so this is where 0001 was formed with 6,076 square feet, and 0002 was formed with 5,884. So that's how Real Property Tax will look at those two pieces within that parcel and then look at the property, the house, the square footage, and make their assessment.

Ms. Menze: Thank you because I was very confused with the two addresses also.

Ms. Willenbrink: One second. May I chime in on that? If you look at Exhibit 18, there is a copy of the Real Property Tax information, and it shows 0001 as the parcel number and it spells out all of her information.

Ms. Menze: Thank you so much.

Ms. Willenbrink: You're welcome.

Mr. Gerald Rabaino: Okay, my question to you, yeah, is on Exhibition 10, you have Dante Reymundo Imelda. It was issued in May 18, 98, and they signed their permit at 4/29/98. Okay, that's Dante Reymundo. As well as 8/17/97. But then again when you look at this, there's no imaginary line when Reymundo started to build his house on that lot. Okay, the one that Massi, the one that is, that we're talking about, that used to be under Cathy Oshiro when she was living here. That also, that home there was used of the Hotel Lanai employees. Okay, now, with all the finding that she's been done, and whatever recordation you have, nobody did a follow through to make sure if there's an imaginary line on this, on Exhibit 2 --well 1, 2 and...3. Okay. You have arrows at 6, 7 -- on page 3 -- 67 dash 120. And above you have 247 and 12, okay. That's on the Houston. And on the Gay Street, on the very top of Exhibit 3, you have 247, the arrow facing to 120. Okay you automatically when somebody is looking at this map you know it's a one-way street, yeah, but it has two traffic routes going in one direction from these lots. Okay, now, when Reymundo did his application, and Cathy Oshiro signed the paper to sell the event, did any surveyor come and survey that lot? Is that standard to survey a lot when the lot is going to be sold to someone else?

Ms. Willenbrink: Are you talking about the building permit application?

Mr. Rabaino: Yeah because see when you said there was, earlier you said there was like an imaginary line where Reymundo is, what John was claiming, why is it not showing here? Okay because if it's a condo, and when it was sold, yeah?

Ms. Willenbrink: Yes.

Mr. Rabaino: And it was registered before the condo was in place of the other planning commissioner and she was in transition from Cathy Oshiro to purchase the lot, where's the people involved there to do the enforcement and follow through?

Ms. Willenbrink: I'm not exactly sure that I can answer your question completely, however, the Planning Department does not deal with the building permits. That is the Department of Public Works. And so in the timeline you will see also through the years there have been errors in the building permits, but we didn't go there with that state because that is not our Department's purview.

Mr. Rabaino: But doesn't, doesn't the Planning oversee the permit department?

Ms. Willenbrink: Not building.

Mr. Rabaino: No?

Ms. Willenbrink: Not building permit.

Mr. Rabaino: Not even a hint to go and --?

Ms. Willenbrink: No.

Mr. Rabaino: Okay. Well, I was going to make a...proposal but cannot move forward with this. It's not resolving anything because she's trying to claim that she want to do something, and yet you guys worried about the other guy on the other side.

Ms. Aoki: Okay. One question though I wanted to ask. When you mentioned the Exhibit 2 and the arrows of the Street, Houston Street, the arrow is point the wrong way? Are all the streets the same? Because I want to make sure our map is correct when we go to Council. So on Exhibit 2 and Exhibit 1, are those arrows correct or is it the wrong way for Houston or Gay? Because don't Gay and Houston go one way, the same way? Yeah. So first of all I want to change that. I know it sounds kind of manini, but I want to make sure the map is correct when we go to Council. So is Houston Street, can you guys let me know on Exhibit 1 and 2 which are basically the same map -- one is for a Change in Zoning, one is for a

Community Plan Amendment -- should the arrow for Houston Street be the other way? Yes, okay. So that's the first thing.

Second thing is, Jerry, the map is not going to show the line for the condominiumization. That is something that is done with the Bureau of Conveyances. It does not split a parcel. That's why I mentioned TMKs will have this 0001, 000, but there's no actual line on a map. You're not going to see it. So when you look at Exhibit 1 and Exhibit 2, it's going to show that entire parcel. We know it's condominimized. We're telling you folks it's condominimized. The Change in Zoning is going to apply, and the Community Plan Amendment are going to apply to the entire, that entire square. But we have to let you know who owns these things and what, what the, what's happening with the parcel, so that's --. If a Change in Zoning came in for a five-story condominium property, it would be the same thing. You would have a whole bunch of people listed down as owners -- 0001 -- but it's the lot. Does that help you?

Mr. Rabaino: My next question would be then if you going to zone and get rid of that condominium.

Ms. Aoki: We're not getting rid of the condominium.

Mr. Rabaino: Not getting rid of it? You're going to stand by that, the condominium?

Ms. Aoki: They just want to rezone the property.

Mr. Rabaino: The entire property? Then from there you work from it?

Ms. Aoki: Yeah.

Mr. Rabaino: To say Reymundo is residential, and Masse is going to be residential.

Ms. Aoki: Yeah, the entire lot.

Mr. Rabaino: And that's the only zone change. I can live with that.

Ms. Aoki: Zone and Community Plan Amendment. They're both Public/Quasi-Public right now, so we need to change both to be consistent.

Mr. Rabaino: Okay.

Ms. Green: Okay, Commissioners, are there any other questions? I do have a quick question. So it said in the 98 plan that they had already said they wanted to be a single-family, and it just didn't follow through on the, on the -- what do you call it? -- the map. Is that the same thing for the 2016 plan followed the 98 recommendations.

Ms. Willenbrink: That is correct.

Ms. Green: Okay, that was my assumption here, but I wanted to make sure that's correct. Okay, if there are no other questions for the Council Members, I would like to invite public testimony at this time. Is there anybody who would like to give public testimony? Kim?

Ms. Kimberly Massi: Hi, I'm Kim Massi. I humbly ask your support in my endeavor here. We were putting in for a building permit so we could put in a carport and extend our laundry room and this is where we ran into the issue. I wanted to do things the right way obviously so we would have go in for a rezoning before I can get my permit approved so thank you.

Ms. Green: Thank you Kim. Is there anybody else in the audience who would like to do public testimony at this time? Okay, there being none, Council Members, do we have any more questions or would anybody like to make a motion?

Ms. Willenbrink: Would --. Excuse me? A point of clarification, do I make the recommendation, the Department's recommendation first?

Mr. Delacruz: Yes, please.

Ms. Willenbrink: Thank you Madame Chair. This evening you have several alternatives to consider for each of the amendments. For the Community Plan Amendment, you can opt to defer the matter to a future date, you can opt to recommend approval, or you can opt to recommend denial of the permit application. For the Change in Zoning, your options, excuse me, are to defer the matter, to recommend approval with no conditions, to recommend approval with conditions, to recommend denial.

Here is the Department's recommendation. In consideration of the foregoing, the Planning Department recommends that the Lanai Planning Commission recommend approval of the Community Plan Amendment and Change in Zoning requests, and adopt the Department of Planning's Report and Recommendation statements prepared for the August 15th, 2018 Lanai Planning Commission meeting, and authorize the Planning Director to transmit said report and recommendation statements to the Maui County Council. Mahalo.

Ms. Green: I have just a quick question, and that is regarding this street issue, the Houston and Gay Street issue. Would we make that a condition and if so, how would we handle that?

Ms. Willenbrink: Would the condition be to change the address?

Ms. Green: No, no, it's just your mapping designation of the streets.

Ms. Aoki: You can just say it in the record, but not make it a condition.

Ms. Green: Okay. You've already made note of it. Okay, thank you.

Mr. Delacruz: Hi. Can we recommend approval for both at the same time?

Ms. Willenbrink: Yes you can.

Mr. Delacruz: Okay. I move that the Lanai Planning Commission --

Ms. Willenbrink: Excuse me? Kathleen said it might be cleaner if you do separate motions. A motion for each. I'm sorry.

Mr. Delacruz: I move that the Lanai Planning Department approve the change to single-family. Is that the -- from Quasi Public to Single Family residential with no conditions.

Ms. Willenbrink: And that is for the Community Plan Amendment?

Mr. Delacruz: Yes.

Ms. Willenbrink: Thank you.

Mr. Rabaino: Second.

Ms. Green: Okay, we have it, John has moved, and Jerry has second the motion. Do we have any further discussion members? Okay, can we take a vote? All in favor? It passes unanimously. Okay, do we have a second motion?

It was moved by Mr. John Delacruz, seconded by Mr. Gerald Rabaino, then unanimously

VOTED: to recommend approval to the Maui County Council for the Community

Plan Amendment from Public/Quasi Public to Single Family residential with no conditions.

with no conditions.

(Assenting: R. Catiel, J. Delacruz, S. Menze, G. Rabaino, S. Samonte)

(Excused: S. Preza, M. Martin, C. Trevino)

Mr. Rabaino: Second.

Mr. Delacruz: I'll do it.

Mr. Rabaino: No, I will just stand with your motion. Okay, the second motion would be Change of Zoning, correct?

Ms. Willenbrink: Yes, correct.

Mr. Rabaino: Okay, so we'll approve the Maui County for CIZ from P-1 Public Quasi to R-N Residential for property situated at 337 Houston Street, and forward it to the Council, with no condition attached to it.

Mr. Delacruz: Is it R-N or R-1?

Mr. Rabaino: R-1, yeah?

Ms. Green: R-1.

Ms. Menze: Yeah, R-1.

Ms. Green: Okay, who is seconding?

Mr. Delacruz: I second.

Ms. Green: John seconds. Okay, Commissioners do we have any further discussion on this matter?

Mr. Rabaino: None.

Ms. Green: Okay, all in favor? All right, the motion passes.

Ms. Willenbrink: Thank you Madame Chair.

It was moved by Mr. Gerald Rabaino, seconded by Mr. John Delacruz, then unanimously

VOTED:

to recommend approval to the Maui County Council for the CIZ from P1 Public/Quasi to R-1 Residential for property situated at 337 Houston Street with no conditions.
