COMMUNITY PLAN ADVISORY COMMITTEE ("CPAC") APPLICATION
 COUNTY COUNCIL

(Please print or type)

Name: Aguino, Joseph
 (Last) (First) (Middle)
 City or Town of Residence: Lahaina CPAC for which you are applying: West Maui

Why do you want to serve on the CPAC? (50 words or less)

I want to see West Maui thrive in a positive and sustainable way. I want to ensure that the community, culture and land is being developed in harmony to maintain its beauty and future. West Maui is my home and I want us to be comfortable when we come home.

What knowledge or experience will you bring to the Community Plan update process? (50 words or less)

I live on Kuleana land in Kauaia Valley. I've seen West Maui how it was before and how it is today. I have a degree in sustainable construction technologies and my final project was to develop an area across a beach to include condos, stores, bike path and park area.

Describe your desired vision of the relevant Community Plan area in 20 years. (50 words or less)

I envision more affordable homes for the locals. I see more development from Lanningpoko to Ukumehame. But this development is done by complimenting the land and coastal areas. I think we need a four lane highway from Ma'alea to the current by-pass.

What are the issues of greatest concern to you? (50 words or less)

The first issue is the widening of the road from Ma'alea to the by-pass. Before any more development, the road problem must be addressed. Second is affordable housing. The locals must have something to own in their own home town. Last is Development. Let's develop together with the community, culture and businesses.

Post-Secondary Education, if any:

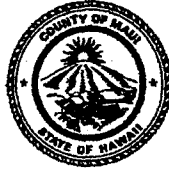

AAS Sustainable Construction Technologies

OFFICE OF THE
COUNTY COUNCIL

Name: Bugga Ravi
(Last) (First) (Middle)

City or Town of Residence: Lahaina CPAC for which you are applying: West Maui

Why do you want to serve on the CPAC? (50 words or less)

I want to keep Maui the best place in the world to live and visit. I believe my background, including 25 years at the World Bank Group in Washington, helping countries develop infrastructure and graduate degrees in business and economics can help make a meaningful contribution to the Committee.

What knowledge or experience will you bring to the Community Plan update process? (50 words or less)

1. Broad experience in project evaluation and finance, specifically in infrastructure.
2. Strong team player - have worked successfully with legal, technical, environmental and social specialists.
3. Commitment to the Community - volunteer tutor in math and language arts at 2 Lahaina public schools; Board member Whale Trust, and volunteer Monk Seal rescue.

Describe your desired vision of the relevant Community Plan area in 20 years. (50 words or less)

Keep Maui the best place in the world to live and visit in harmony with the environment, where: 1) Infrastructure (traffic flow, water treatment etc.) functions well, 2) Environmental (especially marine) quality is high, 3) Land use controls are followed, 4) There is a range of affordable housing choices, and 5) Education including vocational training is strong.

What are the issues of greatest concern to you? (50 words or less)

- 1) Affordable housing; 2) Increase in traffic; 3) Sanitation - waste water treatment; 4) Climate change and deterioration of ocean environment; and 5) Quality of education to improve job opportunities for young people.

City or Town of Residence: Lahaina

CPAC for which you are applying: West Maui

Why do you want to serve on the CPAC? (50 words or less)

As a resident and property owner in West Maui, I would like to be part to the review and recommended revisions of the Community Plan that may come from CPAC. I am exceptionally interested in supporting alternative transportation and altering exclusive dependency on the automobile by instituting Complete Streets policies. .

What knowledge or experience will you bring to the Community Plan update process? (50 words or less)

For the past 6 years I have concentrated support for Hawaiian Clean Energy Initiative, by tackling transportation demand focusing on reducing demand for single occupancy vehicles by advocating for alternative transportation options and promoting implementation of Complete Streets policy to include bike plans as extracted from the Hawaii Bike Plan.

Describe your desired vision of the relevant Community Plan area in 20 years. (50 words or less)

I support the recent Rhodium report recommendations to;

- 1) Incentivize multimodal mobility and disincentive car ownership.*
- 2) Parking management plans should be established, and minimum parking requirements in new developments should be removed.*
- 3) Improve mobility options, incentivize land-uses and enhance connectivity via Design and construct public streets for everyone including bicycle pedestrian pathways.*

What are the issues of greatest concern to you? (50 words or less)

Professor Collin Buchanan, a civil engineer and town planner in 1963 wrote Traffic is like lava, welling out of the towns, searing and scorching in long channels, and ever ready to invade new areas. Altering Maui automobile dependency will do much to preserve the natural beauty and resources of Maui.

Name: Payne, Dylan G.
(Last) (First) (Middle)
City or Town of Residence: Lahaina/Olowalu CPAC for which you are applying: West Maui

Why do you want to serve on the CPAC? (50 words or less)

I grew up in Lahaina and graduated from Lahainaluna High School. I attribute much of who I am today to my upbringing here. I am now raising my 3 children here in Lahaina and want to do what I can to ensure that they have the opportunity to learn and grow in this community. West Maui is changing fast with several competing interests on its limited resources. I believe we need to plan for future growth and use the community plan process so that we get outcomes we want for future generations.

What knowledge or experience will you bring to the Community Plan update process? (50 words or less)

I have sat on the board of the HOA where we lived in Kahana so understand processes and how to work within a group of competing interests to reach common ground. Being born and raised in Hawaii I cherish the values and sense of place that make West Maui unique and will strive to perpetuate that. I have also been involved in Lahaina community and church groups and enjoy working together with people from various backgrounds toward a common goal.

Describe your desired vision of the relevant Community Plan area in 20 years. (50 words or less)

I believe the community plan should strive to maintain the valuable resources and heritage that make Lahaina unique while at the same time allowing for growth in population and advances in technology. We need to plan for smart growth that makes West Maui better and healthier and allows for people from all different backgrounds to interact and grow. This can be accomplished by encouraging multi-modal transportation, mixing uses, increasing densities where it makes sense to promote affordability and complete neighborhoods, and prioritizing and preserving open space and our valuable natural resources.

What are the issues of greatest concern to you? (50 words or less)

The issues addressing West Maui that concern me the most are lack of housing supply and rapidly aging infrastructure.

(Middle)

City or Town of Residence: Lahaina

CPAC for which you are applying: West Maui

Why do you want to serve on the CPAC? (50 words or less)

I live in West Maui and attended several of the technical planning meetings. I believe this is an important process to be involved with as it sets the future vision of West Maui.

What knowledge or experience will you bring to the Community Plan update process? (50 words or less)

I work in real estate development, and am familiar with the planning and permit process. I am also familiar with the Community Plan process. My work experience would bring a real estate development perspective to the Committee. I am also a Board member of HHFDC, a state agency that finances affordable housing projects and has land at the Villages of Lealii. My work with HHFDC would bring a state affordable housing perspective to the Committee.

Describe your desired vision of the relevant Community Plan area in 20 years. (50 words or less)

The Community Plan should balance future growth, quality of life, and the environment. Quality of life would include economic opportunities, enhancements to West Maui's recreational areas, and daily living aspects such as the transportation network.

What are the issues of greatest concern to you? (50 words or less)

One of the issues that face West Maui is a living wage. It is important to have diverse industries that would pay a living wage for people to be able to afford to live in West Maui. Hand in hand with a living wage, affordable housing is another top priority that we should be focusing on.
