Subject: Support Marc Takamori as Director of Transportation (GET-1(10))

Aloha

Thank you for this opportunity to offer my full SUPPORT for MARC TAKAMORI AS THE DIRECTOR OF TRANSPORTATION FOR MAUI COUNTY.

As the programming Section Manager with the Hawaii Department of Transportation (Federal Transit Administration Program), I have had the pleasure of knowing and working with Marc Takamori since 2011.

Through his understanding of the Maui Bus system complexities, Mr Takamori has been able to advance the agency technologically addressing various operational challenges. Mr. Takamori has had an active and key presence in both County and statewide efforts towards a goal of 100% renewable fuel. His continued dedication in supporting, developing and paving the way toward an efficient transportation system with a future goal of a 100% renewable fuel transportation system attests to his commitment to the present and future.

Mr. Takamori has the expertise and leadership to continue the development of the Maui Bus and its service to the people of Maui County

Thank You
Ryan Fujii
