Subject: Appointment of Planning Director GET-1

Aloha Governance, Ethics and Transparency Committee.:

Please accept my testimony in support of Acting Planning Director Michele Chouteau McLean appointment to permanent Planning Director. During my recent 6 year tenure as the Deputy Managing Director for Maui County, I had the pleasure of working closely with Mrs. Mclean. She consistently balanced the needs of our community with the complex operations and requirements of the Maui County Code in her stewardship of the Planning Department. She is reliable, intelligent and seriously considers all sides of an issue before taking action.

As the new administration moves forward in its' first term, keeping an experienced and caring individual in the leadership role of this very complicated department would certainly benefit Maui County as a whole.

Please vote in favor of Michele Chouteau McLean as Planning Director.

I would be happy to provide further testimony if required

Thank you,

David Ching
