**Subject:** Appointment of Planning Director, GET-1

Aloha Mike,

I'm writing to give my support to Ms Michele McLean for the position of Planning Director for the County of Maui. I think it's important for citizens to offer their personal experiences with county officials. So often good deeds go unnoticed!

I've asked Ms McLean for help a number of times when I've had questions regarding zoning and permits. A year ago I escorted my real estate client to the Planning Department. We only expected to speak to a clerk. To our surprise, Ms McLean invited us into her office as she returned from lunch. She provided us with the answers we needed.

One time in a phone conversation, she reminded me how important it was to keep properties available for long term rentals. I was hoping to help a client apply for a short term vacation rental permit. She pointed out the need to make housing available for everyone.

I'm hoping Michele McLean is confirmed as Planning Director. She will be a great representative for the people of Maui.

With Aloha, Jan
