re: Appointment of Planning Director, GET-1

Dear Council Members ;

My name is Francis Skowronski.

We incorporated Territorial Architects Ltd. in August of 1978 as an architecture firm that has since designed small to medium projects statewide. I have served two terms on the Maui County Urban Design Review Board and presently am a member of the Maui County Cultural Resources Commission.

I have worked with many different Maui County Planning Directors over the past four decades; but I have been most impressed with the thoughtful, focused clarity Ms. McLean applies to any planning issue under her review.

She brings extensive experience in the public sector and private business to the key department of the County of Maui that plans for and oversees the health and growth of Maui's built environment.

Make no mistake: these will be very challenging times in the future of Maui. Challenges that can only be addressed within a planning perspective of balanced, managed, sustainable growth. Ms. Michelle McLean believes in this planning approach as do I.

Please do not pass up the opportunity for this Planning Director to continue her hard work in solving the issues and making

the difficult decisions facing the County of Maui in the crucial times ahead of us.

Respectfully Yours

Francis E. Skowronski
Territorial Architects Ltd.
