Kelly, Mike and Keani,

As a long-time resident of Maui and a working professional engineer, I am dismayed by the fact that "politics" has yet once again entered into the realm of Maui County services. Coalitions certainly have their place, but not in creating a slate of employees for vital county positions such as Planning Director and Water Management.

I'll keep this brief - it takes years to establish the experience and wisdom to successfully execute a position like Planning Director for a county such as Maui. I know of no one with the integrity and wisdom of Michele McLean that is equally qualified for said position. I am dismayed that you are even considering starting from scratch when someone like Michele has dedicated her career to finally bring integrity into the Planning Office.

Please do not bring back a mafiosa mentality to Maui County Government. Reward intelligence and dedication to integrity - please confirm Michele McLean this morning.

V/r,

Thomas Glesne
