To Whom It May Concern:

I write to you in Support of the appointment of Michele Chateau Mclean as Director of the Maui County Planning Department.

The County of Maui is fortunate to have Ms. Mclean as the current acting Director of the Planning Department. As a fellow co-worker and County Employee, Ms. Mclean consistently manages her responsibilities as Director. Often times as County Employees, we have leaders in our community, and County Directors that are qualified to do a job. It is not often that we have both in one person. Michele Mclean is a representation of this type of individual; and she consistently strives to improve the lives of others through her efforts.

Sincerely, with Aloha,

Ryan B. Quigless, ASLA
