RE: The appointment of Michele McLean as Director of Planning (Amended)

Dear Members:

I offer my support for the appointment and confirmation of Michele McLean as Director of the Planning Department. There are many reasons I support her to become the next Director, however, in summary, I have witnessed her professionalism, a reasoned approach to planning decisions, and a tremendous productivity and much progress in furthering progressive and community sensitive legislation in just the short six months she has been director. I believe she will support much needed best planning practices that will benefit the community, protect the environment, further progressive long-range planning, and support intelligent and professional community-sensitive decision-making.

Finally, she has support from County Planning staff, and I believe she will work well with staff and community stakeholders alike and continue to find a balanced approach to decision-making.

Please consider this position in light of the 21 years working for the Planning Department and with eight directors.

Sincerely,

A handwritten signature in black ink, appearing to be 'Simone Bosco', with a long horizontal flourish extending to the right.
