I contact you today to consider change. Most of you council members are new, and a couple returning. Mr. Goode has been with the department for some time now and some positives are stability, however the downside is more of the same. Around me, all I hear are the talks of controversy with the use of county resources and staff, no compassion to community movements, no change to adapt to what our needs are today. He is a manager, not a leader. It is his staff that pushes for changes in our community, hope you make choices that will allow those new roads. He is a former developer with some outside interests. You are a new group, and the excitement that brings to myself and the groups I'm connected to are amazing. We have an enthusiastic new mayor, and perhaps he's untested yet, he still brings along the potential for new ideas and new directions. Our county definitely needs a new direction, and our county deserves a full cast of new leadership, actual leadership. Whatever direction you eventually choose, I trust that you will help to steer this county well.

Thank you,
Suz
