**SUBJECT: KANAHA BEACH PARK MASTER PLAN IMPLEMENTATION
PROJECT (CBS-4583) (HFC-5)**

Dear Chair Hokama:

This letter is in response to your letter dated February 15, 2019 regarding the following questions:

1. *One of the key recommendations in the Executive Summary Kanaha Beach Park Master Plan is to "create a safer and more secure environment."*
 - a. *Provide comments on the proposed development of a park headquarters on site, which includes a ranger station and appropriate staffing. The headquarters is proposed to address safety and security concerns in the park, in addition to serving as an information center.*

We suggest a park headquarters be placed within the immediate entrance of the park along with a separate ranger station to the rear of the park. With the park rangers on site, they can immediately respond to any situation in a timely manner. With numerous incidents at the park, frequent checks by park rangers will take a proactive approach to deterring crime.

- b. Provide your thoughts to staff the headquarters with a police officer to address the park's safety and security concerns. Additionally, what has the department implemented to assist with safety and security issues currently, including the response time to address these issues?*

We feel the park rangers have adequate training to ensure a safer and more secure environment at Kanaha Beach Park. If properly staffed, they will be capable of manning the park headquarters and conduct frequent checks of the park to deter crime. As always, police will assist when a crime is committed, the Crime Reduction Unit will conduct operations when a crime trend is found, and the Community Police Officers will assist with the homeless issue, along with our county and community partners, as needed.

- 2. Provide copies of incident reports originating from the park involving citations for abandoned vehicles, thefts, vehicle break-ins, vagrants, illegal camping, and other incidents that transpired in the last three years.*

Please see enclosure.

If you have further questions, please do not hesitate to contact Captain Everett Ferreira of our Wailuku Patrol District at extension 6376.

Sincerely,

TIVOLI S. FAAUMU
Chief of Police
