Mr. Josiah Nishita  
County Clerk  
200 South High Street  
Wailuku, Hawaii 96793

Dear Mr. Nishita:

**SUBJECT: FISCAL YEAR 2020 BUDGET**

The Council of the County of Maui passed Bill No. 36 (2019) Draft 1, relating to the Fiscal Year ("FY") 2020 Budget ("Budget Bill") on second and final reading on Tuesday, May 28, 2019.

On Monday, March 25, 2019, I proposed a fiscally responsible operating budget for the County of Maui for FY 2020 in the amount of \$780,769,839. The Council has since passed Bill No. 36 (2019) Draft 1, in the amount of \$823,477,511, an increase of \$42,707,672.

I support the critical need for affordable housing, infrastructure improvements, and our partnership with the many non-profit organizations through the County and I commend the Council for their action on the following:

1. The additional one percent over the three percent that I proposed for the Affordable Housing Fund. Adding over \$14,000,000 to the Fund in FY 2020 will allow the Administration to explore and plan for much needed attainable housing for our working families.
2. The increases to the Affordable Rental Housing Programs, Homeless Programs, and Substance Abuse Programs will help our residents with getting the necessary assistance they need.
3. The support for economic development and environmental protection.

RECEIVED

OFFICE OF THE  
COUNTY CLERK

COUNTY COMMUNICATION NO. 19-262

4. The Council's support for funding of the infrastructure improvements throughout the County will provide much needed repair to the roadways and bridges, renovation and improvements to our park facilities, and improvements to the landfills and wastewater systems.

Although I support these various additions to the FY 2020 Budget, it disappoints me that these increases come from an additional burden placed on the visitor industry. I would be remiss if I didn't provide the following comments:

Through correspondence to Chair Kelly T. King, dated May 29, 2019, I requested detailed information relating to the changes made to the Budget Bill. It is critical for the Department of Finance as well as the Budget Director to have the details in order to make the necessary changes to the budget documents and accounting system (IFAS). To date, I have not received a formal response with the information requested. If the information is not received prior to the start of FY 2020, it will be difficult to implement the budget and financial transactions and may have unintended consequences.

Pursuant to Section 4-3(2) of the Revised Charter of the County of Maui (1983), as amended ("Charter"), the Mayor shall append to the bill at the time of signing it a statement of the items or portions thereof to which the mayor objects and the reasons therefore, and the items or portions thereof, so vetoed, shall not take effect unless passed notwithstanding the mayor's veto. Therefore, the following identifies the items or portions thereof to which I object and reasons therefore.

As it pertains to Section 3 of the Budget Bill:

1. Section 3.A.2.a(5), Office of the County Council, Council Services Program, as it relates to the proviso that reads "Provided, that \$500,000 shall be for Phase I of a Countywide Master Plan for Shoreline Retreat, beginning with Molokai."

While I support the concept of a Countywide Master Plan for Shoreline Retreat, I object to and am striking the proviso and reducing the appropriation included under Category B in the amount of \$500,000. The Master Plan should be established and administered by the appropriate county department. Council Services creating the master plan could be seen as the Council conducting an executive function.

2. Section 3.B.6.b(1)(ii), Department of Housing and Human Concerns, Housing Program, relating to the proviso that reads "Provided, that \$450,000 shall be for professional services to expand the parcel study beyond three parcels."

The phrase "to expand the parcel study beyond three parcels" is unclear and not specific on how the Administration would comply with this requirement, therefore I object to the proviso and am striking it from the Budget Bill. Because the funds for parcel studies have been appropriated, I would request that the matter be further discussed in the Affordable Housing Committee.

3. Section 3.B.6.c(4)(iv)(3), Department of Housing and Human Concerns, Human Concerns Program, relating to the proviso that reads "Provided, that \$250,000 shall be for homeless programs that collaborate with the community."

The phrase "that collaborate with the community" is unclear and not specific on how the Administration would comply with this requirement, therefore I object to the phrase and am striking it from the proviso. The Department of Housing and Human Concerns will work with the various non-profit agencies to provide the needed services.

4. Section 3.B.9.c(4)(i)(2), Office of the Mayor, Grants and disbursements for Visitors Industry, Maui County Visitor Association, relating to the proviso that reads "Provided, that \$25,000 for Lahaina Second Fridays; \$25,000 for Kihei Fourth Fridays; and \$10,000 for Lanai Fifth Fridays shall be used to hire musicians, artists, and practitioners to spread Hawaiian culture in the form of music, hula, language, and other arts."

I object to the proviso and am striking it from the Budget Bill because these type of events are not within the purpose of the Maui County Visitor Association and further, \$140,000 is already allocated for each district to fund economic development and cultural programs through "Grants and disbursements for business development and technology."

5. Section 3.B.9.c(6)(i)(3), Office of the Mayor, Grants and disbursements for Water and Environmental Resource Protection and Conservation, Environmental Protection, relating to the proviso that reads "Provided, that \$50,000 shall be for the National Guard for coqui frog eradication."

I object to the proviso and am striking it from the Budget Bill because funds for coqui frog eradication is a separate line item grant which allocates \$2,500,000; and it is not certain that the National Guard would participate in the eradication program. The Office of Economic Development will explore alternative options, such as other agencies or organizations having the capability to administer a coqui frog eradication program prior to granting funds for the program.

6. Section 3.B.10.a(1)(ii), Department of Parks and Recreation, Administration Program, General, relating to the proviso that reads "Provided, that \$25,000 shall be for a Security Officer I equivalent position at Kalama Park."

I object to the phrase "at Kalama Park" and am striking it from the proviso because the position could be better utilized serving the South Maui district as a whole rather than only one park facility.

7. Section 3.B.16.a(1)(ii), Department of Transportation, Administration Program – General Fund, relating to the proviso that reads "Provided, that \$50,000 shall be for a public transit rider fee study."

Although a fee study may be warranted, the additional funds were not appropriated in FY 2020 therefore, I object to the proviso and am striking it from the Budget Bill. Furthermore, public transit rider fees are a revenue source for the Highway Fund so the study may be more appropriately expended from the Highway Fund. Should the Department of Transportation have savings within their budget or additional funds become available, the department may consider the study at that time.

8. Section 3.B.17.a(1)(iii), Department of Water Supply, Administration Program – Water Fund, relating to the proviso that reads "Provided, that \$100,000 shall be for the development of a pilot project to develop water conservation measures to manage fresh water for future demand, save money, and prevent water pollution in watersheds."

I object to the proviso and am striking it from the Budget Bill because the language is too vague and does not give clear direction in developing a pilot project. Also, the additional funds were not appropriated in FY 2020. I am requesting the matter be referred to the Water and Infrastructure Committee for further discussion.

As it pertains to Section 4 of the Budget Bill:

1. Section 4.A.3.a(2)(i), Department of Environmental Management, Kihei-Makena Community Plan Area, Kihei-Makena Sewer Expansion, \$7,500,000.

I am striking the amount of \$7,500,000 and reducing the amount to \$2,500,000. The Council's added appropriation does not identify specific projects or improvements for the funds. At this time, the Department does not have the capacity to add an additional \$7,500,000 worth of projects. The reduced amount of \$2,500,000 would be sufficient to allow the Department of Environmental Management, Wastewater Program to explore options for future expansion projects for the Kihei-Makena Wastewater Facility. I am also striking the amount of \$7,500,000 and reducing it to \$2,500,000 in Appendix C.

2. Section 4.A.6.a(1)(i), Department of Environmental Management, Makawao-Pukalani-Kula Community Plan Area, Upcountry Sewer System Upgrades, \$1,000,000.

I am striking the project from the Budget Bill because the project description states "sewer system upgrades and conversions from cesspools for the Upcountry area." Currently, there is no County-owned sewer system in the Upcountry area so the description is unclear with regard to "upgrades." Also, the conversion from cesspools should be further discussed in the Water and Infrastructure Committee. Furthermore, it would be inappropriate to expend funds collected from rate payers for a project in a district that does not currently contribute to the revenues. I am also striking the project from Appendix C.

3. Section 4.C.3.a(1)(i)(a), Department of Fire and Public Safety, Molokai Community Plan Area, Pukoo Fire Station Relocation, relating to the proviso that reads "Funding for an Environmental Impact Statement, provided that it is started with an Archaeological Inventory Survey; a Cultural Impact Assessment; and a range of alternatives, with an analysis of the environmental impacts of each alternative, not to include sites previously deemed unsuitable."

I object to the proviso and am striking it from the Budget because it fails to provide clear direction on how to move forward with the project.

I can assure you that the Council will be involved in the site selection and that Chapter 343, Hawaii Revised Statutes, will be followed. I am also striking the proviso from Appendix C.

As it relates to the Open Space, Natural Resources, Cultural Resources, and Scenic Views Preservation Fund (Section 9-19), Revised Charter of the County of Maui (1983), as amended; Chapter 3.88, Maui County Code), Appendix A, Part II Special Purpose Revenues – Schedule of Revolving/Special Funds for Fiscal Year 2020, I object to the proviso that reads “Provided, that \$150,000 shall be for pre-acquisition costs of a portion of Maliko Gulch near the shoreline, including title searches, surveys, infrastructure assessments, site improvement estimates, site preparation, determination of entitlements required, and archaeological evaluation. Therefore, I am striking it from the Budget Bill because an appropriation relating to pre-acquisition costs for Maliko Gulch is premature at this time. The Administration has not yet made a determination on whether to acquire a portion of Maliko Gulch.

I have various other concerns with items included in the Budget Bill. Again, without the details and calculations used to revise the Mayor’s proposed budget, the Administration cannot make the necessary changes to the budget documents and accounting system (IFAS). Furthermore, we are unable to determine whether each Fund (General, Highway, Sewer, Solid Waste Management, Liquor, Environmental and Sustainability, and Water Supply) is balanced and the Supplemental Transfers are sufficient.

As it relates to Estimated Revenues, itemized details were not provided on the revisions made to each revenue category, such as Charges for Current Services, Licenses/Permits/Others, and Interfund Transfers, therefore the impact to each Fund cannot be determined. Furthermore, as it relates to Interfund Transfers, it is difficult to determine whether all of the transfers are accounted for.

As it relates to the Department of Finance, Countywide Costs, without the calculations and details it is difficult to determine whether the Fringe Benefits, Fringe Benefits Reimbursement, Overhead Reimbursement, and Supplemental Transfers are sufficient. For the Sewer, Solid Waste Management, and Highway Funds, adjustments were made to the appropriation for Contribution to the General Fund for the Employees’ Retirement System, Federal Insurance Contributions Act, Hawaii Employer-Union Health Benefit Trust Fund, and Other Post-Employment Benefits however, no adjustments were made to the

Fringe Benefits Reimbursement. Furthermore, adjustments were made to the Funds for Administrative Overhead, including the Liquor Fund, with no adjustment to the Overhead Reimbursement appropriation.

As required by the Charter, I am returning Bill No. 36 (2019), Draft 1, which indicates the items that I have objected to. The items have been stricken or reduced from the Budget Bill accordingly.

Sincerely,

**SECTION 5. E/Ps and LTAs.** An "E/P" or equivalent personnel is the decimal equivalent of a full-time position. A full-time position is equal to 2,080 scheduled hours of work during the fiscal year. All positions are computed as an equivalent of 2,080 scheduled hours of work; 1.0 E/P equals 2,080 hours. This method of computing the number of authorized personnel in a department or program shall not be construed to grant to an incumbent in a position any rights beyond those provided by law or collective-bargaining agreement. All positions shall be identified by an E/P designation. Disbursement shall be limited to the total number of E/Ps identified in a program appropriation. Any transfer of E/Ps from one program to another shall be approved by ordinance.

"LTA" or Limited Term Appointment means an appointment that is made from an eligible list or through a non-competitive promotion, transfer, or demotion for a specified temporary period.

**SECTION 6. Salaries and premium pay.** Appropriations for salaries and premium pay may be disbursed within the pertinent office, department, agency, or program for the following:

(A) a temporary position to functionally replace a permanent employee who is on long-term leave or who has been temporarily assigned to replace a permanent employee who is on long-term leave; provided that disbursement shall be limited in duration to the leave of the permanent employee who is on long-term leave; and

(B) trainee positions for which there is an existing or anticipated vacancy and for which hiring and replacing is critical to continued operations, provided that funds are available.

**SECTION 7. A, B, and C accounts.** Unless otherwise provided herein, appropriations for each program may be disbursed for the following categories of use:

(A) salaries, premium pay, or reallocation pay;

(B) operations or services; and

(C) equipment;

provided that the disbursement is within the program and category of use for which it was appropriated.

Disbursement for salaries, premium pay, and reallocation pay shall include temporary assignment pay, overtime pay, night differential pay, hazardous pay, standby pay, emergency call back pay, reallocations, and reclassifications. Funds shall not be disbursed for reallocations and reclassifications that involve a change in supervisory duties and responsibilities until the County Council receives written notice setting forth:

(A) an explanation of the reasons for the change; and

(B) organizational charts showing the existing organization and the proposed organization of the department.

The County Council shall be notified of any reallocation or reclassification when a position is transferred from the blue-collar compensation plan, white-collar non-professional compensation plan, white-collar professional compensation plan, uniformed fire compensation plan, or uniformed police compensation plan to a different compensation plan. An explanation of any temporary assignment, temporary transfer, and temporary allocation that is expected to be in effect for more than 30 days shall be provided to the County Council. Receipt of written notice by the County Clerk shall constitute receipt by the County Council. Any amounts appropriated as County matching funds may be encumbered and disbursed for operations, services, or equipment.

Notwithstanding the foregoing provisions of this section, appropriations may be disbursed by a department to reimburse another department for work performed.

**SECTION 8. General obligation bonds.** General obligation bonds appropriated in this ordinance need not be authorized contemporaneously with this ordinance to be included as estimated revenues. Any increase or decrease in revenues or any increase or decrease in appropriations to any department or program, any transfer of funds from one department to another, or any transfer of funds within a department shall be made in accordance with law.

**SECTION 9. (A) The grant revenues, which include revenues from grants and revenues with restricted uses, set forth in Part I of Appendix A are expected to be derived by the County from Federal, State, or private sources during Fiscal Year 2020. These grant revenues are appropriated in the amounts set forth in Part I of Appendix A to the programs and uses identified therein; provided, that disbursement is conditioned on:

(1) receipt of a notification of grant award from the grantor, or receipt of notification from the grantor that the grant award will be forthcoming and that the County is authorized to incur costs pursuant to the grant award; and

(2) written notice to the County Council, to which a copy of the notification from the grantor is attached.

When a specific amount from a grant is appropriated for a specific position, the individual in that position shall be paid only the amount so specified during this fiscal year and no more, notwithstanding that the terms or rules and regulations of the grant may allow additional pay for the position. Unless specifically authorized, grant revenues shall not be used for salaries and personnel services for a County position.

(B) Subject to the requirements of this section, the Mayor is hereby authorized to execute any documents to receive and expend the funds for the grants and programs identified in Part I of Appendix A.

(C) Grant revenues derived during Fiscal Year 2020 that are not included in Part I of Appendix A shall be subject to Sections 12 and 13, as may be appropriate.

**SECTION 12. Additional grant revenues.** Whenever the County is notified that grant revenues are available from Federal or State sources for programs other than those identified in Part I of Appendix A, the County Council may authorize the acceptance of the revenues by adding the revenues to Part I of Appendix A. The following procedure shall apply:

(A) These grant revenues are deemed appropriated upon enactment of an ordinance adding the estimated revenues to Part I of Appendix A; provided, that disbursement is conditioned on:

(1) receipt of a notification of grant award from the grantor, or receipt of notification from the grantor that the grant award will be forthcoming and that the County is authorized to incur costs pursuant to the grant award; and

(2) written notice to the County Council, to which a copy of the notification from the grantor is attached.

(B) Subject to the requirements of this section, the Mayor is authorized to execute any documents to receive and expend the funds for the programs identified in the grant award.

**SECTION 14. Special purpose revenues.** The special purpose revenues set forth in Part II of Appendix A are expected to be on hand as of June 30, 2019, or derived by the County during Fiscal Year 2020, from the programs or activities described in the Revised Charter of the County of Maui (1983), as amended, Maui County Code, or Hawaii Revised Statutes at the references set forth under A through Y therein. The balance remaining in each of the revolving or special funds as of June 30, 2019, is reappropriated to the particular fund. Revenues derived from the particular program or activities during the fiscal year shall be deposited into the applicable special purpose revenue fund. **SECTION 18.** For the purpose of this section, "County fund" excludes pension or retirement funds, funds under the control of any independent board or commission, funds set aside for the redemption of bonds or the payment of interest thereon, park

dedication funds, or special purpose funds. In the event there are monies in any County fund that, in the judgment of the Director of Finance, are in excess of the amounts necessary for the immediate requirements of the respective funds, and where in the judgment of the Director of Finance, such action will not impede the necessary or desirable financial operation of the County, the Director of Finance may make temporary transfers or loans therefrom without interest to the Bond Fund or the Housing Interim Financing and Buy-Back Revolving Fund. The amount of such temporary transfers or loans shall not exceed the amount of general obligation bonds, state loans or notes authorized but not issued. At any time, the aggregate amount of such transfers and loans that shall be unreimbursed shall not exceed \$55,000,000. Monies transferred or loaned shall be expended only for appropriations from the Bond Fund or the Housing Interim Financing and Buy-Back Revolving Fund, which appropriations are specified to be financed from the sale of general obligation bonds or notes. Proceeds from the sale of general obligation bonds, notes or state loans shall be used to reimburse the fund from which transfers or loans are made. The expenditures of such transfers or loans The fund from which transfers or loans are made shall be reimbursed from time to time and in whole or in part, as determined by the Director of Finance, and shall be reimbursed from the proceeds of the sale of general obligation bonds, notes, or state loans, when and as issued. Within 30 days after the date each transfer or loan is made, the Director of Finance shall provide the following information to the County Council: (1) the amount of each transfer or loan made to date and the accumulated total; (2) the budgetary bonding authorization for each transfer or loan made to date; and (3) the time schedule for the sale of proposed general obligation bonds, notes or state loans proposed for reimbursement or repayment of each transfer or loan made to date. Proceeds of tax-exempt general obligation bonds, state loans or notes may be applied to reimburse or repay a transfer or loan that was used to fund public improvement costs paid before the issuance date thereof, so long as such expenditure was (i) not made prior to sixty (60) days before the County's adoption of a declaration of official intent to finance the public improvement or the approval by ordinance authorizing the project(s) to be funded with general obligation bonds, notes or state loans, (ii) not made more than eighteen (18) months prior to the issuance date thereof or the date the public improvement funded by the transfer or loan was placed-in-service, whichever is later, and (iii) not made more than three (3) years prior to the issuance date thereof, unless such cost is attributable to a "preliminary expenditure." For this purpose, preliminary expenditure means architectural, engineering, surveying, soil testing and similar costs incurred prior to the commencement of construction or rehabilitation of the public improvement funded by the transfer or loan, but does not include land acquisition, site preparation and similar costs incident to the commencement of acquisition, construction or rehabilitation of the public improvement funded by the transfer or loan. Preliminary expenditures funded with proceeds of tax-exempt general obligation bonds or notes may not exceed 20% of the issue of tax-exempt general obligation bonds or notes. The Budget Director shall consult with the Director of Finance from time to time as to the

timing and eligibility of accrued expenditures eligible for reimbursement by tax-exempt general obligation bonds or notes. The Budget Director will annually provide the Director of Finance with a list of capital expenditures to be financed from the proceeds of tax-exempt general obligation bonds, notes or state loans prior to their final inclusion in the annual budget of the County. Nothing herein will preclude the County from reimbursing temporary transfers or loans from taxable bonds or notes.

At the close of each quarter, the Director of Finance shall submit to the County Council a Combined Statement of Cash Receipts and Disbursements showing for each month for each individual fund the cash balance at the start of the accounting period, the cash receipts and disbursements during the period, and the cash balance at the end of the period. Within forty-five (45) days after the close of each quarter, the Director of Finance shall submit a separate report showing the accumulated balance of any fund or account which exceeds \$100,000, and which would be available for appropriation upon certification by the Mayor.

**SECTION 19. Establishment of accounts.** The Director of Finance is authorized to establish appropriate individual and separate accounts for receipts and expenditures except as otherwise provided herein. The Director of Finance is authorized to establish accounts for items of receipt and expenditures for the departments, agencies, or divisions as required by law to establish accounting and financial procedures under utility and other enterprise fund accounting.

**SECTION 20. Transfer of appropriations from countywide costs to a department.** The Director of Finance is authorized to transfer appropriations from programs under countywide costs to a department if:

(A) generally accepted accounting principles require the transfer to properly reflect the financial accounting of the department;

(B) the total appropriation transferred shall not exceed the appropriation of the respective program in countywide costs; and

(C) the County Council is notified of the transfer with an explanation of the action. Receipt of written notice by the County Clerk shall constitute receipt by the County Council.

**SECTION 21. Penalties.** Whoever intentionally or knowingly violates this ordinance shall, upon conviction, be fined not more than \$1,000 or imprisoned not more than 30 days, or both.

**SECTION 22. Self-insurance coverage adjustment.** If a court of competent jurisdiction holds any appropriation in this ordinance invalid, the appropriation for the County's self-insurance coverage shall be adjusted to the extent necessary to maintain the equality of estimated revenues, proposed expenditures, and total appropriations, as required by Section 9-5 of the Revised Charter of the County of Maui (1983), as amended.

**SECTION 23. Severability.** If a court of competent jurisdiction holds any appropriation in this ordinance invalid, the invalidity does not affect other provisions or applications of the ordinance that can be given effect without the invalid provision or application.

**SECTION 24. Effective date.** This ordinance shall take effect on July 1, 2019.

**SECTION 25. Definition.** As used in Resolution 19-100 and Appendix B of this ordinance, "Biodiesel Blend (other than B 100)" means mixtures containing 20 percent up to 99 percent by volume of biodiesel with diesel or other fuels.
