Subject: EACP-31

To whom it may concern,  
I am writing this letter in support of EACP-31, to have a curbside recycling and composting program.

I have seen this program work very effectively in other states and have always been amazed at the dedication that the people have to using it. It becomes second nature to them and automatic.

I think it would be a wonderful addition to Maui and our residents and the island would really benefit from using it.

Please consider the EACP-31 curbside recycling and composting program. Other cities use it and it is a very effective program.

Mahalo,  
Jade Holter
