Subject: Hana Highway

For committee meeting comment on Sept 30, 2019

Please make signs indicating that tourists should pull aside if another car comes up from behind who clearly desires to pass by... honking should not even need to happen. So many tourists don't even have their windows open! Or they get pissed when you honk, thinking that they need to just be more aggressive themselves. I don't think there needs to be 'a chain' of more than a certain number requiring a driver to pull over, one slow driver ahead is no less frustrating than 3-5...

Thanks for making change to help restore peace and respect to the drive - for our East Maui Community!

Mahalo nui loa,
Heidi Lea
