**Subject:** MT-30, Promoting traffic safety on two Lane roadways

Aloha MT Committee,

I would like to submit testimony on behalf of my husband and myself. My husband's family lives out in Kailua (above dog pond) and has a property out in Nahiku. For a few years I lived with my husband and family out in Kailua and know all too well the hassle of following lines of cars just to get to town or worse just to get home. The Kailua property the family owns is right on the road so we also are privy to tons of horns honking and profanity laced exchanges from locals trying to get tourist cars to simply pull over. I think it's in the best interest of all for the proposal of the "5 car rule" to go through. I think many times visitors do not know what is going on and might be afraid when locals are angrily honking their horns behind them. With signs asking cars to pull over if a line is starting to form I believe more local traffic can get through smoother and quicker and less heated discourses will occur, resulting in a more pleasant time for all.

Thank you for your consideration!
