Subject: Letter of Support for EDB-52 - "100% Affordable Hana Housing Project" Grant

Aloha-

My name is Sassie Kalalau(Keaulana). I am from Hana, Maui and definitely feel that our community needs affordable housing. I am just one of the families out there, that has lived with the extended family under one roof, for my entire life. This is something our community really needs. Please support EDB-52. Thank you for taking the time to read my letter.
